### **Proposal for “Kids at Music” Camp Programs 2025 at Doral Glades Park**

“Kids at Music” is excited to offer a unique and inclusive summer camp experience for children and young adults with special abilities, ages 7 and up, at Doral Glades Park in the summer of 2025. Our program combines art, music, and cooking activities to encourage creativity, develop fine and gross motor skills, and foster social interaction within the community.

At “Kids at Music”, we believe that learning is most effective when it’s fun! Our goal is to provide a supportive and stimulating environment where children and adults of all abilities can explore their creative potential. By tailoring our lessons to each participant’s age and individual learning stage, we ensure that every activity is both enjoyable and enriching.

Our hands-on approach empowers participants to enhance their artistic and musical abilities while improving key cognitive functions such as concentration, memory, attention, and coordination. Beyond creativity, the program promotes social development by encouraging communication, teamwork, and interaction with peers.

Our Fine Arts education program goes beyond creative expression—it nurtures self-esteem, problem-solving abilities, and a sense of responsibility. Through music, art, and cooking, participants not only gain cultural awareness but also improve academic performance and develop essential motor skills. ### **Our Trainers**

At “Kids at Music”, our team of teachers and staff is highly experienced and specializes in working with individuals with diverse abilities. Each member of our team undergoes thorough training in accordance with the guidelines set by the Agency for Persons with Disabilities (APD). All trainers undergo an extensive screening process, including a Level 2 Background Check, Local Criminal Records Check, APD Affidavit of Good Moral Character, and Employment History Checks. We are dedicated to providing a safe, supportive, and nurturing environment for all participants.
