Mr. Alexander Magrisso
Interim Planning & Zoning Director
City of Doral
8401 NW 53 Terrace, 2nd Floor
Doral, Florida 33166

**Re: Letter of Intent for Site Plan Approval Application for Residential Site No. 1
(the “Application”) / Miami International Mall Redevelopment / Greystar
Development East, LLC**

Dear Mr. Magrisso,

This Letter of Intent is submitted on behalf of Greystar Development East, LLC (the “Applicant” or “Greystar”), in connection with the **westerly ±7.327 acres** (319,162 square feet) of that certain parcel of land located at 1625 NW 107 Avenue and further identified by Miami-Dade County Tax Folio Number 30-3032-008-0050 (the “Property” or “Residential Site No. 1” or “Site 1”), within the municipal limits of the City of Doral, Florida. For reference purposes, the general boundaries of the Property area subject to this Application are outlined in blue within the overall folio boundary, while the remaining folio boundary that is not subject to this Application has been outlined in green:

Request. The Applicant respectfully requests approval of a site plan application to permit the redevelopment of Site 1 — the former Sears anchor location — into a thoughtfully designed, 292-unit multifamily residential community comprising three architecturally cohesive buildings (the “Project”). This Application is submitted concurrently with eight companion applications necessary to establish the regulatory and planning framework for the broader redevelopment of this portion of Miami International Mall:

1. A Comprehensive Plan Text Amendment to create the “Mall Mixed Use” designation to permit residential development as applied to the proposed “Mall Mixed Use” Zoning District.
2. A Future Land Use Map Amendment to redesignate the Property from “Business” to “Mall Mixed Use.”
3. A Land Development Code Amendment to create the Mall Mixed Use District.
4. A Zoning Map Amendment to rezone the Property into the “Mall Mixed Use” Zoning District.
5. Site Plan Approval to allow the development of a multifamily residential project on the Property (Site 2), which adjoins the west side of Site 1.
6. A Modification to the Miami International Mall Consolidated Development of Regional Impact (“Miami International Mall Consolidated DRI”) Development Order to permit residential development within Miami International Mall.
7. The Administrative Release of a Declaration of Use recorded in Official Records Book 17735, Page 3022, which restricted the use of a portion of the Property to a limited automobile service center.
8. A Partial Release of the Declaration of Restrictions recorded in Official Records Book 10619, Page 1984 of the Public Records of Miami-Dade County, Florida.
9. A Modification of the Declaration of Restrictive Covenants recorded in Official Records Book 11212, Page 1613 of the Public Records of Miami-Dade County, Florida.

Project Vision and Community Context. The Project represents a once-in-a-generation opportunity to reimagine underutilized retail space at Miami International Mall as a vibrant, design-forward residential community — one that breathes new life into a beloved South Florida landmark while delivering the kind of activated, mixed-use destination that modern urban communities demand. Greystar, one of the world’s leading multifamily developers, brings to this Project a proven track record of transformative residential development and a genuine commitment to quality, sustainability, and community integration.

Miami International Mall has served as a cornerstone of the Doral community for decades. Yet like many regional malls across the country, it now faces the structural shifts that have transformed brick-and-mortar retail. Rather than resist these forces, the Applicant embraces them — proposing a forward-looking, mixed-use redevelopment that honors the mall’s legacy while securing its long-term relevance and vitality.

The Project’s introduction of 292 new residences at a location with unmatched connectivity and access to employment, retail, dining, and entertainment — all within the City of Doral, one of South Florida’s most desirable and fastest-growing communities. The Project delivers the kind of

high-quality, professionally managed rental housing that Doral residents and workers are actively seeking, helping to address a regional need while generating meaningful economic activity, employment, and tax base for the City.

Comparable transformations are well underway across South Florida. The Shops at Sunset Place in South Miami and Southplace City Center (formerly Southland Mall) in Cutler Bay have both introduced significant residential components as part of integrated, mixed-use redevelopment strategies — and have emerged stronger for it. Miami International Mall is well-positioned to follow this trajectory and this project is the catalyst.

Miami International Mall is already in transition. The forthcoming Elev8 Fun family entertainment center, which will occupy approximately 110,000 square feet of the former Kohl's building, signals a deliberate pivot toward experiential tenancy. The Project accelerates and complements that evolution — bringing residents who will patronize the mall's shops, restaurants, and entertainment venues on a daily basis and whose presence will sustain and strengthen the commercial ecosystem for decades to come.

Project Description. The Project will consist of three (3) architecturally cohesive multifamily residential buildings totaling approximately ±334,602 square feet across the ±7.33-acre site. The building program includes one five-story building and two six-story buildings, together delivering 292 dwelling units — 130 units in the five-story building, and 84 and 78 units respectively in the flanking six-story structures. The unit mix encompasses one-, two-, and three-bedroom configurations designed to serve a diverse range of residents.

The Project has been designed with an emphasis on livability, open space, and the seamless integration of indoor and outdoor amenities:

- Primary pool and courtyard at the heart of the Project, flowing directly into a 7,488-square-foot indoor amenity space within the principal residential building.
- Secondary courtyard with a shade pavilion situated between the eastern buildings, creating a layered sequence of outdoor gathering spaces.
- Dedicated dog park along the southern edge of the site.
- Approximately 2.24 acres of landscaped open space providing passive and active recreation, with outdoor seating areas, grilling stations, and shaded courtyards throughout.
- Direct pedestrian access to Miami International Mall from the south side of the Project, integrating the residential community with the mall's shops and services.

In total, the Project delivers thirty one percent (31%) open space — nearly double the minimum required — across 97,467 square feet of thoughtfully programmed outdoor environments. Parking is provided at a ratio of 1.5 spaces per unit, yielding 444 spaces where 438

are required, with gated residential parking areas that remain distinct from the mall's commercial parking area.

The residential buildings are positioned along the north side of the mall, a deliberate design decision that preserves the retail prominence and commercial visibility of Miami International mall along NW 107 Avenue and NW 12 Street — the mall's primary commercial frontages. This configuration ensures that the residential component integrates thoughtfully without compromising the mall's retail identity or the customer experience of its commercial tenants.

Master Development Agreement. The Project is governed by the Master Development Agreement ("MDA"), which establishes the comprehensive planning and entitlement framework for a three-site residential program comprising up to 896 dwelling units across approximately 25.612 acres of the mall's property. The MDA's approved Conceptual Master Site Plan governs overall layout, density distribution, building heights, and development parameters across all residential sites, ensuring consistency with the City's Comprehensive Plan, Land Development Regulations, and, more specifically, the Mall Mixed Use zoning district.

A foundational principle of the MDA is site independence. Each Residential Site functions as an autonomous development parcel — with its own approvals, obligations, and construction timeline — allowing projects to proceed without dependency on the status or performance of the other sites. This structure provides both regulatory clarity and development flexibility ensuring that Site 1's path to permitting and construction is not contingent on activity at Sites 2 or 3.

For Site 1 specifically, the MDA provides the following critical protections and assurances:

- A concurrent, independent Site Plan authorizing up to 292 multifamily dwelling units in buildings not exceeding six stories (i.e., this Application).
- Confirmation that Site 1 satisfies all applicable concurrency requirements, allowing the approved Site Plan to advance directly to permitting and construction.
- Site-specific infrastructure, impact fee, transportation, and construction security obligations — none of which are affected by the obligations or performance of the other residential sites.

Together, the MDA and the Site 1 Site Plan create a fully entitled, stand-alone development opportunity — one that delivers long-term certainty for the City, the property owner, and the surrounding community.

Zoning and Land Use Consistency. The Property is currently designated "Business" under the City of Doral Comprehensive Plan and zoned Commercial Corridor District. The concurrent applications seek to redesignate and rezone the Property to the Mall Mixed Use land use designation and Mall Mixed Use zoning district, respectively.

The Project is fully consistent with the uses and development standards contemplated by the Mall Mixed Use designation — a framework specifically designed to encourage the adaptive

reuse and revitalization of aging retail centers. The nationwide decline of traditional department-store anchors has created a unique and time-sensitive opportunity to reposition underutilized commercial square footage with active, complementary uses that support long-term commercial vitality. The Project is precisely the type of project this designation was designed to enable.

By situating high-quality residential development within the footprint of the former Sears anchor, the Project maximizes the productive use of land that would otherwise remain dormant, generates new demand for the mall's existing and future tenants, and contributes to the long-term financial health of this critical community asset.

Vehicle Trips, Access, Circulation, and Infrastructure. The Project is expected to decrease the amount of daily and PM peak hour traffic generated by the existing commercial development currently constructed on the Property. However, the Project will only slightly increase the amount of AM peak hour traffic generated by the existing commercial development on the Property by 65 net new trips. Vehicular access to the Project will be provided through the mall's existing internal and private perimeter road, which connects to the surrounding public street network via multiple established access points. Internal circulation has been designed to safely and efficiently accommodate resident vehicles, service vehicles, and emergency access without impacting mall traffic patterns.

Residential parking areas will be gated and clearly delineated from the mall's parking, maintaining a distinct and secure environment for residents. Pedestrian connectivity was carefully considered throughout the site design, with pathways linking parking areas to building entrances, common amenity spaces, and adjacent sidewalks — as well as direct pedestrian access to the mall.

The Project will connect to public water and sewer infrastructure provided by the Miami-Dade Water and Sewer Department. All applicable concurrency and infrastructure requirements will be satisfied, and the proposed development will not adversely impact public facilities or services.

Landscaping and Environmental Stewardship. Perhaps no single aspect of the Project more powerfully illustrates the transformative nature of this project than its landscape program. Where asphalt parking fields and the footprint of the former Sears department store once defined this corner of the mall property, a richly layered, South Florida-native landscape will take their place — one designed not merely to satisfy code requirements, but to genuinely delight residents, visitors, and the surrounding community for generations.

The Project's 2.24 acres of landscaped open space — totaling 97,467 square feet, nearly double the minimum required — will be planted with 219 canopy trees and palms selected for their beauty, longevity, and ecological value. The landscape palette is anchored by 96 majestic Live Oaks (*Quercus virginiana*), whose broad, sweeping canopies will deliver generous shade across courtyards, pedestrian pathways, and gathering areas from day one of occupancy — and will only grow more magnificent with each passing decade. Complementing them are eleven (11) Gumbo Limbos (*Bursera simaruba*), beloved Florida natives recognizable by their smooth, copper-toned bark, and fifteen (15) stately Mahogany trees (*Swietenia mahagoni*), whose dense tropical canopy has shaded South Florida neighborhoods and civic spaces for centuries. Nineteen (19)

Buttonwoods (*Conocarpus erectus*) — another South Florida native and a mainstay of coastal landscapes — will anchor the shrub and buffer zones throughout the site.

Color and seasonal drama are woven throughout the design. Five (5) Pink Trumpet Trees (*Tabebuia heterophylla*) will erupt in vivid blossoms each spring, creating striking focal points that mark the entries and pedestrian nodes across the site. Three (3) Golden Shower Trees (*Cassia fistula*) will contribute cascading yellow blooms to the palette, while a pair of fragrant Ylang-Ylang trees (*Cananga odorata*) and three (3) Queen's Crape Myrtles (*Lagerstroemia speciosa*) complete an ensemble of flowering specimens that will signal each new season with color and texture visible from both within the community and from the mall's surrounding ring road.

The palm program brings an unmistakably South Florida character to the project. Forty-one (41) native Sabal Palmettos — Florida's state tree — will be planted throughout, their resilient forms evoking the landscape heritage of this region. A pair of iconic Royal Palms (*Roystonea regia*) will serve as landmark specimens at key arrival points, their towering silver trunks and feathery crowns immediately signaling a sense of place and permanence. Sixty-one (61) Solitaire Palms and seventy (70) Sunshine Palms provide rhythmic mid-story elegance along walkways and courtyard edges, while a selection of Blue Latan, Alexander, and Foxtail Palms contribute variety and visual sophistication throughout the landscape composition.

At the understory and ground plane, thousands of shrubs, groundcovers, and accent plants complete the picture. Red Tip Cocoplum (*Chrysobalanus icaco*), Wild Coffee (*Psychotria nervosa*), Compact Simpson's Stopper (*Myrcianthes fragrans*), and Dwarf Yaupon Holly (*Ilex vomitoria*) — all Florida natives — form the backbone of the shrub palette, providing habitat value and year-round color. Beds of Plumbago, Ixora, and Green Island Ficus define the edges of pedestrian paths and create lush, layered transitions between buildings and open space. Wax Jasmine and Boston Fern soften hardscape edges, while Bromeliad accents and Rojo Congo Philodendron bring tropical richness to the pool and courtyard areas. In all, over sixty-three percent (63%) of the canopy trees and more than fifty-one percent (51%) of the palms are Florida natives — a commitment to ecological authenticity that goes well beyond what is required.

All plant material will be Florida Grade No. 1 or better, irrigated by a fully automatic system providing 100% landscape coverage, and installed in accordance with the City's requirements. The overall landscape commitment is straightforward: where asphalt and a vacant retail anchor once stood, the Project will leave behind a thriving, shaded, ecologically rich outdoor environment that enhances the character of this community for decades to come. An illustrative landscape plan for the Project is provided below for reference purposes:

Conclusion. The Project is more than a residential project — it is a community investment. It will bring 292 high-quality homes to one of South Florida’s most dynamic and well-connected urban centers, introduce hundreds of new residents who will support the long-term viability of the Mall, and demonstrate that adaptive reuse done thoughtfully can strengthen an entire community’s identity and economic foundation.

The Project complies with all applicable regulations, is fully consistent with the proposed Master Development Agreement, and advances the City’s vision for the intelligent, sensitive revitalization of Miami International Mall. Greystar is a committed partner in this effort and will continue to work collaboratively with City staff and the community throughout the review process to ensure an outcome that the City can be proud of.

Accordingly, we respectfully request the City's favorable review and approval of the submitted Site Plan Application and its companion applications. Should you have any questions or require additional information, please do not hesitate to contact me at (305) 376-6008.

Respectfully submitted,

GUNSTER

- E. DATE SUBJECT PROPERTY WAS ACQUIRED October 10, 2024

APPLICANT'S REQUEST:

Specify in full the request. (Use a separate sheet of paper if necessary.)

Site Plan for the east side of the subject folio. Please see the letter of intent included as part of this application.

LETTER OF INTENT

Explain purpose of application, benefit(s) in the change and reasons why this application should be approved. Specify the exact nature of the use or operation applied for, together with any pertinent technical data, which will clarify the proposal. (Use a separate sheet of paper if necessary.)

Please see the letter of intent included as part of this application.

Is this application the result of a Notice of Violation or deviation from approved plans? ☐ Yes ☒ No

Are there any existing structures on the property? ☒ Yes ☐ No

If so, what type? (CBS, Frame, Frame-Stucco, Wood, Other) CBS

Any applications that involve an existing building must provide copy of the approved plans, plat, site plan approval or any prior zoning history. Plans that are not filed with this application will not be considered by the City of Doral.

All data and exhibits submitted in connection with this application become a PERMANENT PART OF THE PUBLIC RECORDS OF THE CITY OF DORAL.

The following enclosures where applicable MUST BE ATTACHED to complete the application:

- A. ☐ **SURVEY OF PROPERTY**: For vacant or improved property. Must be no more than one year old and sealed by a registered land surveyor. The Building and Planning Department may require a more recent survey if a site visit indicates any discrepancies. Survey must include, where applicable, lot lines, all structures, walls, fences, landscaping, and all physical improvements. All existing trees must be shown.
- B. ☐ **SITE DEVELOPMENT PLAN**: Where applicable, plans shall show location and elevations of existing and proposed buildings, proposed additions, alterations and use of each; all dimensions of buildings and space between buildings; setbacks from property lines; proposed and existing off-street parking showing lined spaces, driveways, handicap spaces, compact spaces; a landscape plan that complies with the City of Doral Landscape Ordinance showing location of existing and proposed vegetation, landscaping (i.e. trees and hedges), number, height and species type. The plan shall also show wall and fence height, location and material. Prior ASPR or Site Plan Approval Resolution and plans must be submitted.
- C. ☐ **LETTER OF INTENT**: A letter of intent must be filed explaining in detail the history of the property, prior approvals and the extent of the proposed project. Show how code criterion is met. Signature and address must be shown.
- D. ☐ **OTHER GOVERNMENTS/AGENCIES ENDORSEMENTS**: All applicable DERM, Miami-Dade Fire Department, or the Miami-Dade Water and Sewer Department's endorsement must be submitted.
- E. ☐ **OWNER'S AFFIDAVIT**: Owner's affidavit allowing the filing of an application is required on all applications where the applicant is not the owner of the property under consideration; same form allows posting of property.
- F. ☐ **TRAFFIC STUDY**: A detailed traffic analysis considering the impacts of the proposed development on current level-of-service (LOS) standards in abutting (or nearby) roads and intersections.

NOTE: SURVEYS, SITE DEVELOPMENT PLANS, LANDSCAPE PLANS MUST BE SUBMITTED AT STANDARD PLAN SIZE. AN APPLICATION WILL NOT BE CONSIDERED COMPLETE UNLESS 6 COPIES (AND A PDF) OF THE APPLICATION AND SUPPORTING DOCUMENTATION (FRONT AND BACK), APPROPRIATE PLAN DRAWINGS AND SURVEYS ARE SUBMITTED.

In support of this request, I submit the following additional items, which are attached hereto and made a part of this application:

- ☐ 35 MM Photo(s) (Mounted 8 1/2 x 11)
- ☐ Letters from Area Residents
- ☐ Other _____

Please check only one of the following options:

☐ FOR CITY COUNCIL PURPOSES

I/We understand that additional public hearings may be required and any interested person may discuss the application with City staff to the same extent as the applicant. The application may change during the hearing process and additional public notices may affect the schedule of the hearings. If my/our appeal is denied, I/we must file an appeal to the Circuit Court within 30 days of the meeting.

PUBLIC HEARING ADMINISTRATIVE REVIEW APPLICATION

OWNER AFFIDAVIT

I/We EWE RETAIL II LTD, a Florida limited partnership as Owner (s) of Lot (s) a portion of Tract ABlock _____ Section _____ PB/PG 117/84of property which is located at 1625 NW 107 Avenue, Miami, Florida
desire to file an application for review before the City, I/We do understand and agree as follows:

1. That the application for public hearing will not be heard unless the applicant is present at the hearing.
2. The property will be posted with a sign, which must not be removed until after the public hearing, at which time the City staff will remove the sign. The applicant will be responsible for advertising the application and sending the mail out per the notification requirements of the City Code.
3. That the requirements of the Municipal Code, Miami-Dade County Ordinances, the Florida Building Code (FBC), and other government agencies may affect the scheduling and ability to obtain/issue a permit for the proposal.
4. That the only exceptions to the City's Land Development Code (LDC) are those that have been specified in the written application (via variance application) and any other code or plan issues will be corrected by modifying the plans to comply with the respective codes and ordinances of the City of Doral or Miami-Dade County ordinances.
5. That the applicant will be responsible for complying with all the conditions and restrictions imposed by the City Council or City Staff in connection with the request and will take the necessary steps to make the request effective if approved by the City Council or City Staff.
6. That it is the responsibility of the applicant to submit a complete application with all of the documents necessary for the City Council or City Staff to consider the applicant's request.
7. That the applicant is responsible for timely submission and accuracy of all items requested on the application. Any information submitted less than 45 days prior to a public hearing will result in being postponed to the next available hearing date. Legislative items must have all requested items submitted 30 days prior to hearing.
8. That the applicant is responsible for any additional fees which include but are not limited to mailing notices to surrounding property owners, advertising, outside consultant reviews, legal fees, surveys, and technical reports.

I/We as the owners of the subject property (check one):

☒ do hereby authorize James Williams Jr., Esq. and Gunster, Yoakley, Stewart, P.A. on behalf of Greystar Development East, LLC as the applicant to act on my/our behalf as the applicant.

☐ will on my/our own behalf act as applicant(s), and make application in connection with this request for a public hearing administrative review before the City Council or City Staff.

LEGAL DESCRIPTION

RESIDENTIAL SITE 1

A PARCEL OF LAND LOCATED WITHIN SECTION 32, TOWNSHIP 53 SOUTH, RANGE 40 EAST, LYING AND BEING IN DADE COUNTY, FLORIDA AND FURTHER BOUNDED AND DESCRIBED AS FOLLOWS:

BEGINNING AT A PIPE IN CONCRETE MARKING THE SOUTHWEST CORNER OF SAID SECTION 32, THENCE N 1° 43' 15" W, ALONG THE S 0° 00' 00" E, A DISTANCE OF 385.69 FEET TO A POINT; THENCE S 0° 00' 00" E, A DISTANCE OF 2844.15 FEET TO A POINT; THENCE N 89° 38' 52" E, A DISTANCE OF 1228.85 FEET TO THE PRINCIPAL POINT AND PLACE OF BEGINNING OF THE FOLLOWING DESCRIPTION:

THENCE DUE EAST, A DISTANCE OF 126.80 FEET TO A POINT; THENCE S 00° 00' 45" E, A DISTANCE OF 76.50 FEET TO A POINT; THENCE S 65° 43' 08" E, A DISTANCE OF 34.06 FEET TO A POINT; THENCE S 0° 00' 00" E, A DISTANCE OF 392.59 FEET TO A POINT; THENCE S 46° 17' 29" W, A DISTANCE OF 21.48 FEET TO A POINT; THENCE N 45° 00' 00" W, A DISTANCE OF 101.91 FEET TO A POINT; THENCE DUE WEST, A DISTANCE OF 196.89 FEET, TO A POINT; THENCE S 45° 00' 00" W, A DISTANCE OF 171.28 FEET TO A POINT; THENCE N 45° 00' 00" W, A DISTANCE OF 413.50 FEET TO A POINT; THENCE S 45° 00' 00" W, A DISTANCE OF 342.12 FEET TO A POINT; THENCE N 45° 00' 00" W, A DISTANCE OF 80.63 FEET TO A POINT; THENCE N 45° 00' 00" E, A DISTANCE OF 342.12 FEET TO A POINT; THENCE N 38° 11' 22.8" E, A DISTANCE OF 75.89 FEET TO A POINT; THENCE 287.04 FEET ALONG AN ARC TO THE RIGHT, HAVING A RADIUS OF 340.00 FEET AND A CHORD OF 280.22 FEET, BEARING N 67° 30' 00" E TO THE PRINCIPAL POINT AND PLACE OF BEGINNING.

SURVEYOR'S NOTES

- FIELD SURVEY WAS COMPLETED ON: APRIL 29, 2025 AND UPDATED ON SEPTEMBER 23, 2025.
- LEGAL DESCRIPTION WAS PROVIDED BY THE CLIENT.
- SUBJECT PROPERTY AREA: RESIDENTIAL SITE 1 (SEARS SITE) 319,277 sq.ft. (7.330 Acres)
- BEARINGS BASED ON AN ASSUMED BEARING OF EAST ALONG THE NORTH LINE OF SUBJECT PROPERTY SITE #1.
- DISTANCES ALONG BOUNDARY LINES, AS SHOWN HEREON, ARE RECORD AND/OR MEASURED UNLESS OTHERWISE NOTED.
- INTERIOR LOT LINES, AS SHOWN HEREON, ARE FOR INFORMATIONAL PURPOSE ONLY, UNLESS OTHERWISE NOTED.
- UNDERGROUND FOOTINGS, FOUNDATIONS AND HAVE NOT BEEN LOCATED AT THE TIME OF THIS SURVEY, UNLESS OTHERWISE NOTED.
- ABOVEGROUND AND/OR VISIBLE UTILITIES HAVE BEEN LOCATED AT THE TIME OF THIS SURVEY, UNLESS OTHERWISE NOTED.
- SUBJECT PROPERTY HAS A DIRECT PHYSICAL ACCESS TO AND FROM PERMANENT ACCESS EASEMENT.
- THE SURVEYOR DOES NOT DETERMINE FENCE AND/OR WALL OWNERSHIP.
- THERE IS A GAP BETWEEN PARCEL 4 AND PERMANENT ACCESS EASEMENT.
- THIS BOUNDARY SURVEY IS SUBJECT TO EASEMENTS, RIGHTS-OF-WAY AND OTHER MATTERS THAT MIGHT BE REFLECTED ON A SEARCH OF TITLE OF THE SUBJECT PROPERTY.

PROPERTY INFORMATION

RESIDENTIAL SITE 1

- PROPERTY ADDRESS: 1626 NW 107th AVE
CITY OF DORAL, MIAMI-DADE, FL 33172
- PARCEL ID: 35-3032-008-0050

CERTIFY TO:

- GREYSTAR DEVELOPMENT EAST, LLC, A DELAWARE LIMITED LIABILITY COMPANY

DATUM AND BENCHMARKS

- ELEVATIONS SHOWN HEREON REFER TO NATIONAL GEODETIC VERTICAL DATUM OF 1929 (N.G.V.D. 1929) AND ARE EXPRESSED IN FEET.
- BENCHMARK:
NAME: N310
ELEVATION: 8.22' N.G.V.D.
DESCRIPTION: PK NAIL AND ALUMINUM WASHER IN CONC MEDIAN

FLOOD ZONE INFORMATION

- SUBJECT PROPERTY IS LOCATED WITHIN FLOOD ZONE "AH" (EL. 8 FEET) AND ZONE "X" AS SHOWN ON FLOOD INSURANCE RATE MAP NUMBER 12086C0286L, DATED ON SEPTEMBER 11, 2009.
- ELEVATION REFER TO NATIONAL GEODETIC VERTICAL DATUM OF 1929 AND IS EXPRESSED IN FEET.

SURVEYOR'S CERTIFICATION:

I HEREBY CERTIFY THAT THIS "BOUNDARY SURVEY" OF THE PROPERTY DESCRIBED HEREON IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE AND BELIEF AS RECENTLY SURVEYED AND DRAWN UNDER MY SUPERVISION AND DIRECTION. THIS SURVEY COMPLIES WITH STANDARDS OF PRACTICE REQUIREMENTS ADOPTED BY THE FLORIDA STATE BOARD OF SURVEYORS AND MAPPERS PURSUANT TO CHAPTER 33-17, FLORIDA ADMINISTRATIVE CODE.

THIS CERTIFICATION DOES NOT EXTEND TO ANY UNNAMED PARTIES.
