Comments:

These programs are already available in the city and there are also many church organizations offering assistance as well as tasks. As a Venezuelan descendent myself, I've witnessed firsthand how these organizations operate and showing concrete metrics are not easy to achieve. Additionally, these organizations sometimes hire untrained personnel which could cause delays in processes.

Seems like this is a new program being offered  
with no concrete metrics. There are many  
programs like this one being offered.  
I've seen firsthand how some of these  
programs do not have the proper  
qualifications to provide legal assistance.
