Item Description Good morning, My name is Rocio De Maio with The Women's Fund Miami-Dade, and I am reaching out because we are conducting a research study on gun violence and firearms-related incidents. As part of our analysis, we require detailed data on such incidents, specifically disaggregated by gender. If possible, we would also like the data to be disaggregated by race and ethnicity, as well as the incident address and weapon type. However, if this additional information is not available, data disaggregated by gender alone will suffice. We are seeking records from the years 2018 to 2023. Thank you for your time and cooperation. I look forward to your response. Best regards, Rocio.		Department Police	Status Pending Information	Delivery Date

		Dear Doral Police Department, In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (a.k.a. the "Clery Act"), University of Texas at San Antonio is required to annually request crime statistics from local law enforcement agencies with jurisdiction over some or all of the property that comprises the institution's campus, in or on certain off-campus buildings or property owned or controlled by the institution or a recognized student organization, and on public property within or immediately adjacent to and accessible from the campus. In compliance with this requirement, I respectfully request that you provide me with crime statistics from the 2023 calendar year for the below listed crimes for the locations specified in the "Geographic Locations" section of this letter. It would be very helpful to me if you could provide me with a list that includes, for each requested crime category, the following: the date on which the crime occurred, the date on which the crime was reported to your agency, the applicable crime category/classification, the specific location of each reported crime (such as a street address or block number), and any case, incident, call, or report number applicable to the crime report. Inclusion of this information will allow me to determine whether the crimes you identify from your agency's records are reportable in accordance with Clery Act standards, and to follow-up with you about specific crime reports, if required. If you do not have any of the identified crimes to report for these years or locations, or you are otherwise unable to provide the requested information specific to the crime categories and locations requested, I would appreciate you notifying me by return email. Specifically, I am requesting crime statistics for the following crime categories: Murder/Non-Negligent Manslaughter Manslaughter by Negligence Rape Fondling Incest Statutory Rape Robbery Burglary Aggravated Assault Motor Ve	Police	Pending Information

	I am asking about code case detailed report code 2406-21425. On June 28 inspector Dariel Porras came to Doral Isles because of a complaint received from council persons office about the new restaurant Craft that is working at Doral Isles. I have lived in Doral Isles for 15 years and we have always had alcohol served at the restaurant. Doral Isles address is 6450 NW 110ave. I would like to know why now after 15 years did City of Doral come to tell us there is a problem. I called the office today and they said if I send an email per Florida law I can find out why and who started the complaint. Please send me the info of the persons name and address of who started the complaint.	Code Enforcement	Completed	7/8/2024

		I am writing again to request the name and last name of the individual(s) who have been calling to request inspections of our association operations at Doral Isles. According to Florida Statute 162.21(3)(b), code enforcement action cannot be initiated based solely on anonymous complaints, and the name of the complainant must be provided. For your reference, the statute states: "A code inspector or code enforcement officer may not initiate an investigation of a potential violation of a duly enacted code or ordinance by way of an anonymous complaint. A person who reports a potential violation must provide his or her name and address before an investigation occurs." In light of this requirement, I kindly request that you provide the necessary information regarding the complainants who have initiated recent inspections. This will ensure transparency and compliance with state law. Regardless of whether these inspections have been request by "Council persons" as stated in your last report. This is simply not sufficient as there are 4 Council members. The state statue was initiated for full transparency, and so Code Compliance cannot be Weaponized. Therefore stating council persons is not meeting the spirit of this legislation.	Code Enforcement	Completed	7/8/2024

Good Afternoon, I'm an FBI agent with the Palm Beach County Resident Agency. I'm working with the Boca Raton Police Department to investigate the 12 December 2007 double homicides of mother and daughter Nancy and Joey Bochicchio at the Boca Raton Town Center Mall. I am gathering information about broadly similar crimes that may have occurred in the South Florida region in the years preceding the homicides. I would be greatly appreciative if you could provide to me the primary narratives for any robberies you may have had in your jurisdiction that meet the following criteria: - Occurred in 2006 or 2007 - Involved the use of a semi-automatic handgun AND involved the use of zip-ties or handcuffs. The age of the requested cases may make it difficult to identify specific cases matching these criteria, but any amount of your assistance in identifying these cases would be helpful to ensuring that no stone is left unturned.
