## **Background**

In 2003, the City of Doral was incorporated, marking a significant milestone in our community's history. This achievement was made possible through the extraordinary efforts and numerous contributions of the City of Doral founders. Their dedication and hard work laid the foundation for what has become a vibrant and growing city.

Over the years, these individuals have continued to support the growth and development of Doral, ensuring its prosperity and enhancing the quality of life for all residents

The original request form submitted highlights the ongoing commitment of these individuals to our city. Their contributions include but are not limited to:

- Leading the incorporation efforts in 2003
- Providing continuous support for city development projects.
- Participating in various community initiatives and events.
- Offering guidance and expertise to city leaders and residents.

**Fiscal Impact:**

Awarding the Keys to the City is a symbolic gesture and does not entail any direct financial expenditure. The cost associated with creating and presenting the keys will be minimal and can be accommodated within the current city budget for community recognition and awards.

**Recommendation:**

In light of the exceptional contributions and dedications to the City of Doral, it is recommended that the City Council approve the request to award the Key to the City to the City of Doral Founders. This recognition will not only honor their past achievements, but also encourage continued community engagement and support for future city initiatives.
