

CITY OF DORAL COUNCIL MEETING MEMORANDUM

ITEM TITLE:

A RESOLUTION OF THE MAYOR AND THE CITY COUNCIL OF THE CITY OF DORAL, FLORIDA, AUTHORIZING THE CITY MANAGER TO ACCESS OMNIA CONTRACT R220702 PURSUANT TO SECTION 2-322 OF THE CITY'S CODE OF ORDINANCES, FOR THE MIGRATION OF THE CITY VIDEO MANAGEMENT SYSTEM AND LICENSES WITH INTEGRATED SERVICES SYSTEMS (ISS); AUTHORIZING THE CITY MANAGER TO EXPEND BUDGETED FUNDS; PROVIDING FOR IMPLEMENTATION; PROVIDING FOR INCORPORATION OF RECITALS; AND PROVIDING FOR AN EFFECTIVE DATE

DEPARTMENT RECOMMENDATION:

Approval

BRIEF HISTORY:

The City currently operates two separate video management systems, one of which is outdated and no longer supported by the vendor. To ensure continued reliability, security, and maintainability, the cameras connected to the unsupported system will be migrated to the existing, supported platform currently used for the intersection cameras and the newly implemented park camera system.

Consolidating both systems under a single video management solution will enhance operational efficiency and simplify system administration. The current unsupported system poses challenges due to limited compatibility with modern hardware and software updates. By migrating all city facility cameras to the supported platform, the City will benefit from improved system stability, centralized management, and streamlined licensing.

The consolidated platform offers enhanced scalability, secure remote access, advanced analytics, and improved video retention and sharing capabilities. These features will strengthen the City's ability to manage video assets across departments efficiently and support both daily operations and critical incident response.

It's important to note that Section 119.0725 (b) of the Florida Statutes creates a public records exemption related to cybersecurity. Specifically, the statute makes confidential and exempt from public record requirements any information related to critical infrastructure. Additionally, any portion of a meeting that might reveal such information is also exempt from public meeting requirements. See Section 119.0725(3), Florida Statutes.

STRATEGIC PLAN ALIGNMENT:

This project directly supports the city's public safety strategic goal by modernizing technology infrastructure that enhances situational awareness, security, and response capabilities. A unified, reliable video management system ensures that public spaces and facilities are better monitored, contributing to a safer community and supporting the City's commitment to leveraging technology to improve public safety.
