Our intention is to host the III Symposium on Educational Internationalization and Academic Mobility, an integral component of our sisterhood event slated for September 19-21, 2024.

Purpose of the Request: The purpose of this symposium is to further enhance the already vibrant educational, cultural, and governmental ties between the city of Doral, as a proud member of Miami-Dade County, and the city of Pereira, Risaralda. This event will serve as a platform for intellectual exchange, sharing best practices in education and governance, and fostering international collaboration. We aim to replicate and build upon the success of last year's event for sister cities Doral & Barranquilla, notably when one day was graciously hosted at this very Community Center.

Benefit to Doral Residents and/or City Staff: Hosting this symposium will bring substantial benefits to the residents of Doral and city staff by:

- Offering a firsthand experience of international diplomacy and cross-cultural exchange.
- Providing educational opportunities through exposure to global educational initiatives and practices.
- Enhancing the city's reputation as a hub for international dialogue and cooperation.
- Creating potential opportunities for local businesses and educational institutions through international partnerships.
- Promote the City of Doral as a City to come to Live, Work, Study and Play.
