

Madrid, March 9, 2024

Mrs.
Christi Fraga
Mayor of the City of Doral

Dear Mayor Fraga,

We at **AGM Art Group** are pleased to contact you to discuss the progress of the public sculpture project for the City of Doral (**Doral is ART, DiART**).

We have held several meetings with Mr. Lee Casey of **CODINA PARTNERS GROUP**, who has told us that this is a project that they consider very attractive due to its characteristics (first class Latin American public art) and informed us of the company's intention to support the Doral sculpture promenade, since it will offer an important boost to the enjoyment of art in that thriving city.

It is a sculpture promenade of up to twelve sculptures of urban scale of excellent Ibero-American artists that will shape this great cultural festival, and we would be very pleased if the Doral Mayor's Office would carry out this project of strong public impact, in a leading role.

This public exhibition includes various cultural experiences around it, involving the community and visitors to El Doral in various events including conferences, tours and various exhibitions with experts in the area of art and architecture to bring to the general public this world of art for their enjoyment and cultural education, since one of our objectives is to promote knowledge and enjoyment around culture.

Of special importance will be the children and young people who will also be involved in tours along the exhibition circuit, with the guide of the artists and curators of the project themselves, trying to encourage attention to art as a means of personal growth and enjoyment.

At **AGM Art Group** we consider art as an excellent tool to transform and develop society and a way to integrate the community and encourage its interaction and growth. We are honored to be able to develop this project for the city of El Doral, which is in a perfect moment to involve art in its public spaces and give this large-scale gift to the community for two months (Extendable).

Our team, made up of professionals around curatorship and cultural management, has an outstanding track record for the development of this type of urban public exhibitions, and will feel very honored to be able to contribute to the promotion of art in El Doral.

We are also inviting other allies and sponsors to this great cultural festival. We consider it vital to count on the participation and support of the Mayor's Office of El Doral in a project of this type that involves public areas and will benefit in multiple ways the commerce of the area and in general the residents and visitors to this important community.

We are open to listening to any concerns and work together to carry out this wonderful gift for the community of El Doral.

Attached you can find videos of the most recent experience developed by AGM Art Group as cultural managers in the city of Madrid, called Madrid Luxury Art.

Sincerely yours,

Alejandra Urdaneta Phone +1 (786) 757-1838. Madrid
