Attached is the completed performance evaluation survey from the City of Oakland Park. I also typed out the response to Question #9 in case my handwriting is difficult to read.

Question #9: The work completed for the Christmas light installation was performed in a professional and timely manner. The team demonstrated strong attention to detail, quality workmanship, and a commitment to ensuring the final product enhanced the appearance of the facility. Their performance reflected reliability, resourcefulness, and a willingness to address needs as they arose. Overall, the installation was completed successfully and contributed positively to the holiday atmosphere for the community.

Thank you
