- 2) Arrange for periodic evaluation of Apprentices’, review progress, and make recommendations as appropriate.
- 3) In general, be responsible for the successful operation of the program and the welfare of the Apprentices.

Responsibilities of the Apprenticeship Committee:

In either event, the Apprenticeship Committee or Sponsor must notify all Apprentices within fifteen (15) business days of the effective date that will deprive the Apprentices of their individual registration.

It must include the name, address, and telephone number of the Participating Employer or the Apprentice involved, and a brief description of the circumstances concerning the Standards of Apprenticeship or the Apprenticeship Agreement. The Apprenticeship Committee or Sponsor will have full authority to supervise the enforcement of these standards. Its decision will be final and binding on the Participating Employer and the Apprentice. Phone Number		E-mail Address		

The Participating Employer or the Apprentice shall be provided notification by the Apprenticeship Committee or Sponsor not less than five business days of the date of any proposed adverse action with stated opportunity for the Participating Employer or Apprentice during such period for corrective action.

SECTION IX – SUPERVISION OF APPRENTICES AND HOURS OF WORK – 6A-23.004(2) (i) FAC

No Apprentice shall work without adequate or proper supervision of a fully qualified Journeyworker who is responsible for making work assignments, providing On-the-Job Training, and ensuring safety at the worksite.

The adequate or proper supervision of an Apprentice does not mean the Apprentice must be within eyesight or reach of the Journeyworker, but that the Journeyworker knows what the Apprentice is working on; is readily available to the Apprentice; and is making sure the Apprentice has the necessary instruction and guidance to perform tasks safely, correctly, and efficiently.

Apprentices will generally work the same hours as fully proficient workers (Journeyworkers), except that no Apprentice will be allowed to work overtime if it interferes with attendance in Related Technical Instruction coursework.

SECTION X – ASSURANCE OF QUALIFIED TRAINING PERSONNEL – 6A-23.004(2) (n) FAC

Every instructor providing Related Technical Instruction to Apprentices must:

- 1) Meet the Department requirements for a career-technical instructor per Section 1012.55 F.S.; or

- 2) Be a subject matter expert, who is an individual recognized within an industry as having expertise in a specific occupation, as demonstrated by being a Journeyworker; or
- 3) Hold the licensure or certification required in the given occupation.

All instructors must have training in teaching techniques and adult learning styles, which must occur before the apprenticeship instructor has started to provide the Related Technical Instruction.

SECTION XI – APPRENTICESHIP AGREEMENT – 6A-23.004 (2) (k) FAC

The Apprentice and the Apprenticeship Committee or Sponsor shall sign an Apprenticeship Agreement which shall set forth the terms and conditions of employment and training and shall meet the requirements of and be registered with the Department.

Prior to signing the Apprenticeship Agreement, each selected applicant will be given an opportunity to read and review these Standards of Apprenticeship and any additional written rules and policies of the Sponsor. The Department must be notified within forty-five (45) days of the execution of each Apprenticeship Agreement.

SECTION XII – CREDIT FOR PREVIOUS EXPERIENCE – 6A-23.004(2) (l) FAC

The Apprenticeship Committee, Participating Employer, or Sponsor may grant credit toward the term of apprenticeship to new Apprentices. Credit will be based on demonstration of previous skills or knowledge equivalent to those identified in the occupation and in these Standards of Apprenticeship. The Department must be advised of any credit granted and the wage rate to which the Apprentice is advanced.

Apprentices or applicants seeking credit for previous experience must submit and furnish such records, affidavits, and other verifiable documentation such as, but not limited to, DD-214, education transcripts, industry certifications, etc. in order to substantiate the claim for credit.

The request for credit will be evaluated and a determination made by the Apprenticeship Committee, Participating Employer or Sponsor during the probationary period. Prior to completion of the probationary period, the amount of credit to be awarded will be determined after review of the Apprentice's previous work and training/education record and evaluation of the Apprentice's performance and demonstrated skill and knowledge during the probationary period. Notwithstanding compliance with the "Support for Veterans in Effective Apprenticeships Act of 2019", the decision to award, not award, or how much credit to award is at the sole discretion of the Apprenticeship Committee, Participating Employer, or Sponsor. An Apprentice granted credit will be advanced to the wage rate and Related Technical Instructional level commensurate with the amount of credit awarded.

The granting of credit for previous experience must be uniformly applied to all Apprentices. However, to ensure consistency within these Standards of Apprenticeship, the Department recommends that credit awarding procedures incorporate, at a minimum, the following basic requirements:

- A. It is highly recommended that no more than fifty percent (50%) of the Apprenticeship Program duration should be awarded, unless the Apprentice is transferring from another registered Apprenticeship Program in the same occupation.
- B. All credit granted of more than 1000 hours of on the job training will require an evaluation method that should include consideration of time worked in the specific or closely related occupation.

A variance to the uniformly applied credit awarding procedure may be granted when requested by the Apprenticeship Committee, Participating Employer, or Sponsor as long as the variance request does not undermine the quality of the apprenticeship training and the variance favors the Apprentice.

SECTION XIII – SAFETY AND HEALTH TRAINING – 6A-23.004(2) (i) FAC

All Apprentices will receive instruction in safe and healthful work practices both on the job and in Related Technical Instruction that are in compliance with the Occupational Safety and Health Administration standards promulgated by the Secretary of Labor under 29 U.S.C. 651 et seq., as amended, or state standards that have been found to be at least as effective as the federal standards.

SECTION XIV – TRANSFER OF AN APPRENTICE AND TRAINING OBLIGATION – 6A-23.004(2) (m) FAC

It shall be the duty and responsibility of the Apprenticeship Committee or Sponsor to provide, insofar as possible, continuous employment for all apprentices. Where it is impossible for one employer to provide the diversity of experience necessary

to give the apprentice total training experience in the various branches of the occupation, or where the employer's business is of such character as not to permit reasonable continuous employment over the entire period of apprenticeship, the Apprenticeship Committee or Sponsor shall have authority to transfer the Apprentice to another Participating Employer, who shall assume all the terms and conditions of these Standards and the Apprentice must receive full credit for satisfactory time and training earned.

Should an Apprentice be transferred from one registered apprenticeship program to another, the Apprentice must be provided a transcript of their completed related technical instruction as well as their completed on-the-job training from the originating Sponsor. The transfer of the Apprentice must be to the same occupation. The Apprentice must be cancelled from their originating Sponsor's program and a new Apprenticeship Agreement must be executed between the Apprentice and the subsequent program sponsor and registered with the Registration Agency.

SECTION XV – CERTIFICATE OF COMPLETION OF APPRENTICESHIP – 6A-23.004(2) (o) FAC

Upon satisfactory completion of the Apprenticeship Program by the Apprentice as established in these Standards of Apprenticeship, the Apprenticeship Committee or Sponsor will so certify to the Department and request the awarding of a Certificate of Completion of Apprenticeship to the completing Apprentice(s) issued by the Department.

THE FOLLOWING SECTIONS CAN ALSO BE FOUND IN THE APPROPRIATE EMPLOYER/OCCUPATION APPENDIX

SECTION XVI – TERM OF APPRENTICESHIP AND TRAINING APPROACH – 6A-23.004(2) (b) FAC

The term of the apprenticeship shall include an approximate, estimated length of the apprenticeship in hours and months (including the probationary period).

The apprenticeship training approach may include a time-based, competency-based, or hybrid-based approach. If the Sponsor employs the competency-based or hybrid-based approach, the apprenticeship training may incorporate a career lattice by issuing interim credentials as a pathway for the Apprentices to move vertically or horizontally through their apprenticeship training.

SECTION XVII – PROBATIONARY PERIOD – 6A-23.004(2) (h, s) FAC

Apprentices employed under these standards shall be subject to a probationary period which cannot exceed twenty-five percent (25%) of the length of the program or one (1) year, whichever is shorter. During the probationary period, the Apprenticeship Agreement may be terminated by either party upon written notice to the Department or appropriate Apprenticeship and Training Representative without cause. Any probationary Apprentice evaluated as satisfactory after a review of the probationary period will be given full credit for the probationary period and continue in the Apprenticeship Program. Cancellation during the probationary period will not have an adverse impact on the Program Sponsor's completion rates.

SECTION XVIII – RATIO OF APPRENTICES – 6A-23.004(2) (g) FAC

The Apprenticeship Committee, Sponsor, or Participating Employer shall establish a numeric ratio of Apprentices to Journeyworkers consistent with proper supervision, training, safety, and continuity of employment and provisions in collective bargaining agreements, except where such ratios are expressly prohibited by the collective bargaining agreements. It shall be the responsibility of the Apprenticeship Committee or Sponsor to ensure that the allowable ratio of Apprentices to Journeyworkers is consistently maintained in the program as a whole, by each Participating Employer, and on the job site.

The ratio of Apprentices to Journeyworkers is contingent on whether the occupation is in a construction or non-construction related industry. If the apprenticeable occupation is in a non-construction related industry, a variance may be requested by the Sponsor and approved by the Department.

SECTION XIX – QUALIFICATIONS AND SELECTION PROCEDURES – 6A-23.004(2) (j) FAC, 29 CFR § 30.10

The minimum qualifications required by a Sponsor for persons entering an Apprenticeship Program must have an eligible starting age of not less than sixteen (16) years. The Apprenticeship Committee or Sponsor may elect to require a minimum age above sixteen (16) years.

The Apprenticeship Committee, Participating Employer, or Sponsor (whichever is appropriate) may utilize any method for selection of Apprentices, provided that the selection method: 1) Complies with the Uniform Guidelines on Employee Selection Procedures (UGESP) (41 CFR part 60-3); 2) Is uniformly and consistently applied to all applicants and Apprentices; and 3) Complies with Title I of the ADA and EEOC's implementing regulations at Part 1630. The selection procedure must not screen out or tend to screen out an individual with a disability or a class of individuals with disabilities, on the basis of disability, unless the standard, test or other selection criteria, as used by the program Sponsor, is shown to be job-related for the position in question and is consistent with business necessity; and be facially neutral in terms of race, color, religion, national origin, sex, sexual orientation, age (40 or older), genetic information, and disability.

Veterans who have received discharges other than dishonorable discharges shall, if qualified, receive the same priorities given to registered preapprentices. Selection records must be kept for at least five (5) years. The Apprenticeship Committee, Participating Employer, or Sponsor (whichever is appropriate) may reinstate Apprentices previously registered within (2) years of their date of cancellation, without requiring the individuals to make application, meet minimum qualifications, and advance through the selection process.

SECTION XX – AFFIRMATIVE ACTION AND EQUAL OPPORTUNITY – 6A-23.004(2) (y) FAC, 29 CFR § 30.3, and 29 CFR § 30.4

The Apprenticeship Committee or Sponsor acknowledges that it will adopt an affirmative action plan in accordance with Florida's State Plan for Equal Employment Opportunity in Registered Apprenticeship Training.

The recruitment, selection, employment and training of Apprentices during their apprenticeship shall be without discrimination because of race, color, religion, national origin, sex (including pregnancy and gender identity), sexual orientation, genetic information, or because they are an individual with a disability or a person 40 years old or older.

SECTION XXI – WORK PROCESS AND RELATED TECHNICAL INSTRUCTION – 6A-23.004(2) (c, d) FAC

During the apprenticeship, the Apprentice will receive OJT in all phases of the occupation necessary to develop the skills and expertise of a skilled Journeyworker as outlined in the appropriate Employer/Occupation Appendix.

Every Apprentice is required to participate in Related Technical Instruction related to the occupation as outlined in the appropriate Employer/Occupation Appendix. A minimum of 144 hours (clock hours) of Related Technical Instruction is recommended for each year of the apprenticeship. Where an Apprentice is enrolled in a college credit course, a 3-credit course (lecture or lab credit hour) is recommended for each year of the apprenticeship.

SECTION XXII – APPRENTICE WAGE SCHEDULE – 6A-23.004(2) (e) FAC

Apprentices must be paid a progressively increasing schedule of wages based on the current established Journeyworker hourly wage rate. The Apprentice wage may not be less than thirty-five percent (35%) of the established Journeyworker wage rate during the first period and not less than seventy-five percent (75%) in the last period. In no event shall the Apprentice wage rate be less than the minimum wage prescribed by Federal or State Law.

Before an Apprentice is advanced to the next segment of training or to fully proficient or to Journeyworker status, the Sponsor will evaluate all progress to determine whether advancement has been earned by satisfactory performance in OJT and in RTI courses.

The established Journeyworker hourly wage rate shall be reviewed annually and amended when determined by the Apprenticeship Committee, Sponsor, or as per the collective bargaining agreement.

SECTION XXIII – PARTICIPATING EMPLOYER(S) – 6A-23.004(2) (w) FAC

The Participating Employer(s) shall sign a Participating Employer Agreement with the Apprenticeship Committee or Sponsor accepting the funding formula and all other requirements of these Standards of Apprenticeship, unless otherwise provided for in a collective bargaining agreement. The Apprenticeship Committee or Sponsor shall provide an executed copy of the signed Participating Employer Agreement(s) to the Department through the appropriate Apprenticeship and Training Representative.

The Apprenticeship Committee or Sponsor shall notify the Department, on a current basis, of any change in the status of each Participating Employer within the program.
