CONTINUING PROFESSIONAL SERVICES AGREEMENT

Between

CITY OF DORAL, FL

And

MARLIN ENGINEERING, INC.

THIS AGREEMENT is made between CITY OF DORAL, FLORIDA, a Florida municipal corporation, (hereinafter referred to as the "CITY") and MARLIN ENGINEERING, INC., a Florida profit corporation authorized to do business in the State of Florida, (hereinafter referred to as the "CONSULTANT"), whose principal place of business is 3363 W. Commercial Blvd., Suite 115, Fort Lauderdale, FL 33309, with FEIN 65-0279601. CITY and CONSULTANT may be referred to individually as "Party" or collectively as "Parties."

RECITALS

WHEREAS, pursuant to Section 287.055, Florida Statutes, the CITY requested qualifications from qualified engineers and selected the CONSULTANT to provide professional engineering services on an as-need/project basis, as may be more particularly described in an assigned Work Order; and

WHEREAS, the CITY solicited proposals from qualified consultants on October 5, 2023, pursuant to the CITY's Request for Qualifications ("RFQ") No. 2023-08, which RFQ and all addenda thereto is attached hereto as Exhibit "A" and is incorporated into this Agreement by reference and made a part hereof; and

WHEREAS, the CONSULTANT has submitted a Response to the RFQ, dated November 6, 2023, which Response ("Response to RFQ") is attached hereto as Exhibit "B" and incorporated into this Agreement by reference and made a part hereof; and

WHEREAS, the CONSULTANT is willing and able to perform such professional services for the CITY within the basic terms and conditions set forth in this agreement (hereinafter "Continuing Services Agreement" or "Agreement"); and

WHEREAS, the CITY selected the CONSULTANT to provide said Continuing Professional Civil Engineering Services to the CITY based on the representations of CONSULTANT in their Response to RFQ; and

WHEREAS, the purpose of this Continuing Services Agreement is not to authorize the Consultant to perform a specific project, but to set forth certain general terms and conditions, which shall govern the relationship between CITY and CONSULTANT and which shall be incorporated into subsequent supplemental agreements/work orders for specific projects or services when required; and

WHEREAS, this Agreement shall become effective upon the full execution of the Agreement

below.

AGREEMENT

NOW THEREFORE, in consideration of the foregoing recitals, which are incorporated herein and made a part hereof by this reference, the mutual terms, conditions, promises and covenants set forth below, and other good and valuable consideration, the sufficiency of which the Parties hereby acknowledge, the CITY and CONSULTANT agree as follows:

SECTION 1. DEFINITIONS.

The following definitions and references are given for the purpose of interpreting the terms as used in this Agreement and apply unless the context indicates a different meaning:

1.1 **Compensation:** The total amount paid by the CITY for the CONSULTANT'S professional services for a specific project, exclusive of reimbursable expenses.

1.2 **Contract Time:** The number of calendar days provided in the Work Order for completion of a specific project or any extension date, whichever shall last occur.

1.3 **Reimbursable Expenses:** the direct non-salary expenses directly attributable to the Project. Reimbursable expenses include application and permit fees paid for securing approval of authorities having jurisdiction over the specific project; travel expenses; and Subconsultant's fees. CONSULTANT shall only be reimbursed for the direct cost of the item without additional mark-up. Reimbursable Expenses must be substantiated by actual invoices and require prior written authorization of the CITY.

1.4 **Work Order:** A supplementary agreement to provide services for a particular project, which shall be subject to the terms of this Agreement. Work Orders will be issued in substantially the same form as that provided in the attached and incorporated herein as Exhibit "C".

1.5 **Subconsultant Fee:** the direct and actual cost of the Subconsultant with no markup, as reflected by actual invoices of the Subconsultant.

1.6 **Travel Expenses:** Travel expenses, whether within or outside of Miami-Dade County, and whether to the Specific project or otherwise, shall not be reimbursed unless CONSULTANT has secured advance written authorization for such travel from the CITY Manager. All approved travel expenses will be reimbursed in accordance with the CITY's adopted travel policy.

SECTION 2. SPECIFIC PROJECTS/SCOPE OF SERVICES.

2.1 In accordance with the Consultants' Competitive Negotiation Act, the CONSULTANT may provide professional services to the CITY for specific projects as authorized

from time to time by the CITY as authorized by subsection 2.9. The services shall be for the types of projects or similar disciplines set forth in the RFQ, and as more particularly described in assigned Work Orders.

2.2 When the need for services for a specific project occurs, the CITY Manager may enter into negotiations with the CONSULTANT for that specific project under the terms and conditions of this Agreement. The CITY shall initiate said negotiations by providing the CONSULTANT with a "Scope of Services Request," requesting from the CONSULTANT a proposal to provide professional services for the specific project. The CONSULTANT shall prepare a proposal which includes those subjects specified in Subsection 2.3 (a) through (g). The CITY Manager, or their designee, and CONSULTANT shall negotiate the terms of the specific project in accordance with the provisions of Subsection 2.3. The City may also require additional provisions be incorporated into such Work Order in order to comply with restrictions set forth in the funds available for the specific project, including but not limited to additional requirements or limitations imposed for the use of State or Federal funds. To the extent applicable, CONSULTANT agrees to comply with the Federal Grant Terms and Conditions set forth in Exhibit "F".

2.3 The CITY and CONSULTANT shall utilize a Work Order as the agreement for each specific project. Each Work Order will, by mutual agreement, set forth, among other things, the following:

- a. The Scope of Services;
- b. The Deliverables (e.g. drawings, specifications, cost estimates, etc.);
- c. The Time and Schedule of Performance and Term;
- d. The method and amount of Compensation;
- e. The Personnel assigned to the specific project, including, but not limited to: Consultant's project manager, other staff and subconsultants, which the City shall have the right to reject in its sole discretion;
- f. Any additional contractual requirements of Section 287.055, Florida Statutes, for consultant agreements; and
- g. Any modifications to the Work Order, if mutually agreed upon by the parties.

2.4 It is at the CITY's sole discretion to determine the most appropriate method of compensation for each Work Order. The CONSULTANT will submit an estimate of work effort that lists the number of hours needed for each job classification under each work type. The estimate of work effort will include the hourly professional service rates for each job classification listed in Exhibit "D" that includes all overhead expenses, operating margin, and direct expenses. The Work Order shall specify the CONSULTANT's method of compensation with a maximum amount of compensation that may not be exceeded without additional approval.

2.5 The professional services to be rendered by the CONSULTANT shall commence subsequent to the execution of each Work Order. Performance of work by CONSULTANT prior to execution of a Work Order shall be at Consultant's sole risk. Upon the commencement of the term of the Work Order, the CONSULTANT shall commence services to the CITY on the Commencement Date, and shall continuously perform services to the CITY, without interruption, in accordance with the time frames set forth in the Work Order. It is the CONSULTANT's sole

responsibility to seek an extension from the CITY of the timeframe to complete a project, if necessary. The number of calendar days provided in the Work Order for completion of the Project or any extension date, whichever shall last occur, shall constitute the Contract Time.

2.6 The CONSULTANT shall submit to the CITY all final deliverables within the Contract Time as noted in each Work Order and associated CONSULTANT Proposal.

2.7 Depending on the nature of a specific project, the City may request that a liquidated damages provision be included in the Work Order for said project. In the event the City will require a liquidated damages provision in a Work Order, the term of the liquidated damages clause shall be in substantially the below form: "Unless otherwise excused by the CITY in writing, in the event that the CONSULTANT fails to meet to the Contract Time for completion of services as determined by the Project Schedule, the CONSULTANT shall pay to the CITY the sum of dollars identified below per day for each and every calendar day unexcused delay beyond the completion date, plus approved time extensions, until completion of the project: \$200.00 per day. The CONSULTANT may request an extension if the factors involved are not under their direct control. Any sums due and payable hereunder by the CONSULTANT shall be payable, not as a penalty, but as liquidated damages representing an estimate at or before the time of executing this Agreement. When the CITY reasonably believes that completion will be inexcusably delayed, the CITY shall be entitled, but not required, to withhold from any amounts otherwise due the CONSULTANT an amount then believed by the CITY to be adequate to recover liquidated damages applicable to such delays. If and when the CONSULTANT overcomes the delay in achieving completion, or any part thereof, for which the CITY has withheld payment, the CITY shall promptly release to the CONSULTANT the remainder of the funds withheld, but no longer applicable, as liquidated damages."

2.8 The CITY reserves the right, at its sole discretion, to suspend the methods of equitable distribution for any CONSULTANT that has not performed to the CITY's expectations on current or past projects. The CITY will provide performance reviews at the midpoint and completion of the agreed upon Work Order, and based on the reviews, if the CITY in its sole discretion is dissatisfied, the CITY may select another consultant.

2.9 The CITY Manager is authorized to negotiate and execute a Work Order for Projects in which the CONSULTANTS' services do not exceed the Manager's purchasing authority under City Code Section 2-318, as may be amended, which is currently set at \$30,000.00. City Council approval is required for Work Orders exceeding such purchasing authority.

2.10 The Work Order for each specific project shall incorporate this Continuing Services Agreement. If any of the terms or conditions of this Agreement conflict with the Work Order, the provisions of the Work Order shall apply.

SECTION 3. TERM/TERMINATION/SUSPENSION.

3.1 **Term of Agreement:** This Continuing Agreement shall commence on the date this

instrument is fully executed by all parties and shall continue in full force and effect for a period of three (3) years with an option to renew for one (1) additional year, unless further extended by option or renewal and/or until terminated pursuant to Subsections 3.4, 3.5, or other applicable sections of this Agreement. Each Work Order shall specify the period of service agreed to by the CITY and CONSULTANT for services to be rendered under said Work Order. Notwithstanding the above, this Agreement shall not commence before the effective date hereof.

3.2 **Effect on Work Order:** Nothing in this section shall be construed to limit the City's right to terminate any ongoing Work Order(s).

3.3 **Non-Exclusive Agreement:** Notwithstanding the provisions of Subsection 3.1, the CITY Manager may issue requests for proposals for this professional discipline at any time and may utilize the services of any other consultants retained by the CITY under similar continuing services agreements. Nothing in this Agreement shall be construed to give the CONSULTANT a right to perform services for a specific project.

3.4 **Termination For Cause:** This Agreement or Work Order may be terminated by either party for cause, upon fourteen (14) calendar days written notice to the other party should the other party fail substantially to perform in accordance with its material terms through no fault of the party initiating the termination. Cause shall be defined as a substantial failure by the other party to perform in accordance with the terms and conditions contained in this Agreement and/or any Work Order through no fault of the terminating party. If the CONSULTANT abandons this Agreement or a Work Order, or the CITY terminates the Agreement or Work Order for cause, the CONSULTANT shall indemnify the CITY against any loss pertaining to this termination. The aforementioned indemnification shall be in addition to, and shall not be construed to limit, the indemnification set forth in the RFQ, attached and incorporated as Exhibit "A". In the event that the CONSULTANT is terminated by the CITY for cause, and it is subsequently determined by a court of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a termination for convenience under Section 3.5 of this Agreement and the provision of Section 3.5 shall apply.

3.5 **Termination For Convenience:** This Agreement or a Work Order may be terminated by the CITY for convenience upon fourteen (14) calendar days' written notice to the CONSULTANT. In the event of termination, the CONSULTANT shall incur no further obligations in connection with the Project and shall, to the extent possible, terminate any outstanding subconsultant obligations. The CONSULTANT shall be compensated for all services performed to the satisfaction of the CITY and for reimbursable expenses incurred prior to the date of termination. The CONSULTANT shall promptly submit to the CITY its invoice for final payment and reimbursement and the invoice shall comply with the provisions of Section 4.1 of this Agreement. Under no circumstances shall the CITY make any payment to the CONSULTANT for profit or overhead for services which have not been performed.

3.6 **Assignment Upon Termination:** Upon termination of this Agreement or a Work Order, a copy of all of the CONSULTANT's work product shall become the property of the CITY

and the CONSULTANT shall, within ten (10) working days of receipt of written direction from the CITY, transfer to either the CITY or its authorized designee, a copy of all work product in its possession, including but not limited to designs, specifications, drawings, studies, reports and all other documents and data in the possession of the CONSULTANT pertaining to this Agreement or Work Order. Further, upon the CITY'S request, the CONSULTANT shall assign its rights, title and interest under any subcontractor's agreements to the CITY. All work product provided under this Agreement shall be used solely for its intended purpose.

3.7 **Suspension for Convenience:** The CITY shall have the right at any time to direct the CONSULTANT to suspend its performance, or any designated part thereof, for any reason whatsoever or without reason, for a cumulative period of up to thirty (30) calendar days. If any such suspension is directed by the CITY, the CONSULTANT shall immediately comply with same. In the event the CITY directs a suspension of performance as provided for herein through no fault of the CONSULTANT, the CITY shall pay to the CONSULTANT its reasonable costs, actually incurred and paid, of demobilization and remobilization, as full compensation for any such suspension.

SECTION 4. BILLING & PAYMENT TO THE CONSULTANT.

4.1 **Billing:** CONSULTANT shall submit invoices which are identified by the specific Work Order number on a monthly basis in a timely manner. These invoices shall identify the nature of the work performed, the phase of work, and the estimated percent of work accomplished in accordance with the Fee Schedule set forth in the Work Order. Invoices for each phase shall not exceed amounts allocated to each phase of the Project plus reimbursable expenses accrued during each phase. Requests for payment of reimbursable expenses shall be remitted with supporting documentation to substantiate the same. The statement shall show a summary of fees with accrual of the total and credits for portions previously paid by the CITY. The CITY shall pay CONSULTANT within thirty (30) calendar days of approval by the CITY Manager of any invoices submitted by CONSULTANT to the CITY.

4.2 **Disputed Invoices:** In the event that all or a portion of an invoice submitted to the CITY for payment to the CONSULTANT is disputed, or additional backup documentation is required, the CITY shall notify the CONSULTANT within fifteen (15) working days of receipt of the invoice of such objection, modification or additional documentation request. The CONSULTANT shall provide the CITY with additional backup documentation within five (5) working days of the date of the CITY'S notice. The CITY may request additional information, including but not limited to, all invoices, time records, expense records, accounting records, and payment records of the CONSULTANT. The CITY shall pay to the CONSULTANT the undisputed portion of the invoice. The parties shall endeavor to resolve the dispute in a mutually agreeable fashion.

4.3 **Suspension of Payment:** In the event that the CITY becomes credibly informed that any representations of the CONSULTANT are wholly or partially inaccurate, or in the event that the CONSULTANT is not in compliance with any term or condition of this Agreement and/or any Work Order, the CITY may withhold payment of sums then or in the future otherwise due to the CONSULTANT until the inaccuracy, or other breach of the Agreement(s), and the cause

thereof, is corrected to the CITY's reasonable satisfaction.

4.4 **Reserved.**

4.5 **Final Payment:** Submission of the CONSULTANT'S invoice for final payment and reimbursement shall constitute the CONSULTANT'S representation to the CITY that, upon receipt from the CITY of the amount invoiced, all obligations of the CONSULTANT to others, including its subconsultants, incurred in connection with the Project, shall be paid in full. The CONSULTANT shall deliver to the CITY all documents requested by the CITY evidencing payments to any and all subconsultants, and all final specifications, plans, or other documents as dictated in the Scope of Services and Deliverable. Acceptance of final payment shall constitute a waiver of any and all claims against the CITY by the CONSULTANT.

SECTION 5. ADDITIONAL SERVICES AND CHANGES IN SCOPE OF SERVICES.

5.1 **Changes Permitted.** Changes in the Scope of Services of a Work Order consisting of additions, deletions, revisions, or any combination thereof, may be ordered by the CITY by Work Order Amendment, without invalidating the Work Order.

5.2 **Work Order Amendment Defined.** A Work Order Amendment shall mean a written amendment to the Work Order, executed by the CONSULTANT and the CITY, issued after execution of a Work Order, authorizing and directing a change in the Scope of Services or an adjustment in the Contract Price or the Contract Time, or any combination thereof. The Contract Price and/or the Contract Time may be changed only by a Work Order Amendment.

5.3 **Effect of Executed Work Order Amendment.** The execution of a Work Order Amendment by the CITY and the CONSULTANT shall constitute conclusive evidence of the CONSULTANT'S agreement to the ordered changes in the Scope of Services or an adjustment in the Contract Price or the Contract Time, or any combination thereof. The CONSULTANT, by executing the Work Order Amendment, waives and forever releases any claim against the CITY for additional time or compensation for matters relating to or arising out of or resulting from the Services included within or affected by the executed Work Order Amendment.

5.4 **Modifications to Scope of Services:** The CITY may request changes that would increase, decrease, or otherwise modify the Scope of Services of this Agreement. Such changes must be contained in a written agreement executed by the parties in accordance with the provisions of the Continuing Services Agreement, prior to any deviation from the terms of the Agreement, including the initiation of any extra work.

SECTION 6. SURVIVAL OF PROVISIONS. Any terms or conditions of either this Agreement or any subsequent Work Order that require acts beyond the date of the term of either agreement, shall survive termination of the agreements, shall remain in full force and effect unless and until the terms or conditions are completed and shall be fully enforceable by either party.

SECTION 7. CITY'S RESPONSIBILITIES.

7.1 Assist CONSULTANT by placing at its disposal all available information as may be requested in writing by the CONSULTANT and allow reasonable access to all pertinent information relating to the services to be performed by CONSULTANT.

7.2 Furnish to CONSULTANT, at the CONSULTANT'S written request, all available maps, plans, existing studies, reports and other data, in the CITY's possession, pertinent to the services to be provided by CONSULTANT.

7.3 Arrange for access to and make all provisions for CONSULTANT to enter upon public property as required for CONSULTANT to perform services.

SECTION 8. CODE OF ETHICS.

8.1 The code of ethics of the Florida Engineering Society shall be incorporated in this Agreement by this reference.

8.2 CONSULTANT warrants and represents that its employees shall abide by the Code of Ethics for Public Officers and Employees as set forth in Chapter 112, Florida Statutes.

8.3 CONSULTANT warrants and represents that it shall abide by the provisions of Miami-Dade County Code Section 2-11.1 (County Code of Ethics), and the provisions of Article VII of Chapter 2 of the City of Doral Code of Ordinances related to ethical conduct of CITY vendors.

SECTION 9. POLICY OF NON-DISCRIMINATION/WAGES.

9.1 The CONSULTANT shall comply with all federal, state, and local laws and ordinances applicable to the work or payment for work and shall not discriminate on the grounds of race, color, religion, sex, age, marital status, national origin, physical or mental disability in the performance of work under this Agreement.

9.2 If the project is subject to federal and grant funding that requires specific wage and non-discrimination provisions, CONSULTANT shall be required to comply with the same.

SECTION 10. OWNERSHIP OF DOCUMENTS/DELIVERABLES.

10.1 All finished or unfinished documents, including but not limited to, detailed reports, studies, plans, drawings, surveys, maps, models, photographs, specifications, digital files, and all other data prepared for the CITY or furnished by the CONSULTANT pursuant to any Work Order, shall become the property of the CITY, whether the Project for which they are made is completed or not, and shall be delivered by CONSULTANT to the CITY within five (5) calendar days after receipt of written notice requesting delivery of said documents or digital files. The CONSULTANT shall have the right to keep one record set of the documents upon completion of

the Project, however, in no event shall the CONSULTANT, without the CITY'S prior written authorization, use, or permit to be used, any of the documents except for client or educational presentations or seminar use.

10.2 All subcontracts for the preparation of reports, studies, plans, drawings, specifications, digital files or other data, entered into by the CONSULTANT for each Specific project shall provide that all such documents and rights obtained by virtue of such contracts shall become the property of the CITY.

10.3 All final plans and documents prepared by the CONSULTANT shall bear the endorsement and seal of a person duly registered as a Professional Engineer, Architect, Landscape Architect, Professional Geologist, or Land Surveyor, as appropriate, in the State of Florida and date approved and/or sealed.

10.4 All deliverables should be provided in hard copy format as well as electronic format to the CITY. Drawings should be provided in CADD, spread sheets in Excel, and written documentation should be provided in Microsoft Word. The date of submittal to the CITY shall be deemed to be the latter of delivery of hard copies and delivery of electronic copies, as applicable.

10.5 Any modifications by the City to any of the CONSULTANT'S documents, without written authorization by the CONSULTANT will be at the City's sole risk and without liability to the CONSULTANT.

SECTION 11. RECORDS/AUDITS.

11.1 CONSULTANT shall maintain and require subconsultants to maintain, complete and correct records, books, documents, papers and accounts pertaining to the Specific project. Such records, books, documents, papers and accounts shall be available at all reasonable times for examination and audit by the CITY Manager or any authorized CITY representative with reasonable notice and shall be kept for a period of three (3) years after the completion of each Work Order. Incomplete or incorrect entries in such records, books, documents, papers or accounts will be grounds for disallowance by or reimbursement to the CITY of any fees or expenses based upon such entries. Disallowed fees will be paid when incomplete or incorrect entries are remedied to the satisfaction of the CITY.

11.2 The CONSULTANT shall comply with Chapter 119, Florida Statutes, as applicable.

11.3 Refusal of the CONSULTANT to comply with the provisions of Sections 11.1 or 11.2 shall be grounds for termination for cause by the CITY of this Agreement or any Work Order.

SECTION 12. NO CONTINGENT FEE. CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for CONSULTANT, to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for CONSULTANT,

any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. In the event the CONSULTANT violates this provision, the CITY shall have the right to terminate this Agreement or any Work Order, without liability, and at its sole discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift or consideration.

SECTION 13. INDEPENDENT CONTRACTOR. The CONSULTANT is an independent contractor under this Agreement and any Work Orders. Personal services provided by the CONSULTANT shall be by employees of the CONSULTANT and subject to supervision by the CONSULTANT, and not as officers, employees, or agents of the CITY. Personnel policies, tax responsibilities, social security, health insurance, employee benefits, purchasing policies and other similar administrative procedures applicable to services rendered under this Agreement or any Work Orders shall be those of the CONSULTANT.

SECTION 14. ASSIGNMENT; AMENDMENTS.

14.1 This Agreement shall not be assigned, transferred or otherwise encumbered, under any circumstances, by CONSULTANT, without the prior written consent of the CITY.

14.2 No modification, amendment or alteration in the terms or conditions of this Agreement shall be effective unless contained in a written document executed with the same formality as this Agreement.

SECTION 15. INDEMNIFICATION/HOLD HARMLESS.

15.1 Pursuant to Section 725.08, Florida Statutes, the CONSULTANT shall indemnify, and hold harmless the City, its officers, agents and employees, from and against any and all demands, claims, losses, suits, liabilities, causes of action, judgment or damages, to the extent caused by CONSULTANT's, or any persons employed or utilized by the CONSULTANT in the performance of this Agreement or any Work Order, negligent acts, errors, omission negligence, reckless, or intentionally wrongful conduct under this Agreement. Consultant shall reimburse the City for all its expenses including reasonable attorneys' fees and costs incurred, up though and inclusive of any appeals, in and about the defense of any such claim or investigation and for any judgment or damages to the extent caused by CONSULTANT's and/or and of the CONSULTANT'S subconsultant's negligent acts, errors, omission negligence, reckless, or intentionally wrongful conduct.

15.2 The provisions of this section shall survive termination of this Agreement.

15.3 Except as otherwise explicitly provided herein, in no event shall either Party, its parents, affiliates and subsidiaries or their respective directors officers or employees be liable to the other for any indirect, incidental, special, consequential or punitive damages whatsoever (including without limitation, loss of revenue, loss of use, or interruption of business) arising out of or related to this Agreement, even if advised of the possibility of such damages, and

CONSULTANT hereby releases CITY and CITY hereby releases CONSULTANT from any such liability.

SECTION 16. INSURANCE. The CONSULTANT shall secure and maintain throughout the duration of this Agreement and any Work Order, insurance of such type and in such amounts necessary to protect its interest and the interest of the CITY against hazards or risks of loss as specified in the RFQ. The underwriter of such insurance shall be qualified to do business in Florida and have agents upon whom service of process may be made in the State of Florida. The CITY shall be listed as an additional insured on all policies, with the exception of workers' compensation coverage, if applicable. The insurance coverage shall be primary insurance with respect to the CITY, its officials, employees, agents and volunteers. Any insurance maintained by the CITY shall be in excess of the CONSULTANT'S insurance and shall not contribute to the CONSULTANT'S insurance. Additionally, CONSULTANT shall obtain additional insurance coverage as the CITY may require for a specific Work Order.

SECTION 17. REPRESENTATIVE OF CITY AND CONSULTANT.

17.1 **CITY Representative:** It is recognized that questions in the day-to-day conduct of this Agreement will arise. The CITY designates the CITY Manager or their designee, as the person to whom all communications pertaining to the day-to-day conduct of this Agreement shall be addressed.

17.2 **CONSULTANT Representative:** CONSULTANT shall inform the CITY Representative, in writing, of the representative of the CONSULTANT to whom all communications pertaining to the day-to-day conduct of this Agreement shall be addressed.

SECTION 18. COST AND ATTORNEY'S FEES/WAIVER OF JURY TRIAL.

18.1 If either the CITY or CONSULTANT is required to enforce the terms of this Agreement or any Work Order by court proceedings or otherwise, whether or not formal legal action is required, each party shall be responsible for their own costs and expenses, including attorneys' fees and costs, the fees and expenses of any paralegals, law clerks and legal assistants, and including fees and expenses charged for representation at both the trial and appellate levels.

18.2 In the event of any litigation arising out of this Agreement or Work Order, each party hereby knowingly, irrevocably, voluntarily and intentionally waives its right to trial by jury.

SECTION 19. PRIORITY OF AUTHORITY OF INSTRUMENTS. The relationship between the Parties shall be governed by several contract documents, all of which, when read together, shall constitute one agreement between the Parties. The contract documents include this Agreement, one or more ensuing Work Orders, and the City solicitation documents. In the event of conflict

between or amongst the contract documents, priority shall be as follows:

- a. Work Order Amendment;
- b. Work Order;
- c. this Agreement;
- d. the RFQ, including any addenda thereto.

Otherwise, there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in the aforementioned contract documents. Accordingly, it is agreed that no deviation from the terms of this Agreement shall be predicated upon any prior representations or agreements whether oral or written.

SECTION 20. CONSULTANT'S RESPONSIBILITIES.

20.1 Any and all drawings, studies, plans, specifications, or other construction or contract documents prepared by the CONSULTANT shall be accurate, coordinated and adequate for construction and shall comply with all applicable CITY Codes, state and federal laws, rules and regulations.

20.2 The CONSULTANT shall exercise the same degree of care, skill and diligence in the performance of the services for each Work Order as is ordinarily provided by a professional engineer, architect, landscape architect, surveyor or mapper under similar circumstances. If at any time during the term of any Work Order or the construction of the Project for which the CONSULTANT has provided engineering, architectural landscape architectural, surveying or mapping services under a prior Work Order, it is determined that the CONSULTANT'S documents are incorrect, defective or fail to conform to the Scope of Services of the particular Project, upon written notification from the CITY, the CONSULTANT shall immediately proceed to correct the work, re-perform services which failed to satisfy the foregoing standard of care, and shall pay all costs and expenses associated with correcting said incorrect or defective work, including any additional testing, inspections, and construction and reimbursements to the CITY for any other services and expenses made necessary thereby, save and expect any costs and expenses which the CITY would have otherwise paid absent the CONSULTANT'S error or omission. The CITY'S rights and remedies under this section are in addition to, and are cumulative of, any and all other rights and remedies provided by this Agreement, the Work Order, by law, equity or otherwise.

20.3 The Consultant shall, all times during the term of the Agreement, maintain in good standing all required licenses, certifications and permits required under federal, state, and local laws necessary to perform the services.

20.4 The CONSULTANT'S obligations under subsection 20.2 of this Agreement shall survive termination of this Agreement or any Work Order.

SECTION 21. SUBCONSULTANTS.

21.1 In the event the CONSULTANT requires the services of any subconsultants or other professional associates in connection with services covered by any Work Order, the CONSULTANT must secure the prior written approval of the CITY. The CONSULTANT shall comply with City Code Section 2-325, except where state or federal law, regulations, or grant requirements mandate to the contrary, to use best efforts to utilize subconsultants whose principal place of business is located within the CITY or Miami-Dade County, Florida and adhere to all local CITY ordinances.

21.2 Any subcontract with a subconsultant shall afford to the CONSULTANT rights against the subconsultant which correspond to those rights afforded to the CITY against the CONSULTANT herein, including but not limited to those rights of termination as set forth herein.

21.3 No reimbursement shall be made to the CONSULTANT for any subconsultants that have not been previously approved by the CITY for use by the CONSULTANT.

21.4 Any subconsultant shall be bound by the terms and conditions of this Agreement and comply with the same insurance requirements as described in Section 16.

SECTION 22. EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY).

22.1 CONSULTANT must comply with the Employment Eligibility Verification Program ("E-Verify Program") developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONSULTANT must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include this requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be obtained via the internet at the Department of Homeland Security Web site: <http://www.dhs.gov/E-Verify>.

22.2 CONSULTANT shall also comply with Florida Statute 448.095, which directs all public employers, including municipal governments, and private employers with 25 or more employees to verify the employment eligibility of all new employees through the U.S. Department of Homeland Security's E-Verify System, and further provides that a public entity may not enter into a contract unless each party to the contract registers with and uses the E-Verify system. Florida Statute 448.095 further provides that if a CONSULTANT enters into a contract with a subcontractor, the subcontractor must provide the CONSULTANT with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. In accordance with Florida Statute 448.095, CONSULTANT, if it employs more than 25 employees, is required to verify employee eligibility using the E-Verify system for all existing and new employees hired by CONSULTANT during the contract term. Further,

CONSULTANT must also require and maintain the statutorily required affidavit of its subcontractors. It is the responsibility of CONSULTANT to ensure compliance with E-Verify requirements (as applicable). To enroll in E-Verify, employers should visit the E-Verify website (<https://www.e-verify.gov/employers/enrolling-in-e-verify>) and follow the instructions. CONSULTANT must retain the I-9 Forms for inspection, and provide an executed E-Verify Affidavit, which is attached hereto as Exhibit "E".

SECTION 23. SCRUTINIZED COMPANIES. Provider certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List. Pursuant to Section 287.135, F.S., the Customer may immediately terminate this Agreement at its sole option if the Provider or its subcontractors are found to have submitted a false certification; or if the Provider, or its subcontractors are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of the Agreement. If this Agreement is for more than one million dollars, the Provider certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria as identified in Section 287.135, F.S. Pursuant to Section 287.135, F.S., the Customer may immediately terminate this Agreement at its sole option if the Provider, its affiliates, or its subcontractors are found to have submitted a false certification; or if the Provider, its affiliates, or its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria during the term of the Agreement.

SECTION 24. COMPLIANCE WITH FLORIDA PUBLIC RECORD LAW. Pursuant to Section 119.0701, Florida Statutes, CONSULTANT agrees to:

- i. Keep and maintain public records in CONSULTANT's possession or control in connection with CONSULTANT's performance under this agreement. CONSULTANT shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed, except as authorized by law, for the duration of the Agreement, and following completion of the Agreement until the records are transferred to the CITY.
- ii. Upon request from the CITY's custodian of public records, CONSULTANT shall provide the CITY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided by Chapter 119, Florida Statutes, or as otherwise provided by law.
- iii. Unless otherwise provided by law, any and all records, including but not limited to reports, surveys, and other data and documents provided or created in connection with this Agreement are and shall remain the property of the CITY. Notwithstanding, it is understood that at all times CONSULTANT's workpapers shall remain the sole property of CONSULTANT and are not subject to the terms of this Agreement.

- iv. Upon completion of this Agreement or in the event of termination by either party, any and all public records relating to this Agreement in the possession of CONSULTANT shall be delivered by CONSULTANT to the CITY Manager, at no cost to the CITY, within seven (7) days. All such records stored electronically by CONSULTANT shall be delivered to the CITY in a format that is compatible with the CITY's information technology systems. Once the public records have been delivered upon completion or termination of this Agreement, CONSULTANT shall destroy any and all duplicate records that are exempt or confidential and exempt from public records disclosure requirements. Notwithstanding the terms of this Section, the Parties agree and it is understood that CONSULTANT will maintain a copy of any information, confidential or otherwise, necessary to support its work product generated as a result of its engagement for services, solely for reference and archival purposes in accordance with all applicable professional standards, which will remain subject to the obligations of confidentiality herein.
- v. Any compensation due to CONSULTANT shall be withheld until all records are received as provided herein.
- vi. CONSULTANT'S failure or refusal to comply with the provisions of this section shall result in the immediate termination of this Agreement by the CITY.

IF THE PROVIDER HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE PROVIDER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, THE PROVIDER SHALL CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (TELEPHONE NUMBER: 305-593-6730 E-MAIL ADDRESS: CONNIE.DIAZ@CITYOFDORAL.COM, AND MAILING ADDRESS: THE CITY OF DORAL HALL 8401 NW 53RD TERRACE, DORAL, FL 33166.

SECTION 25. NOTICES. Whenever either party desires to give notice to the other, it must be given by hand delivery or written notice, sent by certified United States mail, with return receipt requested or a nationally recognized private mail delivery service, addressed to the party for whom it is intended, at the place last specified, and the place for giving of notice in compliance with the provisions of this paragraph. For the present, the parties designate the following as the respective places for giving of notice, to-wit:

FOR CITY:

SECTION 26. TRUTH-IN-NEGOTIATION CERTIFICATE. Signature of this Agreement by CONSULTANT shall act as the execution of a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation of this Agreement or any Work Order are accurate, complete, and current at the time of contracting. Each Work Order's contract prices and any additions shall be adjusted to exclude any significant sums by which the CITY determines the Project's contract price was increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such adjustments shall be made within one year following the end of each Work Order.

SECTION 27. CONSENT TO JURISDICTION. The parties submit to the jurisdiction of any Florida state or federal court in any action or proceeding arising out of relating to this Agreement or any Work Order. Venue of any action to enforce this Agreement or any Work Order shall be in the courts of the 11th Judicial Circuit in and for Miami-Dade County, Florida or in the event of federal jurisdiction the United States District Court for the Southern District of Florida.

SECTION 28. GOVERNING LAW. Notwithstanding any conflict of laws, this Agreement and any subsequent Work Order shall be construed in accordance with and governed by the laws of the State of Florida.

SECTION 29. HEADINGS. Headings are for convenience of reference only and shall not be considered in any interpretation of this Agreement.

SECTION 30. EXHIBITS. Each Exhibit referred to in this Agreement forms an essential part of this Agreement. The Exhibits if not physically attached, should be treated as part of this Agreement, and are incorporated by reference.

SECTION 31. SEVERABILITY. If any provision of this Agreement or any Work Order or the application thereof to any person or situation shall to any extent, be held invalid or unenforceable, the remainder of this Agreement, and the application of such provisions to persons or situations other than those as to which it shall have been held invalid or unenforceable shall not be affected thereby, and shall continue in full force and effect, and be enforced to the

fullest extent permitted by law.

SECTION 32. COUNTERPARTS. This Agreement may be executed in several counterparts, each of which shall be deemed an original and such counterparts shall constitute one and the same instrument.

SECTION 33. FORCE MAJEURE. It is understood that performance of any act by the City or Consultant hereunder may be delayed or suspended at any time while, but only so long as, either party is hindered in or prevented from performance by acts of God, the elements, war, rebellion, strikes, lockouts, pandemics or any cause beyond the reasonable control of such party, provided however, the City shall have the right to provide substitute service from third parties or City forces as may be necessary to meet City needs. If the condition of force majeure exceeds a period of fourteen (14) days, the City may, at its option and discretion, cancel or renegotiate the Agreement.

SECTION 34. INTERPRETATION.

34.1 The language of this Agreement has been agreed to by both parties to express their mutual intent and no rule of strict construction shall be applied against either party hereto. The headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. All personal pronouns used in this Agreement shall include the other gender, and the singular shall include the plural, and vice versa, unless the context otherwise requires. Terms such as "herein," "hereof," "hereunder," and "hereinafter" refer to this Agreement as a whole and not to any particular sentence, paragraph, or section where they appear, unless the context otherwise requires. Whenever reference is made to a Section or Article of this Agreement, such reference is to the Section or Article as a whole, including all of the subsections of such Section, unless the reference is made to a particular subsection or subparagraph of such Section or Article.

34.2 Preparation of this Agreement has been a joint effort of the CITY and CONSULTANT and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than any other.

SECTION 35. THIRD PARTY BENEFICIARY. CONSULTANT and the CITY agree that it is not intended that any provision of this Agreement establishes a third-party beneficiary giving or allowing any claim or right of action whatsoever by any third party under this Agreement.

SECTION 36. NO ESTOPPEL. Neither the CITY's review, approval and/or acceptance of, or payment for services performed under this Agreement shall be construed to operate as a waiver of any rights under this Agreement of any cause of action arising out of the performance of this Agreement, and CONSULTANT shall be and remain liable to the CITY in accordance with applicable laws for all damages to the CITY caused by CONSULTANT's negligent performance of any of the services under this Agreement. The rights and remedies provided for under this Agreement are in addition to any other rights and remedies provided by law.

SECTION 37. FLORIDA STATUTE 558.0035. PURSUANT TO FLORIDA STATUTES CHAPTER 558.0035 A DESIGN PROFESSIONAL EMPLOYED BY CONSULTANT MAY NOT BE HELD INDIVIDUALLY LIABLE FOR DAMAGES RESULTING FROM NEGLIGENCE OCCURRING WITHIN THE COURSE AND SCOPE OF A PROFESSIONAL SERVICES.

[THIS AREA INTENTIONALLY LEFT BLANK. SIGNATURES TO FOLLOW.]

IN WITNESS WHEREOF, the parties execute this Agreement on the respective dates under each signature: The CITY, signing by and through its CITY Manager, attested to by its CITY Clerk, duly authorized to execute same and by CONSULTANT by and through the below-named representative who has been duly authorized to execute same through a resolution of the corporation or partnership.

CITY OF DORAL

Request for Qualifications

General Engineering and
Architectural Services

RFQ No. 2023-08

City of Doral
Request for Qualifications
General Engineering and Architectural Services
RFQ No. 2023-08

NOTICE: The City of Doral (“City”) hereby gives notice of its intent to seek proposals from interested and qualified parties in response to this Request for Qualifications (“RFQ”) to provide the services described herein. Proposals must be received no later than **Monday, November 6, 2023 at 10:00am**.

Proposals must be submitted electronically through DemandStar <https://network.demandstar.com/> or Vendor Registry <https://vendorregistry.com/> by the date and time stated above. The responsibility for submitting a Proposal before the stated time and date is solely and strictly that of the Proposer. The City is not responsible for any delayed, lost, late, misdelivered, or non-delivered Proposals, no matter the cause. Any submittals received after the due date and time specified will not be considered.

This RFQ is subject to the “Cone of Silence”. Accordingly, all questions and/or comments regarding this RFQ must be made in writing and be directed to Procurement at the following email at procurement@cityofdoral.com. All inquiries must reference **“RFQ 2023-08 General Engineering and Architectural Services”** in the subject line. No phone calls will be accepted in reference to this solicitation. If it becomes necessary to provide additional clarifying information that revises any part of this solicitation, supplements or revisions will be made available via written addendum.

Solicitations and addenda or notices in connection therewith may be downloaded from the City of Doral Procurement Division webpage under [“Active Solicitations”](#), on [Vendor Registry](#), and on [Demand Star](#). To receive notifications of addenda or notices issued in connection with this RFQ, interested parties must register on Vendor Registry or on Demand Star. The City reserves the right to reject any and all submissions, to waive any and all irregularities in any submission, to solicit and re-advertise for bids and to make awards in the best interest of the City, as determined in its sole discretion.

The City reserves the right to accept any submittals deemed to be in the best interest of the City, to waive any minor irregularities, scrivener’s errors, minor omissions, minor deviations, and/or technicalities in any Proposals, or to reject any or all Proposals and to re-advertise for new Proposals, in accordance with the applicable sections of the Florida Statutes, the City Charter and Code, and this RFQ. PROPOSERS ARE ADVISED THAT PROPOSALS OR BIDS SUBMITTED WITH IRREGULARITIES, DEFICIENCIES, AND/OR TECHNICALITIES THAT DEVIATE FROM THE MINIMUM SUBMISSION REQUIREMENTS OF THIS SOLICITATION SHALL RESULT IN A NON-RESPONSIVE DETERMINATION. ONLY MINOR IRREGULARITIES, DEFICIENCIES, AND TECHNICALITIES MAY BE ALLOWED TO BE TIMELY CURED BY PROPOSERS AT THE SOLE DISCRETION OF THE CITY. MATERIAL IRREGULARITIES, DEFICIENCIES, AND TECHNICALITIES CANNOT BE CURED BY THE PROPOSER/BIDDER.

PROJECT OVERVIEW

The City of Doral is soliciting Proposals from qualified and experienced firms for the provision of General Engineering and Architectural Services, including, but not limited to, providing general engineering and architectural services for miscellaneous planning, design and/or construction management projects, such as roadways, drainage, structural, bridge, electrical, mechanical, traffic engineering, civil/site planning,

water and sewer, environmental assessments and engineering, permitting, land use and zoning, architectural design and space planning, construction management, and project management. The city may also require the selected Consultants to perform construction engineering inspections, threshold inspections, plans review, and landscape architecture services.

Awarded Consultants may perform work for various departments of the City including, but not limited to, Public Works, Parks and Recreation, Building, and Planning & Zoning. The City anticipates the majority of the scope of work to be engineering-related.

The City intends to use the Proposals submitted in response to this RFQ to rank order the Proposers according to the most qualified and to then initiate contract negotiations with the top ranked Proposers. The City, on an as needed basis, may periodically issue specific projects and assignments to the selected Proposers. The selected Proposers shall demonstrate specific experience and capabilities and must have personnel qualified through education and experience in the specified disciplines. The City will review submittals only from those firms that submit a Proposal that complies with all the minimum requirements set forth in this Request for Qualifications

The awarded Proposer(s) will enter into a contract for such services with the City for a term of three (3) years with a one (1) year option to extend, subject to the provisions contained in the RFQ.

ARTICLE 1 – GENERAL TERMS AND CONDITIONS

1.1 Definitions

“Authorized Representative” means the Department contact for interaction regarding contract administration.

“City” means the City of Doral, a duly organized municipality under the laws of the State of Florida. This term may also refer to one of the various departments or agencies of the City of Doral, as the context indicates.

“Contract” means the contractual agreement ultimately entered into by the City and the Successful Respondent(s) in accordance with the terms of this Solicitation and applicable laws.

“Department(s)” means the City department(s) and offices for which this solicitation is prepared, which will be the end user(s) of the goods and/or services sought.

“Procurement Division” means the office responsible for handling procurement-related matters within the City.

“Respondent(s)”: means any person, individual, or entity submitting a response to this solicitation. The terms “Proposer” and “Bidder” are each interchangeable with “Respondent” and with each other and will be used as appropriate in the given context.

“Response(s)” means the written, sealed document submitted by the Respondent(s) according to the instructions set forth in this Solicitation. A response to this Solicitation shall not include any verbal interactions with the City apart from submittal of a formal written submittal. The terms “Proposal” and “Bid” are each interchangeable with “Response” and with each other will be used as appropriate in the given context.

“Solicitation” means this formal request to solicit Responses from responsible and responsive Respondents for the scope and specifications set forth herein. The terms “Invitation to Bid”, “Request for Proposals”, “Request for Qualifications”, and the like are each interchangeable with “Solicitation” and will be used as appropriate in the given context.

“Successful Respondent(s)” means the Respondent(s) whose response to this Solicitation is deemed by the City to be in the City’s best interest and is awarded a contract in accordance with the terms of this Solicitation. The terms “Successful Proposer”, “Successful Bidder”, “Consultant” or “Contractor” are each interchangeable with “Successful Respondent” and will be used as appropriate in the given context.

“Work” means the actual task (i.e., good and/or services to be provided) contemplated by this Solicitation and required in accordance with the terms of the Contract.

1.2 Cone Of Silence

This Solicitation shall be subject to the “Cone of Silence” which shall mean a prohibition on any communication regarding a Solicitation between potential Respondent(s) or their lobbyists or representatives and the City Council, City staff including, but not limited to, the City Manager and his or her staff, and any member of the City’s selection or evaluation committee, except as otherwise explicitly provided herein.

The Cone of Silence shall be imposed upon this Solicitation after the advertisement thereof and shall terminate upon the issuance of the City Manager’s recommendation to award. However, if the City Council refers the Manager’s recommendation back to the Manager or committee for further review, the Cone of Silence shall be re-imposed until such time a recommendation is issued by the City Manager after such additional review.

The Cone of Silence shall not apply to:

- Communications with the City Attorney;
- Oral presentations before evaluation committees;
- Public presentations made to the City Council during any duly noticed public meeting;
- Written communications regarding a particular Solicitation between a potential Respondent, and the City’s Procurement Division, provided the communication is limited strictly to matters of process or procedure already contained in the Solicitation;
- Duly noticed site visits to determine the competency of bidders/Respondent(s) regarding a particular bid/proposal during the time period between the opening of bids and the time the City Manager makes his or her written recommendation;
- Any emergency procurement of goods or services pursuant to City Code;
- Responses to the City’s request for clarification or additional information;
- Contract negotiations during any duly noticed public meeting;
- Communications to enable City staff to seek and obtain industry comment or perform market research, provided all communications related thereto are in writing or made at a duly noticed public meeting.

Please contact the City Attorney for any questions concerning Cone of Silence compliance. Violation of the Cone of Silence by a Respondent shall render any award of this Solicitation to said Respondent voidable by the City Manager or Council.

1.3 Examination Prior to Submission

Respondents must thoroughly examine each section. If there is any doubt or obscurity as to the meaning of any part of this Solicitation, Respondents may request clarification by written request to the Procurement Division.

Respondents are required to be familiar with any conditions that may, in any manner, affect the Work to be done or affect the equipment, materials, or labor required. Respondents are also required to carefully examine the specifications and all equipment and all site locations and be thoroughly informed regarding all conditions that may, in any manner, affect the Work to be performed under the Contract. By submission of a Response, it will be construed that the Respondent is acquainted sufficiently with the site(s) and work to be performed.

1.4 Clarifications and Addenda

Questions regarding this Solicitation shall be directed in writing by email to the Procurement Division at the email address specified in this Solicitation. Answers will be issued simultaneously to all registered Respondents. If it becomes evident that this Solicitation must be amended, the City will issue a formal written addendum to all registered Respondent(s) via email or through Vendor Registry and Demand Star. The addendum will be uploaded to the City's Procurement webpage.

No person is authorized to give oral interpretations of, or make oral changes to, the Solicitation. The issuance of a written addendum shall be the only official method whereby such a clarification is made. Only questions answered by written addenda shall be binding.

1.5 Withdrawal of Response

A Respondent(s) may, without prejudice, withdraw, modify, or correct the Response after it has been submitted to the City, provided the request and any subsequent modifications and/or corrections are filed with the City in writing before the deadline to submit the Response. The original Response as modified by such writing will be considered as the Response submitted by the Respondent(s). No oral modifications will be considered.

1.6 Right To Cancel or Reject Responses

The City reserves the right to cancel this Solicitation or reject any and/or all Responses or portions thereof, and to waive any technicalities or minor irregularities. Each Respondent agrees to hold harmless and covenant not to sue the City, its officials, officers, or employees, for any claims arising out of or in connection with the administration, evaluation, recommendation, or rejection of Responses.

The City does not bind itself to accept the minimum specifications stated herein, but reserves the right to accept any Response, which, in the sole judgment of the City, will best serve the needs and interests of the City. This issuance of this Solicitation itself does not in any way constitute a contractual agreement between the City and the Respondent(s) unless and until the City awards the Solicitation, obtains all required approvals, and executes a Contract in accordance herewith. Furthermore, the City reserves the right to award without further discussion.

The City also reserves the right to award the Contract on a split order basis, group by group, or item by item, or such combination as will best serve the interests of the City, unless otherwise stated.

1.7 Protests

Protests of Solicitations and awards shall be submitted and resolved pursuant to City Code Section 2-338. Protests failing to meet all the requirements for filing shall NOT be accepted. Failure of a party to timely file shall constitute a forfeiture of such party's right to file a protest. NO EXCEPTIONS WILL BE MADE.

1.8 Incurred Expenses

The City shall not be responsible for any expenses incurred by any of the Respondents for the preparation of their Responses to this Solicitation, or for any associated costs in relation thereto, including without limitation the cost incurred during any presentation or negotiations related to potential award.

1.9 Preparation of Response

Responses should be prepared simply and economically, providing a straightforward, concise description of the Respondent's ability to fulfill the requirements of the Solicitation.

Responses shall include all of the information and forms required by this Solicitation. Failure to utilize the City's forms, or fully complete said forms, may result in the Response being deemed non-responsive. The Respondent shall be considered non-responsive if its

Response is conditioned on modifications, changes, or revisions to the terms and conditions of the Solicitation.

1.10 Submission of Responses & Evaluations

Acknowledgment by Respondent: By submitting a Response, the Respondent certifies that he/she has fully read and understands the Solicitation and has full knowledge of the scope, nature, and quality of services to be performed or goods to be provided. Incomplete, unresponsive, irresponsible, vague, or ambiguous responses to the Solicitation will be cause for rejection, as determined in the sole discretion of the City.

Acceptance/Rejection/Modification: The City reserves the right to negotiate modifications to proposals that it deems acceptable, reject any and all proposals, and to waive minor irregularities in the submittals.

Postponement of Response Opening: The City reserves the right to postpone the date for receipt and opening of Response submissions and will make a reasonable effort to give at least three (3) calendar days' notice, whenever practicable, of any such postponement to prospective Respondents.

Responses Binding: All Responses submitted in connection with this Solicitation shall constitute binding offers to the City for one hundred and eighty (180) calendar days after opening.

Alternate Responses: An alternate Response shall not be considered or accepted by the City.

Interviews: The City reserves the right to conduct interviews or require presentations prior to award.

Samples: When required by this Solicitation, samples of any goods proposed to be provided by Successful Respondent must be furnished to the City free of charge. Materials or equipment for which samples are required shall not be used in work until approved by the City. Each sample must be labeled with the Respondent's name and delivered within ten (10) calendar days of the Solicitation opening unless another timeframe is specified in this Solicitation. If samples are requested after the Solicitation opening, they should be delivered within ten (10) calendar days of the request. The City will not be responsible for returning samples. Acceptance or approval of a sample shall not be construed to change or modify any Contract requirements.

Inspections: The City, at its sole discretion, reserves the right to inspect Respondent's facilities or products, as applicable, to determine their capability of meeting the

requirements for the Contract.

Proprietary Responses: By submitting a Response, the Respondent acknowledges that the Response will become the property of the City and will not be returned to the Respondents. In the event of Contract award, all documentation produced as part of the Contract will become the exclusive property of the City.

1.11 Prohibition Against Considering Social, Political, or Ideological Interests

Respondents are hereby notified of the provisions of Section 287.05701, Florida Statutes, as amended, which provides that the City will not request documentation of or consider a Respondent's social, political, or ideological interests when evaluating Respondent's responsibility. Respondents are further notified that the City Council will not give preference to Respondents based on their social, political, or ideological interests.

1.12 Identical (Tie) Responses

Responses that are evaluated as being equal with respect to price, quality, and service for the procurement of commodities or contractual services (sometimes referred to herein as "Tie Proposals"), received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process provided the Respondent complies with the requirements of Section 287.087, Florida Statutes. If still tied after application of the above preference, the earliest submitted will receive the higher rank.

1.13 Public Records

This Solicitation and any Responses or other information provided by Respondents in connection therewith, including but not limited to any subsequent Contract, shall be subject to the provisions of Chapter 119, Florida Statutes ("Public Records Law"). Responses are exempt from public disclosure until the City provides notice of an intended decision or until 30 days after opening the Responses, whichever occurs earlier.

By submitting a Response, Respondent(s) acknowledges that the Response, the materials submitted with the Response, the results of the City's evaluation and the subsequent Contract are open to public inspection upon proper request unless explicitly exempt under Florida law. Respondent(s) should take special note of this as it relates to proprietary information that might be included in its Response.

In the event that a Respondent submits information to the City that is proprietary or otherwise exempt from the

Public Records Law, such Respondent shall explicitly indicate the information that is exempt from public disclosure and shall provide reasons therefore and shall identify the applicable exemption with a reference to the applicable law allowing for the exemption. The City reserves the right to make any final determination on the applicability of the Public Records Law.

1.14 Compliance With Applicable Laws

Successful Respondent(s) shall comply with all local, state, and federal directives, ordinances, rules, orders, and laws as applicable to this Solicitation and subsequent Contract. Lack of knowledge by the Respondent(s) will in no way be a cause for relief. Respondents must be legally authorized to transact business in the State of Florida. All references to Florida Statutes, City of Doral and Miami-Dade County Charter and Codes, and other laws/regulations, will be interpreted to include "as amended from time to time."

Non-compliance with all local, state, and federal directives, orders, and laws may be considered grounds for termination of contract(s). If the Successful Respondent(s) observes that the Response or subsequent Contract are at variance with applicable laws, Successful Respondent(s) will give the City prompt written notice thereof. If the Successful Respondent(s) performs knowing it to be contrary to such laws, ordinances, rules, and regulations, such Successful Respondent(s) will bear all liability arising wherefrom.

In the event that any governmental restrictions are imposed that would necessitate alteration of the goods or services requested by this Solicitation and/or offered by the Successful Respondent prior to delivery or completion, it shall be the responsibility of the Respondent(s) to notify the City immediately. In the event the City determines that the alternation diminishes the City's bargained-for exchange or frustrates the project, the City reserves the right to accept the alteration or cancel the Contract.

1.15 Public Entity Crime

A person or affiliate who has been placed on the convicted Bidder list following a conviction for a public entity crime may not submit a Response on a contract to provide any goods or services to a public entity, may not submit a Response on a contract with a public entity for the construction or repair of a public building or Public Works project, may not submit a Response on a lease of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and

may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes for Category Two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list, as defined in Section 287.133, Florida Statutes.

1.16 Equal Employment Opportunity

The Respondent shall comply with Title VII of the Civil Rights Act of 1964 42 U.S.C. Section 2000e et seq., Section 504 of the Rehabilitation Act of 1973 29 U.S.C Section 701 et seq., and Title I of the Americans with Disabilities Act, 42 U.S.C Section 12101 as of 1990 in that: No person in the United States shall on the grounds of race, creed, color, national origin, sex, age, political affiliation, beliefs or disability be subject to discrimination under any program or activity which the Respondent has agreed to undertake by and through the covenants, and provisions set forth in this Contract.

1.17 Compliance with Occupational Health and Safety Act (OSHA) Standards

To the extent applicable, Respondent certifies that all materials, equipment, etc., contained in its Response meet all OSHA requirements. Respondent further certifies, that, if he/she is the Successful Respondent, and the materials, equipment, etc., delivered is subsequently found to be deficient in any OSHA requirement in effect on the date of use, all costs necessary to bring the materials equipment, etc., into compliance with the aforementioned requirements shall be borne by the Successful Respondent. Upon request, Contractor shall provide the City with a copy of their written safety program pertaining to the subject of the Contract, if such a program is required by law.

The Successful Respondent shall be solely and completely responsible for conditions of the job site, including safety of all persons (including employees) and property during performance of the work. This requirement shall apply continuously and not be limited to normal working hours. Safety provisions shall confirm to the U.S. Department of Labor OSHA, Florida Department of Labor, and all other applicable federal, state, county, and local laws, ordinances, codes, and regulations. Where any of these are in conflict, the more stringent requirement shall be followed.

1.18 Scrutinized Companies

Respondent must certify that it is not participating in a boycott of Israel and must also certify that it is not on the Scrutinized Companies that Boycott Israel list, not on the Scrutinized Companies with Activities in Sudan List, and

not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Contractor must submit the certification that is attached to this agreement. Submitting a false certification shall be deemed a material breach of contract. The City shall have the right to terminate the Contract and seek civil remedies pursuant to Florida Statute § 287.135.

1.19 Fraud and Misrepresentation

Any individual, corporation, or other entity that attempts to meet its contractual obligations with the City through fraud, misrepresentation, or material misstatement, or omission of any material fact, may be debarred in accordance with the applicable provisions of the City Code. The City as a further sanction may terminate or cancel any other Contracts with such individual, corporation, or entity. Such individual or entity shall be responsible for all direct or indirect costs associated with termination or cancellation.

1.20 Collusion

Where two (2) or more related parties, as defined herein, each submit a Response to this Solicitation, such Responses shall be presumed to be collusive. The foregoing presumption may be rebutted by the presentation of evidence as to the extent of ownership, control, and management of such related parties in preparation and submission under such solicitation. Related parties shall mean employees, officers or the principals thereof which have a direct or indirect ownership interest in another firm or in which a parent company or the principals thereof of one Respondent have a direct or indirect ownership interest in another Respondent, for the same Project. Responses found to be collusive, or related as provided above, shall be rejected.

1.21 Respondent in Arrears or Default

The Respondent represents and warrants that the Respondent is not in arrears to the City, City agency, or instrumentality, and is not a default as a Contractor, Vendor, Provider or whose default has not been fully cured by the Respondent's surety or otherwise upon any obligation to the City. In addition, the Respondent warrants that the Bidder has not been declared "not responsible" or "disqualified" by, suspended, or debarred from doing business with any state or local government entity in the State of Florida, the Federal Government or any other State/local governmental entity in the United States of America, nor is there any proceeding pending pertaining to the Respondent's responsibility or qualifications to receive public agreements. The

Respondent considers this warrant as stated in this section to be a continual obligation and shall inform the City of any change during the term of the Contract.

The City shall deem as non-responsible, Respondents that the City has determined is in monetary arrears, in debt, or in default to the City at the time bids are due.

1.22 Conflict of Interest

By way of its Response, Successful Respondent recognizes and certifies that no elected official, board member, or employee of the City shall have a financial interest directly or indirectly in the Contract or any compensation to be paid under or through this transaction, and further, that no City employee, nor any elected or appointed officer (including City Council members) of the City, nor any spouse, parent or child of such employee or elected or appointed officer of the City, may be a partner, officer, director or proprietor of Respondent, and further, that no such City employee or elected or appointed officer, or the spouse, parent or child of any of them, alone or in combination, may have a Material Interest in the Respondent. "Material Interest" for purposes of this subsection shall mean direct or indirect ownership of more than 5% of the total assets or capital stock of the Respondent. Any exception to these above-described restrictions must be expressly provided by applicable law or ordinance and be confirmed in writing by City. Further, Respondent recognizes that with respect to its Response to this Solicitation, if any Respondent violates or is a party to a violation of the ethics ordinances or rules of the City, the provisions of Miami- Dade County Code Section 2-11.1, as applicable to City, or the provisions of Chapter 112, part III, Fla. Stat., the Code of Ethics for Public Officers and Employees, such Respondent may be disqualified from furnishing the goods or services for which the Response is submitted and may be further disqualified from submitting any future Responses for goods or services to City. Respondent must complete and execute the Business Entity Affidavit form.

1.23 Assignment or Transfer

The Successful Respondent shall not assign, transfer, convey, sublet or otherwise dispose of its interest in the Solicitation or the subsequent Contract, including any or all of its right, title or interest therein, or its power to execute such Contract to any person, company or corporation without the prior written consent of the City at its sole and absolute discretion.

Further, in the event that the majority ownership or control of the Successful Respondent changes

subsequent to the award of this Solicitation or Contract, Successful Respondent shall promptly notify City in writing of such change at least thirty (30) days prior to such change and the City shall have the right to terminate the contract, at City's sole discretion.

1.24 City Property

Unless explicitly provided otherwise in this Solicitation, property owned by the City which may be furnished for repair, modification, study, etc., shall remain the property of the City. The Successful Respondent shall be liable for any and all damages to City-owned property occurring while in the Successful Respondent's possession. Damages occurring to such property while in route to the City shall be the responsibility of the Successful Respondent. In the event that such property is destroyed or declared a total loss, the Successful Respondent shall be responsible for replacement value of the property at the current market value, less depreciation of the property if any plus any other damages incurred by the City as a result of such loss.

Where Successful Respondents are required to enter onto City real property to deliver materials or to perform work or services in connection with a Contract, the Successful Respondent will assume the full duty, obligation, and expense of obtaining all necessary licenses, permits, inspections, and insurance required. The Successful Respondent shall be liable for any damages or loss to the City occasioned by negligence of the Successful Respondent (or their agent, representatives, or invitees).

1.25 Termination For Default

If the Successful Respondent defaults in its performance under the Contract and does not cure the default within seven (7) days after written notice of default, the City Manager may terminate this Contract, in whole or in part, upon written notice without penalty to the City. In such event, the Successful Respondent shall be liable for damages including the excess cost of procuring similar supplies or services: provided that if, (1) it is determined for any reason that the Successful Respondent was not in default or (2) the Successful Respondent's failure to perform is without his control, fault or negligence, the termination will be deemed to be a termination for the convenience of the City.

1.26 Termination For Convenience

The City Manager may terminate the Contract, in whole or in part, upon 30 days prior written notice when it is in the best interests of the City. If the Contract is for supplies, products, equipment, or software, and so

terminated for the convenience by the City, the Successful Respondent will be compensated solely for the supplies, products, equipment, or software that have been delivered to and accepted by the City prior to termination. To the extent that this Contract is for services and so terminated, the City of Doral shall be liable only for payment in accordance with the payment provisions of the Contract for those services rendered prior to termination. Except as expressly provided herein, the City shall not be liable for any damages incurred by the counterparty to the Contract in connection with such termination.

1.27 Confidentiality

As a political subdivision, the City is subject to the Florida Sunshine Act and Public Records Law. If the Contract contains a confidentiality provision, it shall have no application when disclosure is required by Florida law or upon court order.

1.28 Anti-Trust/Non-Exclusivity

At such times as may serve its best interest, the City reserves the right to advertise for, receive, and award additional Contracts for the goods and/or services specified in this Solicitation, and to make use of other contracts for the purchase of these goods and/or services as may be available.

In case of a default by the Successful Respondent or failure of Successful Respondent to provide the goods and/or services indicated in the Contract, the City may procure the applicable goods and/or services from other sources and hold the Successful Respondent responsible for any excess costs incurred thereby, including, without limitation and as applicable, by retaining any amounts held by the City.

1.29 Quantities

The City does not guarantee or warranty as to the total amount that may or may not be purchased from any resultant Contract. Any quantities included are for bidding purposes only and may be used for tabulation. The City reserves the right to reasonably increase or decrease quantities as required.

1.30 Audit Rights and Records Retention

The Successful Respondent agrees to provide access to the City, or any of their duly authorized representatives, to any books, documents, papers, and records of the Successful Respondent which are directly pertinent to the Contract, for the purposes of audit, examination, excerpts, and transcriptions. The Successful Respondent shall maintain and retain any and all of the

aforementioned records for a minimum of three years after the expiration and/or termination of the Contract.

1.31 Capital and Other Expenditures

Successful Respondent understands that any capital expenditures that the Successful Respondent makes, or prepares to make, in order to provide the goods or perform the services required by the City under the Contract, is a business risk which the Successful Respondent must assume. The City will not be obligated to reimburse amortized or unamortized capital expenditures or any other expenses unless otherwise explicitly agreed to by the City in writing and as part of the Contract.

1.32 Governing Law and Venue

The validity and effect of the Contract shall be governed by the laws of the State of Florida. The Successful Respondent agrees that any action, mediation, or arbitration arising out of the Solicitation or Contract shall take place in Miami-Dade County, Florida.

1.33 Attorney Fees

In connection with any litigation, mediation, or arbitration arising out of this Contract, each party shall be responsible for their own attorney fees through and including appellate litigation and any post-judgment proceedings.

1.34 Disputes

If any dispute concerning a question of fact arises under the Contract, other than termination for default or convenience, the Successful Respondent, and the City department responsible for the administration of the Contract shall make a good faith effort to resolve the dispute. If the dispute cannot be resolved by mutual agreement, then the City Attorney shall resolve the dispute and send a written copy of its decision to the Successful Respondent, which shall be binding on both parties.

1.35 Waiver of Jury Trial

The City and the Successful Respondent knowingly, irrevocably voluntarily and intentionally waive any right either may have to a trial by jury in State or Federal Court proceedings in respect to any dispute arising out of the Contract or the performance of the Work thereunder.

1.36 No Partnership or Joint Venture

Nothing contained in this Solicitation or Contract will be deemed or construed to create a partnership or joint venture between the City and Successful Respondent, or to create any other similar relationship between the

parties.

The Successful Respondent is an independent entity under the Contract. Services provided by the Successful Respondent shall be by employees of the Successful Respondent and subject to supervision by the Successful Respondent, and not as officers, employees, or agents of the City. Personnel policies, tax responsibilities, social security and health insurance, employee benefits, purchasing policies and other similar administrative procedures, applicable to services rendered under the Contract shall be those of the Successful Respondent.

1.37 Severability

If any provision of the Contract or the application thereof to any person or situation shall to any extent, be held invalid or unenforceable, the remainder of the Contract, and the application of such provisions to persons or situations other than those as to which it shall have been held invalid or unenforceable shall not be affected thereby, and shall continue in full force and effect, and be enforced to the fullest extent permitted by law.

1.38 Indemnification

The Successful Respondent granted a Contract with the City as a result of this Solicitation shall indemnify and hold harmless the City, its officers, agents, directors, and employees, from liabilities, damages, losses, and costs, including, but not limited to all reasonable attorney's fees and costs, to the extent caused by the error, omission, negligence, recklessness or intentional misconduct of the Successful Respondent or its agents, employees, or subcontractors or consultants, arising out of or in connection with this Solicitation or the Contract. These indemnifications shall survive the term of the Contract. In the event that any action or proceeding is brought against City by reason of any such claim or demand, the Successful Respondent shall, upon written notice from City, resist and defend such action or proceeding by counsel satisfactory to City. The Successful Respondent expressly understands and agrees that any insurance protection required by this Contract or otherwise provided by the Successful Respondent shall in no way limit the responsibility to indemnify, keep and save harmless and defend the City or its officers, employees, agents and instrumentalities as herein provided.

The indemnification provided above shall obligate the Successful Respondent to defend at its own expense to and through appellate, supplemental or bankruptcy proceeding, or to provide for such defense, at City's option, any and all claims of liability and all suits and actions of every name and description which may be

brought against City whether performed by the Successful Respondent or persons employed or utilized by the Successful Respondent. This indemnity will survive the cancellation or expiration of the Contract.

This indemnity will be interpreted under the laws of the State of Florida, including, without limitation, in a manner that conforms to the limitations of §768.28, §725.06 and/or §725.08, Florida Statutes, as applicable and as amended.

The Successful Respondent shall require all subconsultants and subcontractors' agreements to include a provision specifying that they will indemnify and hold harmless the City in the manner substantially set forth above.

The Successful Respondent agrees and recognizes that the City shall not be held liable or responsible for any claims which may result from any actions or omissions of the Successful Respondent in which the City participated either through review or concurrence of the Successful Respondent's actions. In reviewing, approving or rejecting any submissions by the Successful Respondent or other acts of the Successful Respondent, the City in no way assumes or shares any responsibility or liability of the Successful Respondent or subcontracted entities, under the Contract.

Successful Respondent warrants that there has been no violation of copyrights or patent rights in submitting their Response or providing the goods or services requested by this Solicitation. The Successful Respondent shall pay all royalties and assume all costs arising from the use of any invention, design, process materials, equipment, product or device which is the subject of patent rights or copyrights. Successful Respondent shall, at its own expense, hold harmless and defend the City against any claim, suit or proceeding brought against the City which is based upon a claim, whether rightful or otherwise, that the goods or services, or any part thereof, furnished under the contract, constitute an infringement of any patent or copyright of the United States. The Successful Respondent shall pay all damages and costs awarded against the City.

1.39 City Rights as Sovereign

Notwithstanding any language contained in this Solicitation or subsequent Contract, Successful Respondent understands that the City retains all of its sovereign prerogatives and rights as a municipality under applicable laws, including, but not limited to, any regulatory authority and approvals. Neither the issuance

of this Solicitation nor any subsequent Contract shall constitute a waiver of the City's rights as sovereign. In no event shall the City have any obligations or liabilities to the Successful Respondent under the Contract or otherwise on account of the City's exercise of its sovereign prerogatives and rights and regulatory authority (quasi-judicial or otherwise) as a municipal government.

1.40 Time is of the Essence

Successful Respondent understands and agrees that time is of the essence in the completion and delivery of the goods and/or services to be provided in connection with the Solicitation and subsequent Contract.

Contractor will promptly perform its duties under the Contract and will give the Work as much priority as is necessary to cause the Work to be completed on a timely basis in accordance with the Contract. All Work shall be performed strictly (not substantially) within the time limitations necessary to maintain the critical path and all deadlines established in the Contract. Time is of the essence in performance of the Work.

1.41 Delivery

The delivery of any all goods required by this Solicitation and resultant Contract shall be delivered F.O.B. Destination (i.e., at a specific City-designated address), and delivery costs and charges (if any) will be included in the quoted price. Exceptions shall be noted.

Goods or material(s) delivered to the City pursuant to this Solicitation and resultant Contract shall remain the property of the Successful Respondent until accepted to the satisfaction of the City. In the event goods or materials delivered to City are found to be defective or do not conform to specifications, the City reserves the right to reject or return the same to the Successful Respondent at the Successful Respondent's expense. Rejected goods left longer than thirty (30) calendar days will be regarded as abandoned and the City shall have the right to dispose of them as its own property. Rejection for non-conformance or failure to meet delivery schedules may result in the Contractor being found in default.

1.42 Brand Names

Unless otherwise provided in this Solicitation, if a brand name, make, manufacturer trade name, or vendor catalog is mentioned, whether followed by the words "approved equal" or otherwise, it is the intent of the City that such name is included for the purpose of establishing a grade or quality of material only. Bidder may offer

alternatives of equal quality and appropriateness for the City's needs with appropriate identification, samples, and/or specifications. The City shall be the sole judge concerning the merits of items as equals.

1.43 Contract Amendments

The Contract(s) that result from this Solicitation may not be modified except pursuant to written amendment executed by both the City and the Successful Respondent, or their authorized successors or assigns.

1.44 Conflicts and Order of Precedence

This Solicitation and Contract shall be read together to avoid any conflicts. However, in the event of a conflict or inconsistency between this Solicitation or any exhibit attached hereto, any document referred to herein, or any document incorporated into this Solicitation and Contract by reference, and a term, statement, requirement, the Response by Successful Respondent, specifications and plans prepared by the Successful Respondent, if applicable, or provision of the Contract the following order of precedence shall apply:

In the event of any conflicts between the Contract and Solicitation, the Contract, as may be amended, shall govern. Where there appears to be a conflict between the General Terms and Conditions, Special Terms and Conditions, the Technical Specifications, or any addendum issued, the order of precedence shall be the last addendum issued, the Technical Specifications, the Special Terms and Conditions, and then the General Terms and Conditions.

In the event of conflicts within the Contract, as amended the priorities stated below shall govern, as applicable:

- Scope of Work and Specifications shall govern over the Response, including without limitation any plans and drawings submitted thereby;
- Larger scale drawings shall govern over smaller;
- Figured or numerical dimensions shall govern over dimensions obtained by scaling; and
- Where provisions of codes, manufacturer's specifications or industry standards are in conflict, the more restrictive or higher quality shall govern.

1.45 Contract Interpretation and Construction

The singular includes the plural, and the plural includes the singular. "Shall" is mandatory and "may" is permissive. The masculine gender includes the feminine and neuter. The words "furnish" and "furnish and install", "install", and "provide" or words with similar meaning shall be interpreted, unless otherwise specifically stated, to mean "furnish and install complete in place and ready for

service".

Miscellaneous items and accessories which are not explicitly mentioned, but which are essential to produce a complete and properly operating product providing the function indicated, shall be furnished and installed without change in the Contract price. Such miscellaneous items and accessories shall be of the same quality standards, including material, style, finish, strength, class, weight, or other applicable characteristics as specified for the major component of which the miscellaneous item or accessory is an essential part, and shall be approved by the City before installation. The above requirement is not intended to include major components not covered by or inferable from the Response and Contract specifications.

1.46 Rights and Remedies

The duties and obligations imposed by this Solicitation and Contract and the rights and remedies available thereunder, and, in particular but without limitation, the warranties, guarantees and obligations imposed upon Successful Respondent and those rights and remedies available to the City, shall be in addition to, and shall not be construed in any way as a limitation of, any rights and remedies available by law, by special guarantee or by other provisions of the Contract.

1.47 Inspection of Project Records

The City shall have the right to inspect and copy during regular business hours at City's expense, the books and records and accounts of Successful Respondent which relate in any way to the Contract, and to any claim for additional compensation made by Successful Respondent, and to conduct an audit of the financial and accounting records of Successful Respondent, which arise out of the Contract. Successful Respondent shall retain and make available to City all such books and records and accounts, financial or otherwise, which relate to the Contract and to any claim for a period of three (3) years following final completion of the underlying project at no cost to the City. During the implementation of the work contemplated under the Contract and the three (3) year period following final completion of the same, the Successful Respondent shall provide the City access to such books and records upon five (5) days written notice.

1.48 Notice

Whenever any provision of the Contract requires the giving of written notice it shall be deemed to have been validly given if delivered in person to the individual or to a member of the firm or to an officer of the corporation for whom it is intended, or if delivered at or sent by registered

or certified mail, postage prepaid, to the last business address known to them who gives the notice.

1.49 Taxes

The prices proposed pursuant to the Contract, shall be inclusive of the cost of all applicable sales consumer, use, and other taxes for which the Respondent is liable.

1.50 Employees

The Successful Respondent shall be responsible for the appearance of any and all working on-site personnel assigned to the work in connection with the Contract (clean and appropriately dressed at all times). On-site personnel must be able to supply proper identification at all times.

All employees of the Successful Respondent shall be considered to be at all times the sole employees of the Successful Respondent, under the Successful Respondent's sole direction, and not an employee or agent of the City. The Successful Respondent shall supply competent, suitably qualified, and capable employees and the City may require the Successful Respondent to remove any employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose presence on City property is not in the best interest of the City. The City shall not have any duty to implement or enforce such requirements.

Each employee of the Successful Respondent shall be a citizen of the United States or an alien who has been lawfully admitted for permanent residence as evidenced by an Alien Registration Card. The Successful Respondent agrees not to employ any person undergoing sentence of imprisonment except as otherwise provided by applicable laws.

1.51 Subcontractors or Suppliers

Prior to the commencement of any work pursuant to the Contract, the Successful Respondent shall furnish, in writing to the City, the names of all persons/entities (including those who are to furnish materials or equipment fabricated to a special design), if any, proposed for each principal portion of the work.

The City shall notify the Successful Respondent, in writing, of any proposed person or entity to which City has an objection. The Successful Respondent will not

employ any subcontractor or supplier against whom the City may have reasonable objection. Nor will the Successful Respondent be required to employ any subcontractor or supplier who has been accepted by the City, unless the City determines that there is good cause for doing so or if the terms of this Solicitation or Contract specify otherwise.

The Successful Respondent shall be fully responsible for all acts and omissions of their subcontractors and/or suppliers and of persons and organizations directly or indirectly employed by them and of persons and organizations for whose acts any of them may be liable to the same extent that they are responsible for the acts and omissions of persons directly employed by them.

All work performed for the Successful Respondent by a subcontractor, supplier, or other person will be pursuant to an appropriate agreement between the Successful Respondent and such person. All agreements between the Successful Respondent and all subcontractors, suppliers, or others shall specifically bind the subcontractor, supplier, or other person to all applicable terms and conditions of the Contract for the City' benefit.

Nothing in the Contract shall create any contractual obligation or liability on the part of the City to any subcontractor, supplier, or other person having a direct contract with Successful Respondent, including without limitation any payment to any such person, except as may otherwise be required by law.

1.52 Extensions

The City reserves the right to automatically extend the Contract for up to one hundred twenty (120) calendar days beyond the stated contract term in order to provide City departments with continual service and supplies while a new contract is being solicited, evaluated, negotiated and/or awarded. If the right is exercised, the City shall notify the Contractor, in writing, of its intent to extend the Contract at the same price, terms and conditions for a specific number of days. Additional extensions over the first one hundred twenty (120) day extension may occur, if, the City and the Contractor are in mutual agreement of such extensions.

[END OF SECTION]

ARTICLE 2 – SPECIAL TERMS AND CONDITIONS

2.1 Purpose and Intent

The City of Doral is soliciting Proposals from qualified and experienced firms for the provision of General Engineering and Architectural Services. The City will review submittals only from those firms that submit a Proposal that complies with all the minimum requirements set forth in this Request for Qualifications.

Consultants may perform work for various departments of the City including, but not limited to, Public Works, Parks and Recreation, Building, and Planning & Zoning. The City anticipates the majority of the scope of work to be engineering related.

- Information for both Prime and Subconsultants shall be submitted in sections E, F, G and H of SF 330 Part I.
- Example Projects listed in Section F should include Point of Contact email address in addition to contact name and telephone number. References shall not be City of Doral employees.
- Both Prime and Subconsultants shall submit Part II of SF 330.
- All resume information shall be provided as part of SF 330, Part 1, Section E, "Resumes of Key Personnel Proposed for this contract".
- Certificates of Authority shall be provided for each entity that is a member of any Joint Venture Proposer.

6. RFQ Required Forms: Proposer shall complete and submit the remaining forms included in the attached Exhibit A.

Note regarding Confidential and Proprietary Information. Any information submitted in connection with this pre-qualification process shall be subject to disclosure under Chapter 119, F.S., unless the same is specifically excluded in that Chapter or another section of the Florida Statutes. To avail itself of such exemptions, Proposers must identify, with specificity, which materials are exempt and which exemptions apply, including the specific statutory citation and the reasons why such protection is applicable and necessary. Failure to abide by this procedure may result in disclosure of the Proposer's information.

2.3 Evaluation Process

The procedure for Proposal evaluation and selection is as follows:

1. Procurement staff shall preliminarily review the Proposals for compliance with the submission requirements of this RFQ.
2. Phase I: Review by professional staff and/or an Evaluation Committee ("Committee") certifying that the Proposer is qualified to render the required services according to State regulations. The Committee, appointed by the City Manager, shall meet to evaluate each responsive Proposal in accordance with the requirements of this RFQ. The Committee will select the firms deemed the most highly qualified to perform the required services. The City anticipates the selection of the ten (10) top-ranked responsive and responsible firms but reserves the right to select more or less if in the City's best interest.
3. Phase II: At the Committee's option, they may decide to hold brief presentations and interview sessions with all Proposers or shortlisted firms. If requested by the Committee, oral presentations and/or interview sessions will be scheduled with the shortlisted firms that may include a visual component, ranging from a collage or sketch to a high-resolution rendering, to convey the shortlisted firms' vision for the Project. After oral presentations, the Committee will reevaluate and rescore the Proposals, in conjunction with the oral presentations.

Based on the number of RFQ submissions received, the Committee may elect that all Proposers participate in the Phase II evaluation process and not utilize the Phase I evaluation scores. The City may also decide that the Phase II portion of the process is not necessary and recommend for award based upon Phase I only.

Procurement staff will calculate the final score for each shortlisted firm, to finalize the composite scores and ranking of the Committee. The Committee will forward its recommendation to the City Manager, listing the Proposers in rank order.

4. After reviewing the Committee's recommendation, the City Manager may:
 - a. Approve the Committee's recommendation and authorize Procurement to enter into negotiations with the top ranked Proposer(s) or request that the Committee provide additional information as to the ranking of the Proposals. Upon approval of the Committee's recommendation, the Proposers will be listed in rank order on the City's webpage and on the Vendor Registry and Demand Star webpages for this RFQ; or
 - b. Reject the Committee's recommendation and instruct the Committee to re-evaluate and make further recommendations; or
 - c. Reject all Proposals.

5. Upon successful negotiation of the Agreement(s), Procurement will forward the recommended Agreement(s) to the City Manager for approval, and the City Manager upon acceptance of the negotiated Agreement(s) will recommend that the City Council, when required by the City's Procurement Code, approve the recommendation of the Committee and the award of the Agreement(s). Where Procurement is not able to successfully negotiate an Agreement with the top ranked Proposer(s), Procurement will recommend to the City Manager that such negotiations be terminated, and that Procurement either enter into negotiations with the next ranked Proposer(s) until an Agreement is negotiated or reject all Proposals.

6. After reviewing the City Manager's recommendation, the City Council may:
 - a. Approve the City Manager's recommendation and authorize award of the Agreement(s); or
 - b. Reject the City Manager's recommendation to award the Agreement(s); or
 - c. Reject all Proposals and direct the City Manager to re-open negotiations or to solicit new Proposals.

2.4 Evaluation Criteria

The Committee shall be composed of at least three (3) but no more than five (5) individuals and ranked in the order of the most responsive and responsible Respondent. The Committee will evaluate submittals and will select the respondents which it will recommend as meeting the best interests of the City. The City shall be the sole judge of its own best interests, the submittals, and the resulting negotiated agreement. The City's decision will be final.

Proposals shall be evaluated according to the following criteria and respective weight:

Evaluation Criteria	Maximum Points
<p>Qualifications, Experience, and Past Performance of Proposer</p> <p>Including, without limitation, years, quality, and applicability of Firm's prior experience; ability, capacity and skill; whether the firm is a certified minority business enterprise; adequacy of firm to perform, including timeliness, stability, availability and licenses.</p>	40 points
<p>Qualifications, Experience, and Past Performance of Project Team</p> <p>Including, without limitation, credentials, qualifications, size and quality of completed and ongoing projects, and other accomplishments of team members and subcontractors.</p>	35 points

Quality and Completeness of the Project Team and Proposal Including, without limitation, the quality and availability of references, compliance with the response preparation and other submission requirements.	15 points
Project Implementation Strategy and Approach Including, without limitation, the firm's understanding of the City's needs, local conditions, goals, and objectives.	10 points

Extra Points: Following the completion of the allocation of points by the committee, points will be added for the following criteria:

Proposer has provided proof of certification showing it is a certified veteran business enterprise or certified service-disabled veteran business enterprise, as defined in City of Doral Code Section 2-324	5 points
--	----------

2.5 Basis of Award

Contracts will be awarded in accordance with Section 287.055, Florida Statutes ("CCNA"). The City intends to award contracts to a manageable number of qualified firms deemed to be the most highly qualified Proposers. No minimum amount of service or compensation will be assured to selected respondent(s) and the City will not be prevented in any manner from retaining other firms at its sole discretion.

Individual projects will be awarded to qualified firms pursuant to a supplemental Work Order on a project-by-project basis taking into consideration various factors, including but not limited to past performance; willingness to meet time and budget requirements; location; ability of professional personnel; recent, current, and projected workloads; volume of work previously awarded to each firm; with the object of effecting an equitable distribution of contracts among qualified firms, provided such distribution does not violate the principle of selection of the most highly qualified firms.

2.6 Contract Term

The Contract shall have an initial term of three (3) years from the Contract's effective date. Prior to, or upon completion of that initial term, the City shall, at its sole and absolute discretion, have the option to renew the contract for one (1) additional year under the same terms and conditions.

2.7 Use of Sub-consultants

For purposes of this RFQ, the terms "Subconsultant" and "Subcontractor" are used interchangeably. A Subconsultant or Subcontractor is any individual, firm, entity, or organization, other than the employees of the Proposer, who has or will have a contract with the Proposer to assist in the performance of Services required under this RFQ.

A Subconsultant shall be paid directly by the Proposer and shall not be paid directly by the City. The Proposer must clearly identify in its Proposal the Subconsultants to be utilized in the performance of required Services. The City retains the right to accept or reject any Subconsultant proposed in accordance with the minimum experience requirements set forth in this RFQ or proposed prior to execution of the Agreement. Any and all liabilities regarding the use of a Subconsultant shall be borne solely by the Successful Proposer, and insurance for each Subconsultant must be approved by the City and maintained in good standing throughout the duration of the Agreement. Neither the Successful Proposer nor any of its Subconsultants are considered employees, partners, affiliates, or agents of the City. Failure to list all Subconsultants and provide the required information may disqualify any

unidentified Subconsultants from performing work under this RFQ.

After Proposal submittal, Proposers are expressly prohibited from substituting any Subconsultant or Subcontractor contained in their Proposal. Just cause and prior written approval by the City Manager or City Manager's authorized designee are required for substitution of any Subconsultants. If approved, the City reserves the right to request additional required documentation as specified in the RFQ. If the City does not accept the proposed change(s), the Proposal may be rejected and not considered for award.

The City reserves the right to request that the selected Respondents utilize the services of the proposed Subconsultants to supplement the expertise and resources which may be required at any given time and for the purpose of carrying out the intent of the requirements herein as may be needed for each individual project. The City shall have the right to review and approve any proposed changes to Subconsultants proposed by Respondents during the term of the Agreement.

2.8 Licensing

Successful respondent must provide a copy of their occupational/business license and State registration at time of award. Respondents must have the proper license(s) and/or certification(s) to perform what is being requested in this project. Failure to possess the proper license(s) and/or certification(s) may result in disqualification of proposal submittal or termination of the Contract after award. Copies of the respondent's license(s) and/or certification(s) which are applicable to this project shall be submitted as part of their bid submittal. Pursuant to section 607.1503(1), Florida Statutes, Corporations, out-of-state corporations are required to obtain a Florida Certificate of Authorization from the Florida Department of State, Division of Corporations, to transact business in the State of Florida.

2.9 Agreement Terms and Conditions

The Proposer(s) awarded a contract to render the services requested herein shall be required to execute a Professional Services Agreement ("PSA" or "Agreement") with the City. Certain provisions of the Agreement are non-negotiable, including, without limitation, those provisions explicitly set forth in this RFQ such as hold harmless, duty to defend and indemnify the City, insurance, payment and performance bond(s), etc. None of the foregoing shall preclude the City, at its option, from seeking to negotiate changes to the Agreement during the negotiation process.

Further details concerning the terms and conditions are contained in the Agreement, as sample of which is included as Exhibit C of this RFQ. A detailed Scope of Work will be developed by the City for each Work Order issued.

[END OF SECTION]

ARTICLE 3 – SCOPE OF WORK / TECHNICAL SPECIFICATIONS

3.1 Scope of Work

The services to be provided by the consultant(s) will be general consulting services whereby the consultant(s) may serve as advisor, administrative consultant, or technical consultant to the City. The consultant(s) may be asked to act as a technical resource supporting and supplementing City Staff. Additionally, services may be project-specific and will be assigned on a work-order basis, whereby the consultant(s) will be asked to prepare planning documents, engineering studies, construction plans, technical specifications, bid documents, tabulation of quantities, construction estimates, and/or provide construction management services for specific projects as defined by the City. Construction management services or Construction Engineering and Inspection (“CEI”) services may be required for projects completed by the consultant(s), completed by other consultant(s), or in support of projects completed by City staff.

Other professional services to be provided may include, and not be limited to, architectural services for miscellaneous projects; planning, including land and/or space planning; design and/or construction management for various projects such as roadways, drainage, structural, bridge, electrical, mechanical, traffic engineering, civil/site planning, water and sewer, environmental assessments and engineering, land use and zoning, architectural design, landscaping design, economic analysis including life-cycle costs and value engineering, construction management, and project management. From time to time, consultants may be asked to assist the City in project coordination meetings with other municipalities, regulatory agencies, developers, local and state governments.

The Successful Proposer(s) shall provide one or more of the following services, among others, in an on-going and as-needed basis with respect to various project sites to be identified by the City. Further details concerning the Scope of Services will be detailed in the ensuing Agreement/s and will be further specified and clarified in Work Order Proposals solicited as project sites are identified.

- **Roadway and Drainage Design**: Includes roadway design, geotechnical, survey, landscaping, lighting, signalization, signing and pavement markings and drainage analysis needed to prepare a complete set of roadway construction plans including drainage calculations and design, traffic control, maintenance of traffic, street lighting, signal permits applications and processing. All documents are to be signed and sealed by a Professional Engineer registered in the State of Florida.
- **Structural Design**: Includes the design, calculations and analysis needed to prepare a complete set of construction documents for bridge structures, retaining wall, culverts, building structures, as needed including foundation designs. All documents to be signed and sealed by a Professional Engineer registered in the State of Florida.

All documents to be signed and sealed by a Professional Engineer registered in the State of Florida.
- **Civil site planning and design including land use**: Includes the preparation of site plans as required by the City. Consultant should be able to prepare comprehensive land use and zoning studies and recommendations as requested by the City Planning Department. All documents to be signed and sealed by a Professional Engineer or Architect registered in the State of Florida.

- **Environmental Engineering**: Includes field data collection, site investigations, environmental assessments and design as needed to prepare remediation plans for underground storage tanks, hazardous waste materials, asbestos removal, wetland mitigations, endangered species evaluations and permit applications. All documents to be signed and sealed by a Professional Engineer registered in the State of Florida.
- **Land Use and Zoning**: Includes the preparation and revision of amendments to the City's comprehensive master plan to guide development within the City. Review development proposals to verify compatibility with the City's concurrency thresholds and requirements to meet the comprehensive plan. All documents to be signed and sealed by a Professional Engineer or Architect registered in the State of Florida or an AICP.
- **Building Remodeling and/or New Construction**: Includes the conceptual design, structural, mechanical, electrical calculations and final design layouts and sketches necessary to prepare a complete set of building plans and specifications (bid documents) for municipal buildings, maintenance facilities, recreation buildings and any other city facilities. All documents to be signed and sealed by a Professional Engineer and/or Registered Architect registered in the State of Florida.
- **Plans Review and Permitting**: Includes the architectural and engineering reviews necessary to confirm plans prepared by individuals or consultants to applicable building and zoning codes, fire codes and Americans with Disabilities Act requirements. Consultant personnel would work under the supervision of the Public Works Director and Building Official of the City. Provides recommendation of approval to City's Public Works Director and Building Official charged with issuing permits.
- **Building/Threshold Inspections**: Includes specialized architectural and engineering services required for the inspection of construction projects including but not limited to structural, building, plumbing, mechanical, electrical, roofing in accordance with the requirements of the applicable building codes. Personnel assigned by the consultant(s) to this function must be qualified in accordance with State law.
- **Contract Administration**: Includes engineering services necessary for the analysis of construction schedules, construction delay claims, change orders, preparation of progress and final payment estimates, contract correspondence, preparation of minutes for various meetings and public information programs.
- **Construction Engineering Inspection (CEI)**: Includes detailed inspections during the construction process, certification of pre-manufactured materials, testing of materials, monitoring conformance to construction plans and specifications, review and approval of shop drawings, review and recommend progress payments, preparation of progress reports.
- **Material Inspection**: Includes laboratory analysis of asphalt, mineral aggregates, concrete, soils and steel, water, sewage, field sampling for laboratory analysis and submission of certified reports as required by the City.
- **Project Management**: Includes engineering management services necessary for the management, supervision of design and construction schedules, analysis of design concepts that may include value engineering responsibilities, supervise the preparation of engineering studies, engineering plans and specifications, contract coordination and correspondence, Grant Management for Local, State, and/or Federal Agencies, preparation of minutes for various meetings including but not limited to utility coordination and pre-construction meetings, and public information programs.

- **Landscape Design:** Preparation of landscape plans (conceptual thru final drawings and specifications) including tree selection, tree identification and biology, growth characteristics and requirements (water, soil, nutrition), installation and establishment, as well as pruning and maintenance.

In order to be considered, Proposers must have experience in all related areas described above and be particularly familiar with the design criteria and standards used within each area of expertise and in particular the practices of the State of Florida Department of Transportation, Miami-Dade County Department of Public Works and Transportation, Miami- Dade County Department of Environmental Resources Management and Miami-Dade County Water and Sewer Department, the State of Florida Department of Health, the State of Florida Department of Environmental Protection and the South Florida Water Management District as well as applicable building codes. Consultants should also be familiar with the standards, practices, requirements and applicable ordinances of the City of Doral. The City understands that not all of the interested firms provide services for all of the disciplines mentioned; therefore the City will consider joint ventures.

3.2 Qualifications

All Proposers must meet the following minimum qualifications:

- The Proposer shall have been licensed, registered, and authorized to conduct business in the State of Florida under its current business name with professional experience in comprehensive engineering services, preferably for public agencies for the **last five (5) consecutive years**; and
- Proposers must demonstrate substantial experience as an engineering firm through the submission of at least **three (3) previously completed or ongoing engineering design projects, within the last ten (10) years.**
 - The projects submitted by Proposer shall be of such size and scope that is representative of Proposer's qualifications and capacity.
 - Section F of Standard Form 330 Architect-Engineer Qualifications, attached as Exhibit B, must include the Projects upon which Proposer is relying to satisfy this requirement.

The City may consider a Proposal responsive where a Proposer has less than the stipulated minimum number of years of experience solely where the Proposer has undergone a name change and such change-of-name has been filed with the State of Florida, or where the Proposer was a subsidiary of a larger firm and the Proposer's firm has been merged into the larger firm. Proposers must include documentation substantiating the above stated minimum requirements as part of its Proposal for the City to consider crediting the years of experience from the Proposer under its previous name, if applicable.

Failure to meet the above-stated mandatory minimum requirements shall result in the Proposer's submittal being disqualified as non-responsive.

3.3 Unauthorized Work

The Successful Proposer shall not begin work until the City issues a written Notice to Proceed ("NTP"). Such NTP shall constitute the City's authorization to begin work. Any unauthorized work performed by the Successful Proposer, prior to receiving the NTP, or during the term of the Agreement, shall be deemed non-compensable by the City and shall be at the Proposer's sole risk and expense. The

Successful Proposer shall not have any recourse against the City for prematurely performing unauthorized work.

3.4 Site Inspection

Proposers should carefully examine the site location before submission of a Work Order proposal and make all necessary investigations to inform themselves thoroughly as to all difficulties involved in the completion of all services required pursuant to the mandates and requirements of this RFQ and the Agreement. No plea of ignorance of conditions or difficulties that may hereafter exist, or of conditions or difficulties that may be encountered in the execution of the services pursuant to the Work Order proposal as a result of failure to make the necessary examinations and investigations, will be accepted as an excuse for a failure or omission on the part of the Successful Proposer to fulfill, in every detail, all of the requirements, as defined in the Agreement, nor will they be accepted as a basis for any claims whatsoever for extra compensation or for an extension of time.

1. I am an agent of the below-named company (“Contractor”) authorized to make the statements contained in this affidavit on behalf of the Contractor.
2. Affiant is fully informed respecting the preparation and contents of the attached Bid/Proposal by Contractor and of all pertinent circumstances respecting such Bid/Proposal.
3. Affiant on behalf of Contractor represents that neither Contractor nor any principal, employee, agent, representative or family member has promised to pay, and Contractor has not and will not pay, a fee the amount of which is contingent upon the City of Doral awarding this contract.
4. Affiant on behalf of Contractor warrants that neither it, nor any principal, employee, agent, representative has procured, or attempted to procure, this contract in violation of any of the provisions of the Miami-Dade County conflict of interest and code of ethics ordinances; and
5. Affiant on behalf of Contractor acknowledges that a violation of this warranty may result in the termination of the contract and forfeiture of funds paid, or to be paid, to the Contractor if awarded the contract.

I hereby declare under penalty of perjury that the foregoing representations are true and correct.

PUBLIC ENTITY CRIMES SWORN STATEMENT
SECTION 287.133(3)(a) FLORIDA STATUTES

I, the undersigned affiant, swear or affirm that:

1. I am an agent of the below-named company ("Contractor") authorized to make the statements contained in this affidavit on behalf of the Contractor.
2. This sworn statement is submitted to the City of Doral by the below named affiant on behalf of the Contractor, whose business address is _____ and who was the following taxpayer identification number: _____ (utilize FEIN for entity and Social Security number if for individual)
3. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any Bid or Contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
4. I understand that "convicted" or "conviction" as defined in Para. 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
5. I understand that an "affiliate" as defined in Para. 287.133(1)(a), Florida Statutes, means:
 - A predecessor or successor of a person convicted of a public entity crime; or
 - Any entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executors, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prime facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.
6. I understand that a "person" as defined in Para. 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding Contract and which Proposals or applies to Bid on Contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "persons" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of any entity
7. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. (Indicate which statement applies.)

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. (Attach a copy of the final order.)

- 8. I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE CITY OF DORAL IS FOR THE CITY OF DORAL ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE CITY OF DORAL PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

I hereby declare under penalty of perjury that the foregoing representations are true and correct.

EXHIBIT B – ARCHITECT-ENGINEER QUALIFICATIONS

[Exhibit found on following page]

ARCHITECT-ENGINEER QUALIFICATIONS**OMB Control Number: 9000-0157**
Expiration Date: 2/29/2024

Paperwork Reduction Act Statement - This information collection meets the requirements of 44 USC § 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget (OMB) control number. The OMB control number for this collection is 9000-0157. We estimate that it will take 29 hours (25 hours for part 1 and 4 hours for Part 2) to read the instructions, gather the facts, and answer the questions. Send only comments relating to our time estimate, including suggestions for reducing this burden, or any other aspects of this collection of information to: U.S. General Services Administration, Regulatory Secretariat Division (M1V1CB), 1800 F Street, NW, Washington, DC 20405.

PURPOSE

Federal agencies use this form to obtain information from architect-engineer (A-E) firms about their professional qualifications. Federal agencies select firms for A-E contracts on the basis of professional qualifications as required by 40 U.S.C. chapter 11, Selection of Architects Engineers, and Part 36 of the Federal Acquisition Regulation (FAR).

The Selection of Architects and Engineers statute requires the public announcement of requirements for A-E services (with some exceptions provided by other statutes), and the selection of at least three of the most highly qualified firms based on demonstrated competence and professional qualifications according to specific criteria published in the announcement. The Act then requires the negotiation of a contract at a fair and reasonable price starting first with the most highly qualified firm.

The information used to evaluate firms is from this form and other sources, including performance evaluations, any additional data requested by the agency, and interviews with the most highly qualified firms and their references.

GENERAL INSTRUCTIONS

Part I presents the qualifications for a specific contract.

Part II presents the general qualifications of a firm or a specific branch office of a firm. Part II has two uses:

1. An A-E firm may submit Part II to the appropriate central, regional or local office of each Federal agency to be kept on file. A public announcement is not required for certain contracts, and agencies may use Part II as a basis for selecting at least three of the most highly qualified firms for discussions prior to requesting submission of Part I. Firms are encouraged to update Part II on file with agency offices, as appropriate, according to FAR Part 36. If a firm has branch offices, submit a separate Part II for each branch office seeking work.

2. Prepare a separate Part II for each firm that will be part of the team proposed for a specific contract and submitted with Part I. If a firm has branch offices, submit a separate Part II for each branch office that has a key role on the team.

INDIVIDUAL AGENCY INSTRUCTIONS

Individual agencies may supplement these instructions. For example, they may limit the number of projects or number of pages submitted in Part I in response to a public announcement for a particular project. Carefully comply with any agency instructions when preparing and submitting this form. Be as concise as possible and provide only the information requested by the agency.

DEFINITIONS

Architect-Engineer Services: Defined in FAR 2.101.

Branch Office: A geographically distinct place of business or subsidiary office of a firm that has a key role on the team.

Discipline: Primary technical capabilities of key personnel, as evidenced by academic degree, professional registration, certification, and/or extensive experience.

Firm: Defined in FAR 36.102.

Key Personnel: Individuals who will have major contract responsibilities and/or provide unusual or unique expertise.

SPECIFIC INSTRUCTIONS**Part I - Contract-Specific Qualifications**

Section A. Contract Information.

1. Title and Location. Enter the title and location of the contract for which this form is being submitted, exactly as shown in the public announcement or agency request.

2. Public Notice Date. Enter the posted date of the agency's notice on the Federal Business Opportunity website (FedBizOpps), other form of public announcement or agency request for this contract.

3. Solicitation or Project Number. Enter the agency's solicitation number and/or project number, if applicable, exactly as shown in the public announcement or agency request for this contract.

Section B. Architect-Engineer Point of Contact.

4-8. Name, Title, Name of Firm, Telephone Number, Fax (Facsimile) Number and E-mail (Electronic Mail) Address. Provide information for a representative of the prime contractor or joint venture that the agency can contact for additional information.

Section C. Proposed Team.

9-11. Firm Name, Address, and Role in This Contract. Provide the contractual relationship, name, full mailing address, and a brief description of the role of each firm that will be involved in performance of this contract. List the prime contractor or joint venture partners first. If a firm has branch offices, indicate each individual branch office that will have a key role on the team. The named subcontractors and outside associates or consultants must be used, and any change must be approved by the contracting officer. (See FAR Part 52 Clause "Subcontractors and Outside Associates and Consultants (Architect-Engineer Services)"). Attach an additional sheet in the same format as Section C if needed.

Section D. Organizational Chart of Proposed Team.

As an attachment after Section C, present an organizational chart of the proposed team showing the names and roles of all key personnel listed in Section E and the firm they are associated with as listed in Section C.

Section E. Resumes of Key Personnel Proposed for this Contract.

Complete this section for each key person who will participate in this contract. Group by firm, with personnel of the prime contractor or joint venture partner firms first. The following blocks must be completed for each resume:

12. Name. Self-explanatory.

13. Role in this contract. Self-explanatory.

14. Years Experience. Total years of relevant experience (block 14a), and years of relevant experience with current firm, but not necessarily the same branch office (block 14b).

15. Firm Name and Location. Name, city and state of the firm where the person currently works, which must correspond with one of the firms (or branch office of a firm, if appropriate) listed in Section C.

16. Education. Provide information on the highest relevant academic degree(s) received. Indicate the area(s) of specialization for each degree.

17. Current Professional Registration. Provide information on current relevant professional registration(s) in a State or possession of the United States, Puerto Rico, or the District of Columbia according to FAR Part 36.

18. Other Professional Qualifications. Provide information on any other professional qualifications relating to this contract, such as education, professional registration, publications, organizational memberships, certifications, training, awards, and foreign language capabilities.

19. Relevant Projects. Provide information on up to five projects in which the person had a significant role that demonstrates the person's capability relevant to her/his proposed role in this contract. These projects do not necessarily have to be any of the projects presented in Section F for the project team if the person was not involved in any of those projects or the person worked on other projects that were more relevant than the team projects in Section F. Use the check box provided to indicate if the project was performed with any office of the current firm. If any of the professional services or construction projects are not complete, leave Year Completed blank and indicate the status in Brief Description and Specific Role (block (3)).

Section F. Example Projects Which Best Illustrate Proposed Team's Qualifications for this Contract.

Select projects where multiple team members worked together, if possible, that demonstrate the team's capability to perform work similar to that required for this contract. Complete one Section F for each project. Present ten projects, unless otherwise specified by the agency. Complete the following blocks for each project:

20. Example Project Key Number. Start with "1" for the first project and number consecutively.

21. Title and Location. Title and location of project or contract. For an indefinite delivery contract, the location is the geographic scope of the contract.

22. Year Completed. Enter the year completed of the professional services (such as planning, engineering study, design, or surveying), and/or the year completed of construction, if applicable. If any of the professional services or the construction projects are not complete, leave Year Completed blank and indicate the status in Brief Description of Project and Relevance to this Contract (block 24).

23a. Project Owner. Project owner or user, such as a government agency or installation, an institution, a corporation or private individual.

23b. Point of Contact Name. Provide name of a person associated with the project owner or the organization which contracted for the professional services, who is very familiar with the project and the firm's (or firms') performance.

23c. Point of Contact Telephone Number. Self-explanatory.

24. Brief Description of Project and Relevance to this Contract. Indicate scope, size, cost, principal elements and special features of the project. Discuss the relevance of the example project to this contract. Enter any other information requested by the agency for each example project.

25. Firms from Section C Involved with this Project. Indicate which firms (or branch offices, if appropriate) on the project team were involved in the example project, and their roles. List in the same order as Section C.

Section G. Key Personnel Participation in Example Projects.

This matrix is intended to graphically depict which key personnel identified in Section E worked on the example projects listed in Section F. Complete the following blocks (see example below).

26. and 27. Names of Key Personnel and Role in this Contract. List the names of the key personnel and their proposed roles in this contract in the same order as they appear in Section E.

28. Example Projects Listed in Section F. In the column under each project key number (see block 29) and for each key person, place an "X" under the project key number for participation in the same or similar role.

29. Example Projects Key. List the key numbers and titles of the example projects in the same order as they appear in Section F.

Section H. Additional Information.

30. Use this section to provide additional information specifically requested by the agency or to address selection criteria that are not covered by the information provided in Sections A-G.

Section I. Authorized Representative.

31. and 32. Signature of Authorized Representative and Date. An authorized representative of a joint venture or the prime contractor must sign and date the completed form. Signing attests that the information provided is current and factual, and that all firms on the proposed team agree to work on the project. Joint ventures selected for negotiations must make available a statement of participation by a principal of each member of the joint venture.

33. Name and Title. Self-explanatory.

Part II - General Qualifications

See the "**General Instructions**" on page 1 for firms with branch offices. Prepare Part II for the specific branch office seeking work if the firm has branch offices.

1. Solicitation Number. If Part II is submitted for a specific contract, insert the agency's solicitation number and/or project number, if applicable, exactly as shown in the public announcement or agency request.

2a-2e. Firm (or Branch Office) Name and Address. Self-explanatory.

3. Year Established. Enter the year the firm (or branch office, if appropriate) was established under the current name.

4. Unique Entity Identifier. Insert the unique entity identifier issued by the entity designated at SAM. See FAR part 4.6.

5. Ownership.

a. Type. Enter the type of ownership or legal structure of the firm (sole proprietor, partnership, corporation, joint venture, etc.).

b. Small Business Status. Refer to the North American Industry Classification System (NAICS) code in the public announcement, and indicate if the firm is a small business according to the current size standard for that NAICS code (for example, Engineering Services (part of NAICS 541330), Architectural Services (NAICS 541310), Surveying and Mapping Services (NAICS 541370)). The small business categories and the internet website for the NAICS codes appear in FAR part 19. Contact the requesting agency for any questions. Contact your local U.S. Small Business Administration office for any questions regarding Business Status.

6a-6c. Point of Contact. Provide this information for a representative of the firm that the agency can contact for additional information. The representative must be empowered to speak on contractual and policy matters.

7. Name of Firm. Enter the name of the firm if Part II is prepared for a branch office.

8a-8c. Former Firm Names. Indicate any other previous names for the firm (or branch office) during the last six years. Insert the year that this corporate name change was effective and the associated unique entity identifier. This information is used to review past performance on Federal contracts.

9. Employees by Discipline. Use the relevant disciplines and associated function codes shown at the end of these instructions and list in the same numerical order. After the listed disciplines, write in any additional disciplines and leave the function code blank. List no more than 20 disciplines. Group remaining employees under "Other Employees" in column b. Each person can be counted only once according to his/her primary function. If Part II is prepared for a firm (including all branch offices), enter the number of employees by disciplines in column c(1). If Part II is prepared for a branch office, enter the number of employees by discipline in column c(2) and for the firm in column c(1).

10. Profile of Firm's Experience and Annual Average Revenue for Last 5 Years. Complete this block for the firm or branch office for which this Part II is prepared. Enter the experience categories which most accurately reflect the firm's technical capabilities and project experience. Use the relevant experience categories and associated profile codes shown at the end of these instructions, and list in the same numerical order. After the listed experience categories, write in any unlisted relevant project experience categories and leave the profile codes blank. For each type of experience, enter the appropriate revenue index number to reflect the professional services revenues received annually (averaged over the last 5 years) by the firm or branch office for performing that type of work. A particular project may be identified with one experience category or it may be broken into components, as best reflects the capabilities and types of work performed by the firm. However, do not double count the revenues received on a particular project.

11. Annual Average Professional Services Revenues of Firm for Last 3 Years. Complete this block for the firm or branch office for which this Part II is prepared. Enter the appropriate revenue index numbers to reflect the professional services revenues received annually (averaged over the last 3 years) by the firm or branch office. Indicate Federal work (performed directly for the Federal Government, either as the prime contractor or subcontractor), non-Federal work (all other domestic and foreign work, including Federally-assisted projects), and the total.

12. Authorized Representative. An authorized representative of the firm or branch office must sign and date the completed form. Signing attests that the information provided is current and factual. Provide the name and title of the authorized representative who signed the form.

CONTINUING PROFESSIONAL SERVICES FINAL AGREEMENT

Between

CITY OF DORAL, FL

And

[INSERT ENTITY NAME]

THIS AGREEMENT is made between CITY OF DORAL, FLORIDA, a Florida municipal corporation, (hereinafter referred to as the "CITY") and [INSERT ENTITY NAME], a _____ corporation authorized to do business in the State of Florida, (hereinafter referred to as the "CONSULTANT"), whose principal place of business is _____ CITY and CONSULTANT may be referred to individually as "Party" or collectively as "Parties."

RECITALS

WHEREAS, pursuant to Section 287.055, Florida Statutes, the CITY requested qualifications from qualified engineers and selected the CONSULTANT to provide professional engineering services with respect to assigned Work Orders; and

WHEREAS, the CITY solicited proposals from qualified consultants on _____, 2023, pursuant to the CITY's Request for Qualifications ("RFQ") No. 2023-08, which RFQ and all addenda thereto is attached hereto as Exhibit "A" and is incorporated into this Agreement by reference and made a part hereof; and

WHEREAS, the CONSULTANT has submitted a Response to RFQ, date _____, 2023, which Response ("Response to RFQ") is attached hereto as Exhibit "B" and incorporated into this Agreement by reference and made a part hereof; and

WHEREAS, the CONSULTANT is willing and able to perform such professional, services for the CITY within the basic terms and conditions set forth in this agreement (hereinafter referred to as "Continuing Services Agreement or Agreement"); and

WHEREAS, based on the representations of CONSULTANT in their Response to RFQ, which representations the CITY selected the CONSULTANT to provide said Continuing Professional Civil Engineering Services to the CITY; and

WHEREAS, the purpose of this Continuing Services Agreement is not to authorize the Consultant

to perform a Specific Project, but to set forth certain general terms and conditions, which shall govern the relationship between CITY and CONSULTANT and which shall be incorporated into subsequent supplemental agreements/work orders for Specific Projects or services when required; and

WHEREAS, this agreement shall become effective January 4th, 2024.

AGREEMENT

NOW THEREFORE, in consideration of the foregoing recitals, which are incorporated herein and made a part hereof by this reference, the mutual terms, conditions, promises and covenants set forth below, and other good and valuable consideration, the sufficiency of which the Parties hereby acknowledge, the CITY and CONSULTANT agree as follows:

SECTION 1. DEFINITIONS.

The following definitions and references are given for the purpose of interpreting the terms as used in this Agreement and apply unless the context indicates a different meaning:

1.1 **Compensation:** The total amount paid by the CITY for the CONSULTANT'S professional services for a specific project, exclusive of reimbursable expenses.

1.2 **Reimbursable Expenses:** the direct non-salary expenses directly attributable to the Project. Reimbursable expenses include application and permit fees paid for securing approval of authorities having jurisdiction over the Specific Project; travel expenses; and Subconsultant's fees.

1.3 **Work Order:** an agreement to provide services for a particular Project.

1.4 **Subconsultant Fee:** the direct and actual cost of the Subconsultant with no markup, as reflected by actual invoices of the Subconsultant.

1.5 **Travel Expenses:** Travel expenses, whether within or outside of Miami-Dade County, and whether to the Specific Project or otherwise, shall not be reimbursed unless CONSULTANT has secured advance written authorization for such travel from the CITY Manager. All approved travel expenses will be reimbursed in accordance with the CITY's adopted travel policy.

SECTION 2. SPECIFIC PROJECTS/SCOPE OF SERVICES.

2.1 In accordance with the Consultants' Competitive Negotiation Act, the CONSULTANT may provide professional services to the CITY for Specific Projects as authorized from time to time by either the CITY Council or CITY Manager as authorized by subsection 2.8. The services shall be for the following types of Projects or similar disciplines: Professional Engineering Services as described in assigned Work Orders.

2.2 When the need for services for a Specific Project occurs, the CITY Manager may enter into negotiations with the CONSULTANT for that Specific Project under the terms and conditions of this Agreement. The CITY shall initiate said negotiations by providing the CONSULTANT with a "Scope of Services Request," requesting from the CONSULTANT a proposal to provide professional services for the Specific Project. The CONSULTANT shall prepare a proposal which includes those subjects specified in Subsection 2.3 (a) through (g). The CITY Manager, or their designee, and CONSULTANT shall negotiate the terms of the Specific Project in accordance with the provisions of Subsection 2.3.

2.3 The CITY and CONSULTANT shall utilize as the agreement for each Specific Project a Work Order ("Project Agreement"), a copy of which is attached and incorporated into this Agreement as Exhibit "C". Each agreement for a Specific Project will, by mutual agreement, set forth, among other things, the following:

- a. The Scope of Services;
- b. The Deliverables;
- c. The Time and Schedule of Performance and Term;
- d. The amount of Compensation;
- e. The Personnel assigned to the Specific Project;
- f. Any additional contractual requirements of Section 287.055, Florida Statutes, for consultant agreements; and
- g. Any modifications to the Project Agreement, if mutually agreed upon by the parties.

2.4 It is at the CITY's sole discretion to determine the most appropriate method of compensation for each Project Agreement. The CONSULTANT will submit an Estimate of Work Effort that lists the number of hours needed for each job classification under each work type. The Estimate of Work Effort will include the hourly professional service rates for each job

classification listed in Exhibit "D" that includes all overhead expenses, operating margin, and direct expenses. The Project Agreement shall specify the Consultant's method of compensation with a maximum amount of compensation that may not be exceeded without additional approval.

2.5 The professional services to be rendered by the CONSULTANT shall commence subsequent to the execution of each Project Agreement. Performance of work by CONSULTANT prior to execution of a Project Agreement shall be at Consultant's sole risk. Upon the commencement of the term of the Project Agreement, the CONSULTANT shall commence services to the CITY on the Commencement Date, and shall continuously perform services to the CITY, without interruption, in accordance with the time frames set forth in the Project Agreement. It is the CONSULTANT's sole responsibility to seek an extension from the CITY of the timeframe to complete a project, if necessary. The number of calendar days provided in the Project Agreement for completion of the Project or any extension date, whichever shall last occur, shall constitute the Contract Time.

2.6 The CONSULTANT shall submit to the CITY all final deliverables within the Contract Time as noted in each Project Agreement and associated CONSULTANT Proposal.

2.7 Unless otherwise excused by the CITY in writing, in the event that the CONSULTANT fails to meet to the contract time for completion of services as determined by the Project Schedule, the CONSULTANT shall pay to the CITY the sum of dollars identified below per day for each and every calendar day unexcused delay beyond the completion date, plus approved time extensions, until completion of the project: \$200.00 per day. The CONSULTANT may request an extension if the factors involved are not under their direct control. Any sums due and payable hereunder by the CONSULTANT shall be payable, not as a penalty, but as liquidated damages representing an estimate at or before the time of executing this Agreement. When the CITY reasonably believes that completion will be inexcusably delayed, the CITY shall be entitled, but not required, to withhold from any amounts otherwise due the CONSULTANT an amount then believed by the CITY to be adequate to recover liquidated damages applicable to such delays. If and when the CONSULTANT overcomes the delay in achieving completion, or any part thereof, for which the CITY has withheld payment, the CITY shall promptly release to the CONSULTANT the remainder of the funds withheld, but no longer applicable, as liquidated damages.

2.8 The CITY reserves the right, at its sole discretion, to suspend the methods of equitable distribution for any CONSULTANT that has not performed to the CITY's expectations on current or past projects. The CITY will provide performance reviews at the mid-point and completion of the agreed upon Work Order Schedule and based on the reviews, if the CITY in its sole discretion is dissatisfied, the CITY may select another CONSULTANT in the Pool.

2.9 The CITY Manager is authorized to negotiate and execute a Project Agreement for Projects in which the CONSULTANTS' services do not exceed \$15,000.00.

2.10 The Contract Documents for each Specific Project shall incorporate this Continuing Services Agreement. In the event that any of the terms or conditions of this Agreement conflict with the Project Agreement, the provisions of the Project Agreement shall apply.

SECTION 3. TERM/TERMINATION/SUSPENSION.

3.1 **Term of Agreement:** This Continuing Agreement shall commence on the date this instrument is fully executed by all parties and shall continue in full force and effect for a period of two years with an option to renew for one (1) additional year, unless further extended by option or renewal and/or until terminated pursuant to Section 3.2 or other applicable sections of this Agreement. Each Project Agreement shall specify the period of service agreed to by the CITY and CONSULTANT for services to be rendered under said Project Agreement. Notwithstanding the above, this Agreement shall not commence before January 4, 2024.

3.2 **Effect on Project Agreement:** Nothing in this section shall be construed to create a right by either party to terminate any ongoing Project Agreement(s).

3.3 **Non-Exclusive Agreement:** Notwithstanding the provisions of Subsection 3.1, the CITY Manager may issue requests for proposals for this professional discipline at any time and may utilize the services of any other consultants retained by the CITY under similar continuing services agreements. Nothing in this Agreement shall be construed to give the CONSULTANT a right to perform services for a specific project.

3.4 **Termination For Cause:** A Project Agreement may be terminated by either party for cause, upon fourteen (14) calendar days written notice to the other party should the other party fail substantially to perform in accordance with its material terms through no fault of the party initiating the termination. Cause shall be defined as a substantial failure by the other party to perform in accordance with the terms and conditions contained in this Agreement and/or any Project Agreement through no fault of the terminating party. In the event that CONSULTANT abandons this Project Agreement or causes it to be terminated by the CITY, the CONSULTANT shall indemnify the CITY against any loss pertaining to this termination. In the event that the CONSULTANT is terminated by the CITY for cause and it is subsequently determined by a court of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a termination for convenience under Section 3.5 of this Agreement and the provision of Section 3.5 shall apply.

3.5 **Termination For Convenience:** A Project Agreement may be terminated by the CITY for convenience upon fourteen (14) calendar days' written notice to the CONSULTANT. In

the event of termination, the CONSULTANT shall incur no further obligations in connection with the Project and shall, to the extent possible, terminate any outstanding subconsultant obligations. The CONSULTANT shall be compensated for all services performed to the satisfaction of the CITY and for reimbursable expenses incurred prior to the date of termination. The CONSULTANT shall promptly submit to the CITY its invoice for final payment and reimbursement and the invoice shall comply with the provisions of Section 4.1 of this Agreement. Under no circumstances shall the CITY make any payment to the CONSULTANT for services which have not been performed. Additionally, the City shall not make payment for the following items:

- (i) Anticipated profits or fees to be earned on completed portions of the work;
- (ii) Consequential damages;
- (iii) Costs incurred in respect to services performed in excess of reasonable quantitative requirements of this Agreement and/or Project Agreement(s);
- (iv) Expenses of CONSULTANT due to the failure of CONSULTANT or its subconsultants to discontinue services after notice of termination has been given to the CONSULTANT;
- (v) Losses upon other contracts or from sales or exchanges of capital assets or Internal Revenue Code Section 1231 assets; and
- (vi) Damage or loss caused by delay.

3.6 **Assignment Upon Termination:** Upon termination of a Project Agreement, a copy of all of the CONSULTANT's work product shall become the property of the CITY and the CONSULTANT shall, within ten (10) working days of receipt of written direction from the CITY, transfer to either the CITY or its authorized designee, a copy of all work product in its possession, including but not limited to designs, specifications, drawings, studies, reports and all other documents and data in the possession of the CONSULTANT pertaining to this Project Agreement. Further, upon the CITY'S request, the CONSULTANT shall assign its rights, title and interest under any subcontractor's agreements to the CITY.

3.7 **Suspension for Convenience:** The CITY shall have the right at any time to direct the CONSULTANT to suspend its performance, or any designated part thereof, for any reason whatsoever or without reason, for a cumulative period of up to thirty (30) calendar days. If any such suspension is directed by the CITY, the CONSULTANT shall immediately comply with same. In the event the CITY directs a suspension of performance as provided for herein through no fault of the CONSULTANT, the CITY shall pay to the CONSULTANT its reasonable costs, actually incurred and paid, of demobilization and remobilization, as full compensation for any such suspension.

SECTION 4. BILLING & PAYMENT TO THE CONSULTANT.

4.1 **Billing:** CONSULTANT shall submit invoices which are identified by the specific

Work Order number on a monthly basis in a timely manner. These invoices shall identify the nature of the work performed, the phase of work, and the estimated percent of work accomplished in accordance with the Fee Schedule set forth in the Project Agreement. Invoices for each phase shall not exceed amounts allocated to each phase of the Project plus reimbursable expenses accrued during each phase. The statement shall show a summary of fees with accrual of the total and credits for portions previously paid by the CITY. The CITY shall pay CONSULTANT within thirty (30) calendar days of approval by the CITY Manager of any invoices submitted by CONSULTANT to the CITY.

4.2 **Disputed Invoices:** In the event that all or a portion of an invoice submitted to the CITY for payment to the CONSULTANT is disputed, or additional backup documentation is required, the CITY shall notify the CONSULTANT within fifteen (15) working days of receipt of the invoice of such objection, modification or additional documentation request. The CONSULTANT shall provide the CITY with additional backup documentation within five (5) working days of the date of the CITY'S notice. The CITY may request additional information, including but not limited to, all invoices, time records, expense records, accounting records, and payment records of the CONSULTANT. The CITY shall pay to the CONSULTANT the undisputed portion of the invoice. The parties shall endeavor to resolve the dispute in a mutually agreeable fashion.

4.3 **Suspension of Payment:** In the event that the CITY becomes credibly informed that any representations of the CONSULTANT are wholly or partially inaccurate, or in the event that the CONSULTANT is not in compliance with any term or condition of this Agreement and/or any Project Agreement, the CITY may withhold payment of sums then or in the future otherwise due to the CONSULTANT until the inaccuracy, or other breach of the Agreement(s), and the cause thereof, is corrected to the CITY's reasonable satisfaction.

4.4 **Retainage:** The CITY reserves the right to withhold retainage in the amount of ten percent (10%) of any payment due to the CONSULTANT until the project is completed. For projects that are divided into several phases, any retainage shall be withheld and released individually for each phase of the project. Said retainage may be withheld at the sole discretion of the CITY Manager and as security for the successful completion of the CONSULTANT'S duties and responsibilities under the Project Agreement.

4.5 **Final Payment:** Submission of the CONSULTANT'S invoice for final payment and reimbursement shall constitute the CONSULTANT'S representation to the CITY that, upon receipt from the CITY of the amount invoiced, all obligations of the CONSULTANT to others, including its subconsultants, incurred in connection with the Project, shall be paid in full. The CONSULTANT shall deliver to the CITY all documents requested by the CITY evidencing payments to any and all subconsultants, and all final specifications, plans, or other documents as dictated in the Scope of Services and Deliverable. Acceptance of final payment shall constitute a waiver of any and all claims against the CITY by the CONSULTANT.

SECTION 5. ADDITIONAL SERVICES AND CHANGES IN SCOPE OF SERVICES.

5.1 **Changes Permitted.** Changes in the Scope of Services of a Project Agreement consisting of additions, deletions, revisions, or any combination thereof, may be ordered by the CITY by Change Order without invalidating the Project Agreement.

5.2 **Change Order Defined.** Change Order shall mean a written order to the CONSULTANT executed by the CITY, issued after execution of a Project Agreement, authorizing and directing a change in the Scope of Services or an adjustment in the Contract Price or the Contract Time, or any combination thereof. The Contract Price and/or the Contract Time may be changed only by Change Order.

5.3 **Effect of Executed Change Order.** The execution of a Change Order by the CITY and the CONSULTANT shall constitute conclusive evidence of the CONSULTANT's agreement to the ordered changes in the Scope of Services or an adjustment in the Contract Price or the Contract Time, or any combination thereof. The CONSULTANT, by executing the Change Order, waives and forever releases any claim against the CITY for additional time or compensation for matters relating to or arising out of or resulting from the Services included within or affected by the executed Change Order.

5.4 **Modifications to Scope of Services:** The CITY may request changes that would increase, decrease, or otherwise modify the Scope of Services. Such changes must be contained in a written change order executed by the parties in accordance with the provisions of the Continuing Services Agreement, prior to any deviation from the terms of the Project Agreement, including the initiation of any extra work.

SECTION 6. SURVIVAL OF PROVISIONS. Any terms or conditions of either this Agreement or any subsequent Project Agreement that require acts beyond the date of the term of either agreement, shall survive termination of the agreements, shall remain in full force and effect unless and until the terms or conditions are completed and shall be fully enforceable by either party.

SECTION 7. CITY'S RESPONSIBILITIES.

7.1 Assist CONSULTANT by placing at its disposal all available information as may be requested in writing by the CONSULTANT and allow reasonable access to all pertinent information relating to the services to be performed by CONSULTANT.

7.2 Furnish to CONSULTANT, at the CONSULTANT'S written request, all available maps, plans, existing studies, reports and other data, in the CITY's possession, pertinent to the

services to be provided by CONSULTANT.

7.3 Arrange for access to and make all provisions for CONSULTANT to enter upon public property as required for CONSULTANT to perform services.

SECTION 8. CODE OF ETHICS.

8.1 The code of ethics of the Florida Engineering Society shall be incorporated in this Agreement by this reference.

8.2 CONSULTANT warrants and represents that its employees shall abide by the Code of Ethics for Public Officers and Employees, Chapter 112, Florida Statutes.

SECTION 9. POLICY OF NON-DISCRIMINATION/WAGES.

9.1 The CONSULTANT shall comply with all federal, state, and local laws and ordinances applicable to the work or payment for work and shall not discriminate on the grounds of race, color, religion, sex, age, marital status, national origin, physical or mental disability in the performance of work under this Agreement.

9.2 If the project is subject to federal and grant funding that requires specific wage and non-discrimination provisions, CONSULTANT shall be required to comply with the same.

SECTION 10. OWNERSHIP OF DOCUMENTS/DELIVERABLES.

10.1 All finished or unfinished documents, including but not limited to, detailed reports, studies, plans, drawings, surveys, maps, models, photographs, specifications, digital files, and all other data prepared for the CITY or furnished by the CONSULTANT pursuant to any Project Agreement, shall become the property of the CITY, whether the Project for which they are made is completed or not, and shall be delivered by CONSULTANT to the CITY within five (5) calendar days after receipt of written notice requesting delivery of said documents or digital files. The CONSULTANT shall have the right to keep one record set of the documents upon completion of the Project, however, in no event shall the CONSULTANT, without the CITY'S prior written authorization, use, or permit to be used, any of the documents except for client or educational presentations or seminar use.

10.2 All subcontracts for the preparation of reports, studies, plans, drawings, specifications, digital files or other data, entered into by the CONSULTANT for each Specific Project shall provide that all such documents and rights obtained by virtue of such contracts shall become the property of the CITY.

10.3 All final plans and documents prepared by the CONSULTANT shall bear the endorsement and seal of a person duly registered as a Professional Engineer, Architect, Landscape Architect, Professional Geologist, or Land Surveyor, as appropriate, in the State of Florida and date approved and/or sealed.

10.4 All deliverables should be provided in hard copy format as well as electronic format to the CITY. Drawings should be provided in CADD, spread sheets in Excel, and written documentation should be provided in Microsoft Word. The date of submittal to the CITY shall be deemed to be the latter of delivery of hard copies and delivery of electronic copies, as applicable.

10.5 Any modifications by the City to any of the CONSULTANT's documents, without written authorization by the CONSULTANT will be at the City's sole risk and without liability to the CONSULTANT.

SECTION 11. RECORDS/AUDITS.

11.1 CONSULTANT shall maintain and require subconsultants to maintain, complete and correct records, books, documents, papers and accounts pertaining to the Specific Project. Such records, books, documents, papers and accounts shall be available at all reasonable times for examination and audit by the CITY Manager or any authorized CITY representative with reasonable notice and shall be kept for a period of three (3) years after the completion of each Project Agreement. Incomplete or incorrect entries in such records, books, documents, papers or accounts will be grounds for disallowance by or reimbursement to the CITY of any fees or expenses based upon such entries. Disallowed fees will be paid when incomplete or incorrect entries are remedied to the satisfaction of the CITY.

11.2 The CONSULTANT shall comply with Chapter 119, Florida Statutes, as applicable.

11.3 Refusal of the CONSULTANT to comply with the provisions of Sections 11.1 or 11.2 shall be grounds for termination for cause by the CITY of this Agreement or any Project Agreement.

SECTION 12. NO CONTINGENT FEE. CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for CONSULTANT, to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for CONSULTANT, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. In the event the CONSULTANT violates this provision, the CITY shall have the right to terminate this Agreement or any Project

Agreement, without liability, and at its sole discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift or consideration.

SECTION 13. INDEPENDENT CONTRACTOR. The CONSULTANT is an independent contractor under this Agreement and any Project Agreements. Personal services provided by the CONSULTANT shall be by employees of the CONSULTANT and subject to supervision by the CONSULTANT, and not as officers, employees, or agents of the CITY. Personnel policies, tax responsibilities, social security, health insurance, employee benefits, purchasing policies and other similar administrative procedures applicable to services rendered under this Agreement or any Project Agreements shall be those of the CONSULTANT.

SECTION 14. ASSIGNMENT; AMENDMENTS.

14.1 This Agreement shall not be assigned, transferred or otherwise encumbered, under any circumstances, by CONSULTANT, without the prior written consent of the CITY.

14.2 No modification, amendment or alteration in the terms or conditions of this Agreement shall be effective unless contained in a written document executed with the same formality as this Agreement.

SECTION 15. INDEMNIFICATION/HOLD HARMLESS.

15.1 Pursuant to Section 725.08, Florida Statutes, the CONSULTANT shall indemnify, and hold harmless the City, its officers, agents and employees, from and against any and all demands, claims, losses, suits, liabilities, causes of action, judgment or damages, to the extent caused by CONSULTANT's, or any persons employed or utilized by the CONSULTANT in the performance of this Agreement or any Project Agreement, negligent acts, errors, omission negligence, reckless, or intentionally wrongful conduct under this Agreement. Consultant shall reimburse the City for all its expenses including reasonable attorneys' fees and costs incurred, up though and inclusive of any appeals, in and about the defense of any such claim or investigation and for any judgment or damages to the extent caused by CONSULTANT's and/or and of the CONSULTANT'S subconsultant's negligent acts, errors, omission negligence, reckless, or intentionally wrongful conduct.

15.2 The provisions of this section shall survive termination of this Agreement.

SECTION 16. INSURANCE. The CONSULTANT shall secure and maintain throughout the duration of this Agreement and any Project Agreement, insurance of such type and in such amounts necessary to protect its interest and the interest of the CITY against hazards or risks of loss as specified in the CITY's solicitation documents. The underwriter of such insurance shall be

qualified to do business in Florida and have agents upon whom service of process may be made in the State of Florida. The CITY shall be listed as an additional insured on all policies, with the exception of workers' compensation coverage, if applicable. The insurance coverage shall be primary insurance with respect to the CITY, its officials, employees, agents and volunteers. Any insurance maintained by the CITY shall be in excess of the CONSULTANT'S insurance and shall not contribute to the CONSULTANT'S insurance. Additionally, CONSULTANT shall obtain additional insurance coverage as the CITY may require for a specific Project Agreement.

Section 17. REPRESENTATIVE OF CITY AND CONSULTANT.

17.1 **CITY Representative:** It is recognized that questions in the day-to-day conduct of this Agreement will arise. The CITY designates the CITY Manager or their designee, as the person to whom all communications pertaining to the day-to-day conduct of this Agreement shall be addressed.

17.2 **CONSULTANT Representative:** CONSULTANT shall inform the CITY Representative, in writing, of the representative of the CONSULTANT to whom all communications pertaining to the day-to-day conduct of this Agreement shall be addressed.

SECTION 18. COST AND ATTORNEY'S FEES/WAIVER OF JURY TRIAL.

18.1 If either the CITY or CONSULTANT is required to enforce the terms of this Agreement or any Project Agreement by court proceedings or otherwise, whether or not formal legal action is required, the prevailing party shall be entitled to recover from the other party all costs, expenses, and attorney's fees in any state or federal administrative, circuit court and appellate court proceedings.

18.2 In the event of any litigation arising out of this Agreement, each party shall be responsible for their attorneys' fees and costs, including the fees and expenses of any paralegals, law clerks and legal assistants, and including fees and expenses charged for representation at both the trial and appellate levels.

18.3 In the event of any litigation arising out of this Agreement or Project Agreement, each party hereby knowingly, irrevocably, voluntarily and intentionally waives its right to trial by jury.

SECTION 19. PRIORITY OF AUTHORITY OF INSTRUMENTS. The relationship between the Parties shall be governed by several contract documents, all of which, when read together, shall constitute one agreement between the Parties. The contract documents include this Agreement, one or more ensuing Project Agreements, and the City solicitation documents. In the event of conflict between or amongst the contract documents, priority shall be as follows: Project Agreements, then this Agreement, and followed by the City's solicitation documents, including

any addenda thereto. Otherwise, there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in the contract document. Accordingly, it is agreed that no deviation from the terms of this Agreement shall be predicated upon any prior representations or agreements whether oral or written.

SECTION 20. CONSULTANT'S RESPONSIBILITIES.

20.1 Any and all drawings, studies, plans, specifications, or other construction or contract documents prepared by the CONSULTANT shall be accurate, coordinated and adequate for construction and shall comply with all applicable CITY Codes, state and federal laws, rules and regulations.

20.2 The CONSULTANT shall exercise the same degree of care, skill and diligence in the performance of the services for each Project Agreement as is ordinarily provided by a professional engineer, architect, landscape architect, surveyor or mapper under similar circumstances. If at any time during the term of any Project Agreement or the construction of the Project for which the CONSULTANT has provided engineering, architectural landscape architectural, surveying or mapping services under a prior Project Agreement, it is determined that the CONSULTANT'S documents are incorrect, defective or fail to conform to the Scope of Services of the particular Project, upon written notification from the CITY, the CONSULTANT shall immediately proceed to correct the work, re-perform services which failed to satisfy the foregoing standard of care, and shall pay all costs and expenses associated with correcting said incorrect or defective work, including any additional testing, inspections, and construction and reimbursements to the CITY for any other services and expenses made necessary thereby, save and expect any costs and expenses which the CITY would have otherwise paid absent the CONSULTANT'S error or omission. The CITY'S rights and remedies under this section are in addition to, and are cumulative of, any and all other rights and remedies provided by this Agreement, the Project Agreement, by law, equity or otherwise.

20.3 The Consultant shall, all times during the term of the Agreement, maintain in good standing all required licenses, certifications and permits required under federal, state, and local laws necessary to perform the services.

20.4 The CONSULTANT'S obligations under Paragraph 20.2 of this Agreement shall survive termination of this Agreement or any Project Agreement.

SECTION 21. SUBCONSULTANTS.

21.1 In the event the CONSULTANT requires the services of any subconsultants or other professional associates in connection with services covered by any Project Agreement, the CONSULTANT must secure the prior written approval of the CITY. The CONSULTANT shall use

his/her best efforts to utilize subconsultants whose principal place of business is located within the CITY or Miami-Dade County, Florida and adhere to all local CITY ordinances.

21.2 Any subcontract with a subconsultant shall afford to the CONSULTANT rights against the subconsultant which correspond to those rights afforded to the CITY against the CONSULTANT herein, including but not limited to those rights of termination as set forth herein.

21.3 No reimbursement shall be made to the CONSULTANT for any subconsultants that have not been previously approved by the CITY for use by the CONSULTANT.

21.4 Any subconsultant shall be bound by the terms and conditions of this Agreement and comply with the same insurance requirements as described in Section 16.

Section 22. EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY).

22.1 CONSULTANT must comply with the Employment Eligibility Verification Program (“E-Verify Program”) developed by the federal government to verify the eligibility of individuals to work in the United States and 48 CFR 52.222-54 (as amended) is incorporated herein by reference. If applicable, in accordance with Subpart 22.18 of the Federal Acquisition Register, the CONSULTANT must (1) enroll in the E-Verify Program, (2) use E-Verify to verify the employment eligibility of all new hires working in the United States; (3) use E-Verify to verify the employment eligibility of all employees assigned to the Agreement; and (4) include this requirement in certain subcontracts, such as construction. Information on registration for and use of the E-Verify Program can be obtained via the internet at the Department of Homeland Security Web site: <http://www.dhs.gov/E-Verify>.

22.2 CONSULTANT shall also comply with Florida Statute 448.095, which directs all public employers, including municipal governments, and private employers with 25 or more employees to verify the employment eligibility of all new employees through the U.S. Department of Homeland Security’s E-Verify System, and further provides that a public entity may not enter into a contract unless each party to the contract registers with and uses the E-Verify system. Florida Statute 448.095 further provides that if a CONSULTANT enters into a contract with a subcontractor, the subcontractor must provide the CONSULTANT with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. In accordance with Florida Statute 448.095, CONSULTANT, if it employs more than 25 employees, is required to verify employee eligibility using the E-Verify system for all existing and new employees hired by CONSULTANT during the contract term. Further, CONSULTANT must also require and maintain the statutorily required affidavit of its subcontractors. It is the responsibility of CONSULTANT to ensure compliance with E-Verify requirements (as applicable). To enroll in E-Verify, employers should visit the E-Verify website (<https://www.e-verify.gov/employers/enrolling-in-e-verify>) and follow the instructions.

CONSULTANT must retain the I-9 Forms for inspection, and provide an executed E-Verify Affidavit, which is attached hereto as Exhibit "E".

SECTION 23. SCRUTINIZED COMPANIES. Provider certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List. Pursuant to Section 287.135, F.S., the Customer may immediately terminate this Agreement at its sole option if the Provider or its subcontractors are found to have submitted a false certification; or if the Provider, or its subcontractors are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of the Agreement. If this Agreement is for more than one million dollars, the Provider certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria as identified in Section 287.135, F.S. Pursuant to Section 287.135, F.S., the Customer may immediately terminate this Agreement at its sole option if the Provider, its affiliates, or its subcontractors are found to have submitted a false certification; or if the Provider, its affiliates, or its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria during the term of the Agreement.

24. COMPLIANCE WITH FLORIDA PUBLIC RECORD LAW. Pursuant to Section 119.0701, Florida Statutes, CONSULTANT agrees to:

- (i) Keep and maintain public records in CONSULTANT's possession or control in connection with CONSULTANT's performance under this agreement. CONSULTANT shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed, except as authorized by law, for the duration of the Agreement, and following completion of the Agreement until the records are transferred to the CITY.
- (ii) Upon request from the CITY's custodian of public records, CONSULTANT shall provide the CITY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided by Chapter 119, Florida Statutes, or as otherwise provided by law.
- (iii) Unless otherwise provided by law, any and all records, including but not limited to reports, surveys, and other data and documents provided or created in connection with this Agreement are and shall remain the property of the CITY. Notwithstanding, it is understood that at all times CONSULTANT's workpapers shall remain the sole property of CONSULTANT and are not subject to the terms of this Agreement.

- (iv) Upon completion of this Agreement or in the event of termination by either party, any and all public records relating to this Agreement in the possession of CONSULTANT shall be delivered by CONSULTANT to the CITY Manager, at no cost to the CITY, within seven (7) days. All such records stored electronically by CONSULTANT shall be delivered to the CITY in a format that is compatible with the CITY's information technology systems. Once the public records have been delivered upon completion or termination of this Agreement, CONSULTANT shall destroy any and all duplicate records that are exempt or confidential and exempt from public records disclosure requirements. Notwithstanding the terms of this Section, the Parties agree and it is understood that CONSULTANT will maintain a copy of any information, confidential or otherwise, necessary to support its work product generated as a result of its engagement for services, solely for reference and archival purposes in accordance with all applicable professional standards, which will remain subject to the obligations of confidentiality herein.
- (v) Any compensation due to CONSULTANT shall be withheld until all records are received as provided herein.
- (vi) CONSULTANT'S failure or refusal to comply with the provisions of this section shall result in the immediate termination of this Agreement by the CITY.

IF THE PROVIDER HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE PROVIDER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, THE PROVIDER SHALL CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (TELEPHONE NUMBER: 305-593-6730 E-MAIL ADDRESS: CONNIE.DIAZ@CITYOFDORAL.COM, AND MAILING ADDRESS: THE CITY OF DORAL HALL 8401 NW 53RD TERRACE, DORAL, FL 33166.

SECTION 25. NOTICES. Whenever either party desires to give notice to the other, it must be given by hand delivery or written notice, sent by certified United States mail, with return receipt requested or a nationally recognized private mail delivery service, addressed to the party for whom it is intended, at the place last specified, and the place for giving of notice in compliance with the provisions of this paragraph. For the present, the parties designate the following as the respective places for giving of notice, to-wit:

SECTION 26. TRUTH-IN-NEGOTIATION CERTIFICATE. Signature of this Agreement by CONSULTANT shall act as the execution of a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation of this Agreement or any Project Agreement are accurate, complete, and current at the time of contracting. Each Project Agreement's contract prices and any additions shall be adjusted to exclude any significant sums by which the CITY determines the Project's contract price was increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such adjustments shall be made within one year following the end of each Project Agreement.

SECTION 27. CONSENT TO JURISDICTION. The parties submit to the jurisdiction of any Florida state or federal court in any action or proceeding arising out of relating to this Agreement or any Project Agreement. Venue of any action to enforce this Agreement or any Project Agreement shall be in the courts of the 11th Judicial Circuit in and for Miami-Dade County, Florida or in the event of federal jurisdiction the United States District Court for the Southern District of Florida.

SECTION 28. GOVERNING LAW. Notwithstanding any conflict of laws, this Agreement and any subsequent Project Agreement shall be construed in accordance with and governed by the laws of the State of Florida.

SECTION 29. HEADINGS. Headings are for convenience of reference only and shall not be considered in any interpretation of this Agreement.

SECTION 30. EXHIBITS. Each Exhibit referred to in this Agreement forms an essential part of this Agreement. The Exhibits if not physically attached, should be treated as part of this Agreement, and are incorporated by reference.

SECTION 31. SEVERABILITY. If any provision of this Agreement or any Project Agreement or the application thereof to any person or situation shall to any extent, be held invalid or unenforceable, the remainder of this Agreement, and the application of such provisions to persons or situations other than those as to which it shall have been held invalid or unenforceable shall not be affected thereby, and shall continue in full force and effect, and be enforced to the fullest extent permitted by law.

SECTION 32. COUNTERPARTS. This Agreement may be executed in several counterparts, each of which shall be deemed an original and such counterparts shall constitute one and the same instrument.

SECTION 33. FORCE MAJEURE. It is understood that performance of any act by the City or Consultant hereunder may be delayed or suspended at any time while, but only so long as, either party is hindered in or prevented from performance by acts of God, the elements, war, rebellion, strikes, lockouts, pandemics or any cause beyond the reasonable control of such party, provided however, the City shall have the right to provide substitute service from third parties or City forces as may be necessary to meet City needs. If the condition of force majeure exceeds a period of fourteen (14) days, the City may, at its option and discretion, cancel or renegotiate the Agreement.

SECTION 34. INTERPRETATION.

34.1 The language of this Agreement has been agreed to by both parties to express their mutual intent and no rule of strict construction shall be applied against either party hereto. The headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. All personal pronouns used in this Agreement shall include the other gender, and the singular shall include the plural, and vice versa, unless the context otherwise requires. Terms such as "herein," "hereof," "hereunder," and "hereinafter" refer to this Agreement as a whole and not to any particular sentence, paragraph, or section where they appear, unless the context otherwise requires. Whenever reference is made to a Section or Article of this Agreement, such reference is to the Section or Article as a whole, including all of the subsections of such Section, unless the reference is made to a particular subsection or subparagraph of such Section or Article.

34.2 Preparation of this Agreement has been a joint effort of the CITY and CONSULTANT and

the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than any other.

SECTION 35. THIRD PARTY BENEFICIARY. CONSULTANT and the CITY agree that it is not intended that any provision of this Agreement establishes a third-party beneficiary giving or allowing any claim or right of action whatsoever by any third party under this Agreement.

SECTION 36. NO ESTOPPEL. Neither the CITY's review, approval and/or acceptance of, or payment for services performed under this Agreement shall be construed to operate as a waiver of any rights under this Agreement of any cause of action arising out of the performance of this Agreement, and CONSULTANT shall be and remain liable to the CITY in accordance with applicable laws for all damages to the CITY caused by CONSULTANT's negligent performance of any of the services under this Agreement. The rights and remedies provided for under this Agreement are in addition to any other rights and remedies provided by law.

SECTION 37. FLORIDA STATUTE 558.0035

PURSUANT TO FLORIDA STATUTES CHAPTER 558.0035 AN INDIVIDUAL EMPLOYEE OR AGENT OF CONSULTANT MAY NOT BE HELD INDIVIDUALLY LIABLE FOR DAMAGES RESULTING FROM NEGLIGENCE.

[THIS AREA INTENTIONALLY LEFT BLANK. SIGNATURES TO FOLLOW.]

RFQ No. 2023-08

General Engineering and Architectural Services

Addendum No. 1

1. Which consulting firms currently have this contract?
 - H.W. Lochner, Kimley Horn, Marlin Engineering, Inc. Gannet Fleming Inc, Stantec, The Corradino Group, BCC Engineering LLC, 300 Engineering, CHA Consultant, EAC Consulting, Inc.
2. Can an Architecture Firm Prime and must we submit with an engineering team? or must the prime be an Engineering Firm and as an Architecture firm we are a sub-consultant?
 - An engineering firm must be the prime. As an architecture firm, your firm may serve as a sub-consultant.
3. Is it possible to apply only as a structural engineering firm, or is it required to apply with a complete team?
 - An engineering firm must be the prime. The complete team must have experience in all specialties/categories of services listed in Section 3.1, which can be satisfied in part by the prime and in part by its subconsultants.
4. In Section 3.1, on page 23, it states "The Successful Proposer(s) shall provide one or more of the following services..." However, on page 25 it states "In order to be considered, Proposers must have experience in all related areas described above and be particularly familiar with the design criteria and standards used within each area of expertise..." Does the City want a full team Prime Engineering with supporting Subconsultant firms to meet all work types listed in the project overview? Or is the city looking to award multiple firms under individual categories?
 - In order to qualify under the RFQ, proposers must have experience in all the specialties/categories of services listed in Section 3.1, either directly or through its subconsultants. For the avoidance of doubt, after the City has entered into contracts with Successful Proposers pursuant to the terms of this RFQ, each individual project of the City will be unique and may involve one or more of the various categories listed in Section 3.1.
5. I want to verify if a subconsultant can be on more than three prime teams for this submittal.
 - Yes.
6. Page 22 of the RFQ mentions that a sample agreement "is included as Exhibit C of this RFQ". We don't see that sample agreement. Can you provide it?
 - Please see PDF pages 64-86 of the RFQ. The same sample agreement is also attached to this Addendum for your convenience.
7. Is the City requiring "cyber security insurance"?
 - Please see the response to question No. 7 below.
8. What are the insurance requirements?
 - The following Section 2.10 shall be incorporated within Article 2 "Special Conditions" of the RFQ as if set forth in full therein:

2.10 Insurance Requirements

Successful Proposer(s) shall maintain during the term of the Agreement, at their sole cost and expense, the following insurance policies and coverage limits:

- General Liability: 1M Occurrence/2M Aggregate/2M Products Completed Operations/1M Personal Advertising Injury
 - Structural Design/Traffic/Roadway Design 5M occurrence 5M Aggregate (Bridges, retaining walls, Traffic Signaling or otherwise considered Heavy Construction)
 - List City as Additional Insured on a Primary Non-Contributory Basis
 - Waiver of Subrogation in favor of the City
 - 30 Day notice of cancellation
- Professional Liability: \$5,000,000 (Non-Structural and not heavy construction 1M is acceptable)
 - Structural Design/Traffic/Roadway Design Limit of Liability \$10,000,000 (Bridges, retaining walls, Traffic Signaling or otherwise considered Heavy Construction)
 - If this coverage is contained within the GL policy an additional policy isn't required
 - List City as Additional Insured
 - Waiver of Subrogation in favor of the City
- Auto Liability: \$1,000,000 Combined Single Limit included Hired & Non-Owned vehicles
 - List City as Additional Insured on a Primary Non-Contributory Basis
 - This coverage should be required if vendor will be on the job site/City Property
- Workers' Compensation: Statutory Workers Compensation is required for any contractor with employees.
 - A waiver of subrogation in favor of the city. Employers Liability limits are \$500,000 per each occupational accident /\$500,000 per each occupational disease and \$1,000,000 policy aggregate.
 - Structural Design/Traffic/Roadway Design Limit of \$1,000,000/1,000,000/2,000,000 (Bridges, retaining walls, Traffic Signaling or otherwise considered Heavy Construction)
 - If vendor or subcontractors utilizes a leasing company, temporary staffing, or any other type of employee staffing arrangement, Vendor or Subcontractor shall provide the City, prior to commencement of work, a certificate of insurance meeting the above workers compensation insurance requirements. Additionally, such certificate shall cover all of vendor's or subcontractor's staff on the project the certificate shall not contain any language intended to limit employee coverage to only those assigned, listed, billed, or the like.
- Environmental Engineer/Consultant: In addition to the above vendor shall have in place \$5,000,000 in Environmental/Pollution Liability & \$5,000,000 Professional Liability Coverage for all Phase III Environmental Site Assessments (ESA) and Remediation

- Umbrella or Excess Liability may be used to meet the underlying minimum insurance requirements;
- Performance/Maintenance/Bid Bonds will likely be required for larger scope jobs.

Please Note: The Certificate(s) shall contain a provision that coverage afforded under the policy will not be cancelled, or materially changed until at least thirty (30) days prior written notice has been given to the City. Certificates of insurance, reflecting evidence of the required insurance, shall be provided to the City, in advance of any work to be completed. In the event the Certificate of Insurance provided indicates that the insurance shall terminate and lapse during the period of this Agreement, the vendor shall furnish, at least thirty (30) days prior to the expiration of the date of such insurance, a renewed Certificate of Insurance as proof that equal and like coverage for the balance of the period of the Agreement or extension hereunder is in effect.

The City reserves the right to require additional insurance in order to meet the full value of the scope of services.

At the time of award, the Successful Proposer(s) must furnish a Certificate of Insurance and Declaration of Coverage Page showing the City of Doral as additional named insured on each of the policies referenced above.

RFQ No. 2023-08

General Engineering and Architectural Services

Addendum No. 2

1. On page 18, Section 5.a.iii of the RFQ under “Respondent’s Past Performance,” please clarify if we may utilize firm personnel projects from their prior firm experience, and if we may also utilize subconsultant experience. Please confirm we are permitted to utilize this method for Section F, Example Projects, of the SF 330 Forms, Part I, as well.
 - “Proposer” as such term is used throughout the RFQ refers to the prime/lead engineering firm submitting a proposal in response to this RFQ. Accordingly, the referenced section of the proposal submittal requirements pertaining to “Respondent’s Past Performance”, which must be a subsection of Section 5 Proposer Qualification Statement, Part I – Technical Submittal, should be limited to an explanation of the prime’s past performance.

Notwithstanding the above, the Proposers may rely on the inclusion of their proposed subcontractors for purposes of satisfying the requirement to have experience in all of the specialties/categories of services listed in Section 3.1. If relying on subcontractors for experience in the related areas, such subcontractors must be included in the Identification of Qualified Entities form. To ensure clarity on this point, the first paragraph of the Identification of Qualified Entities form included in Exhibit A of the RFQ shall be revised as follows (added language is underlined):

Proposers or their proposed subcontractors must collectively have experience in all related areas described in Section 3.1 of the RFQ. Accordingly, Proposers shall specify whether such experience requirement is satisfied by the Proposer and/or any of its proposed subcontractors by identifying the applicable entity with the category of experience and applicable years of experience. Resumes and experience submitted with the Proposal must specify and substantiate the experience and qualifications provided herein. Supplement in the same format as below, as needed.

Similarly, if relying on subcontractors for experience in the above-mentioned areas, details regarding such subcontractor’s experience should also be included as part of SF Form 330. Without limitation of the foregoing, please note that subsection 5.c.i (PDF pages 18-19) of the Proposal Submittal Instructions identifies which sections of SF 330 require applicable subcontractor information.

2. Article 4 – Required Submission Forms (Page 27 of the RFQ). Are these forms required for the Prime only, or are subconsultants also required to provide all the forms specified in this section?
 - Without limitation of the various submission requirements set forth in the RFQ, only the Proposer is required to submit the various forms set forth in Exhibit A. Notwithstanding the foregoing, the City may require subcontractors to complete and submit affidavits or other forms as may be required by applicable laws or as otherwise required by the City prior to commencement of work.
3. Who will be the Project Manager on behalf of the city?
 - Darlin Perez, P.E. Chief of Engineering for the Department of Public Works, or such other individual that the Public Works Director or City Manager may designate.

4. RFQ Required Forms: Proposer shall complete and submit the remaining forms in Exhibit A. Are the subconsultants required to provide all forms specified in section 6? Or are these forms for Prime only?
- Please see response to Question 2 above.

5. Is there a total budget for this contract?
- Budget for each project will be determined on a case-by-case basis. Contracts awarded pursuant to this RFQ shall be continuing contracts, as such term is defined under CCNA, which currently limits the engagement of firms under this RFQ to “projects in which the estimated construction cost of each individual project under the contract does not exceed \$4 million, for study activity if the fee for professional services for each individual study under the contract does not exceed \$500,000. . . .”

Notwithstanding any language contained in the RFQ to the contrary, proposals should not include any quoted prices since firms providing professional services under this RFQ and the ensuing Contracts shall not be required to bid against one another. Please refer to Section 287.055, Florida Statutes for additional information.

6. In the Evaluation Criteria under Qualifications, Experience, and Past Performance of Proposer (40 Points) on page 20 of the RFQ, state the following: Including, without limitation, years, quality, and applicability of Firm’s prior experience; ability, capacity and skill; whether the firm is a certified minority business enterprise; adequacy of firm to perform, including timeliness, stability, availability, and licenses. Our firm is not certified as a minority business enterprise. To obtain the 40 points, can we fulfill this certification requirement through one of our subconsultants? Or does this certification only apply to the Prime?
- Credit will be provided if the Proposer and/or subconsultants are certified minority business enterprises. The Evaluation Criteria of the RFQ shall be revised as follows (deleted language is stricken and added language is underlined):

Evaluation Criteria	Maximum Points
Qualifications, Experience, and Past Performance of Proposer Including, without limitation, years, quality, and applicability of Firm’s prior experience; ability, capacity and skill; whether the firm is a certified minority business enterprise ; adequacy of firm to perform, including timeliness, stability, availability and licenses.	40 points
Qualifications, Experience, and Past Performance of Project Team Including, without limitation, credentials, qualifications, size and quality of completed and ongoing projects, <u>whether the Proposer, or its subcontractors, is a certified minority business enterprise</u> , and other accomplishments of team members and subcontractors.	35 points
Quality and Completeness of the Project Team and Proposal Including, without limitation, the quality and availability of references, compliance with the response preparation and other submission requirements.	15 points
Project Implementation Strategy and Approach Including, without limitation, the firm’s understanding of the City’s needs, local conditions, goals, and objectives.	10 points

7. May a firm participate as a Proposer (prime) as well as a subcontractor for another team?
 - Yes, a firm may participate both as a Proposer and as a subcontractor of a different Proposer. Similarly, subcontractors may be a part of multiple Proposer teams. Please be advised that any conflict of interest or collusion (i.e., cooperation between firms in bid-rigging, price-fixing, or other anti-competitive practices) is strictly forbidden.
8. Is there a limit on how many teams a sub consultant can be to a prime consultant?
 - No limit.
9. Is there a local preference?
 - No local preference will be granted in the award of this RFQ.
10. Where can I find Exhibit B - ARCHITECT-ENGINEER QUALIFICATIONS?
 - Please see PDF pages 49-62 of the RFQ, which includes the Architect-Engineer Qualifications Form 330 that must be completed as part of each proposal. Please refer to RFQ Section 2.2 Proposal Submittal Instructions. For your convenience, the same form is attached to this Addendum.
11. Where should we include licenses and certificates in this proposal?
 - License(s) and/or Certification(s) must be attached at the end of SF 330.
12. Regarding language on page 24 of RFQ: *Plans Review and Permitting: Includes the architectural and engineering reviews necessary to confirm plans prepared by individuals or consultants to applicable building and zoning codes, fire codes and Americans with Disabilities Act requirements. Consultant personnel would work under the supervision of the Public Works Director and Building Official of the City. Provides recommendation of approval to City's Public Works Director and Building Official charged with issuing permits.* Is it the City's desire to have a full suite of consultants to provide building plan review for engineering - structural, electrical, mechanical, plumbing and architecture?
 - Yes the Project Team must include capacity to review building plans for the listed disciplines. The City will have the ability to engage Awarded Proposer(s) to provide such plans review and permitting services in one or more of the various disciplines pursuant to a Work Order.
13. Regarding language below for a. Part I – Technical Submittal, subsection iii. Respondent's Past Performance...Will the City be contacting Prime Respondent's references from the above-mentioned section, OR will the City be contacting references from c. Part III – Architect Engineer Qualifications Form 330, example projects listed in Section F?
 - The City will contact references listed in subsection iii (page 18). The City may also contact references listed by Proposer in Exhibit B (Form SF 330).
14. On page 18 of the RFP, Under 5. Proposer Qualification Statement, Part I, ii. Respondent's Experience, will 11x17 pages be counted as two pages or one?
 - Proposals should be submitted on 8x11 pages. 11x17 pages will be counted as two pages.
15. On page 18 of the RFP, Under 5. Proposer Qualification Statement, Part I, iii. Respondent's Past Performance, do you want the entire team's government pool contracts or just the primes?
 - Please refer to the response to Question 1 concerning the meaning of "Proposer" as referring to the Prime. Past Performance includes the Proposer/Prime's experience as a

prime or as a subconsultant. Additionally, Proposers have the option to specify government pool contracts that their project team is associated with. Consideration will not be given for experience that is not specified in the Proposal.

16. On page 18 of the RFP, Under 5. Proposer Qualification Statement, Part I, iii. Respondent's Past Performance, please clarify what is meant by "(VII) the results of the project"?
 - The term "results of the project" refers to the outcome or achievements of each contract listed, which should include whether the project was completed on time and within budget, any design and constructability evaluation by the client, circumstances of final acceptance, etc. If the contract is still in progress, you should provide the current status or progress of the project instead of the final results. Include any significant milestones or achievements that have been reached up to the present time.
17. Page 23 paragraph 3 of the RFQ states that "The Successful Proposer(s) shall provide one or more of the following services, among others, in an on-going and as-needed basis with respect to various project sites to be identified by the City." Are firms expected to submit with a team of subconsultants in order to provide as many of these services as possible?
 - Please refer to the response to Question 1. The City will issue Work Orders to Awarded Proposer(s) on a project-by-project basis, which may include one or more of the services listed.
18. Will teams submitting without subconsultants, with the intention of providing only a few of the services listed, be penalized in the selection process in any way? Is it recommended to fulfill as many as the services as possible?
 - Please refer to the response to Question 1. Failure to have experience in all of the specialties/categories of services listed in Section 3.1 shall render their proposal non-responsive.
19. Could you provide clarification as to who the term "Respondent" applies to? Does this term apply to only the Prime consultant, or does it also apply to subconsultants that are on a Prime's team? We are looking for clarification for who the term applies to for the following subsections: ii. Respondent's experience and iii. Respondent's Past Performance listed on page 18 of the RFQ.
 - Please refer to the response to Question 1 concerning the meaning of "Proposer" as referring to the Prime. Please also note that Section 1.1 (page 7) of the RFQ defines the term "Respondent" as interchangeable with either "Proposer" or "Bidder".
20. This question is regarding Proposal Submittal Instructions – item 5. Proposer Qualification Statement page 17. Are b. Part II and c. Part III included within the 12-page document? Or does this only apply to a. Part I – Technical Submittal?
 - The 12-page limit applies only to Part I – Technical Submittal.
21. Do we need to include SF330 resumes in the proposal for the key personnel only, or does the city prefer to have resumes for all the individuals listed in the organizational chart?
 - Resumes should be provided for all personnel participating in the proposal.
22. iii. Respondent's Past Performance page 18. What specific information should we include in (VII) the results of the project, especially if the project is still ongoing?
 - Please refer to the response to Question 16.

City of Doral

RFQ No. 2023-08

General Engineering and Architectural Services

Addendum No. 3

1. On page 18 of the RFP, Under 5. Proposer Qualification Statement, Part I, ii. Respondent's Experience, does the City want the prime consultant's experience or the teams (prime and subs)?
 - Please refer to Addendum 2 response to Question 1.
2. For the "iii. Respondent's Past Performance" on page 18... Can we provide projects/contracts from the City of Doral in this section?
 - Yes.
3. Do liability / workers comp policies generally cover the specific areas you are requesting under the insurance requirements such as:
 - a. General Liability: Structural Design/Traffic/Roadway Design 5M occurrence 5M Aggregate (Bridges, retaining walls, Traffic Signaling or otherwise considered Heavy Construction)
 - b. Professional Liability: Professional Liability: \$5,000,000 (Non-Structural and not heavy construction 1M is acceptable)
 - c. Structural Design/Traffic/Roadway Design Limit of Liability \$10,000,000 (Bridges, retaining walls, Traffic Signaling or otherwise considered Heavy Construction)
 - d. Workers' Compensation: Structural Design/Traffic/Roadway Design Limit of \$1,000,000/1,000,000/2,000,000 (Bridges, retaining walls, Traffic Signaling or otherwise considered Heavy Construction)
 - Liability and workers' compensation policies generally provide coverage for various areas, including those mentioned in the insurance requirements. However, the specific coverage for these areas may vary depending on the policy terms and conditions. Prior to executing the Professional Services Agreement with an Awarded Proposer, the City will review the insurance policies to ensure that the coverage meets the specific requirements outlined in the agreement. It is possible that supplemental insurance may be required on a case-by-case basis (i.e., per work order) to ensure that the necessary coverage is in place, depending on the nature of the work and its associated risks.
4. Can we show projects from our subconsultants along with ours in the Respondent's Past Performance Section in the Technical Submittal and on the SF330 form?
 - Please refer to Addendum 2 response to Question 1. "Respondent's Past Performance" refers to the Proposer/prime's experience only, whether as a prime or subconsultant.
 - SF330 form must include projects for Proposer(prime) and key subcontractors (SF330 Section C), resumes for key personnel (SF330 Section E), projects illustrative of proposed team qualifications (SF330 Section F), and key personnel in example projects (SF330 Section G).
5. On page 19 of the RFQ, under c. Part II – Architect-Engineer Qualification Form 330, the City states that "information for both Prime and Subconsultants shall be submitted in sections E, F, G, and H of SF 330 Part I". Section F typically contains only 10 projects. As our team consists of more than 10 subconsultants, should we submit 10 projects (which may not include information for each subconsultant) or submit more than 10 projects to ensure each subconsultant is represented in this section?
 - Proposers may submit more than 10 projects by supplementing SF 330.

6. Section 2.2-Proposal Submittal Instructions says, "Responses by corporate entities must be executed in the corporate name by the highest-ranking executive officer or other corporate officer accompanied by evidence of authority to sign." Is a Vice-President/Officer authorized to sign the proposal?
 - Please refer to RFQ Section 2.2 which includes any "other corporate officer accompanied by evidence of authority to sign."
7. Can we use an 11x17 landscape format for the organization chart?
 - Proposal should be submitted on 8x11 pages.
8. In reference to Certified Minority Business Enterprise: What minority certification will be accepted by the City of Doral for this RFQ (Small Business Enterprise – SBE, Small/Minority Business Enterprise – S/MBE, Minority/Woman Business Enterprise – M/WBE, Disadvantage Business Enterprise – DBE)?
 - Please refer to Section 288.703, Florida Statutes, which defines "Certified minority business enterprise" and "Minority business enterprise" among other relevant definitions.
9. In reference to Certified Minority Business Enterprise: What County or agency minority certification will be accepted for this RFQ (Miami-Dade County, Miami-Dade County Public Schools, Broward County Public Schools, etc.)?
 - The City will accept any minority certification by the State of Florida or other certifying jurisdiction approved in accordance with Section 287.0943(1) and (2), Florida Statutes.
10. Page 17-18, Number 5.a.iii – Respondent's Past Performance: Are we to include past projects for the respondent's entire proposed team (include project examples from subconsultants) or only include projects belonging to the prime firm?
 - Please refer to the response to Question 4 herein.
11. We see that you have included an economist on the Exhibit D Consultant's Billing Rate sheet. Is it the City's desire to have an economist on the team for this contract?
 - Yes.
12. On Exhibit A – Required Submission Forms, page 34, #5 of the RFQ – the City asks for individuals or entities who would have an interest in the proposed transaction with the City. We assume the Prime Firm (no joint venture) would hold 100% of this contract, since the form says to exclude subcontractors/consultants -- Can the City clarify what they are specifically looking for here?
 - The referenced subsection of the RFQ requires identification of any individuals or entities that hold a material interest in the contract if awarded to the Proposer (excluding the proposer itself, which is addressed in the preceding sections 3 and 4, and excluding subcontractors, suppliers, laborers, or lenders).
13. In the sample contract, Section 3.2 is in direct conflict with other sections of this article providing terms for termination. Please consider removing this item from the contract.
 - Section 3.2 of Exhibit C – Draft Professional Services Agreement shall be amended as follows (stricken language is removed, underlined language is added):

3.2 Effect on Project Agreement: Nothing in this section shall be construed to create a right by either party to terminate any ongoing Project Agreement(s), except as explicitly provided herein.

14. In the sample contract, under section 3.4, please consider removing the following language: "or causes it to be terminated by the CITY".

- Section 3.4 of Exhibit C – Draft Professional Services Agreement shall be amended as follows (stricken language is removed, underlined language is added):

3.4 Termination For Cause: A Project Agreement may be terminated by either party for cause, upon fourteen (14) calendar days written notice to the other party should the other party fail substantially to perform in accordance with its material terms through no fault of the party initiating the termination. Cause shall be defined as a substantial failure by the other party to perform in accordance with the terms and conditions contained in this Agreement and/or any Project Agreement through no fault of the terminating party. In the event that CONSULTANT abandons this Project Agreement ~~or causes it to be terminated by the CITY or the CITY terminates the Project Agreement for cause,~~ the CONSULTANT shall indemnify the CITY against any loss pertaining to this termination. The aforementioned indemnification shall be in addition to, and shall not be construed to limit, the indemnification set forth in the RFQ, attached and incorporated as Exhibit "B". In the event that the CONSULTANT is terminated by the CITY for cause and it is subsequently determined by a court of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a termination for convenience under Section 3.5 of this Agreement and the provision of Section 3.5 shall apply.

15. In the sample contract, under section 3.6, please consider adding the following underlined language: "Assignment Upon Termination: Upon termination of a Project Agreement, upon payment by CITY for all work performed by the CONSULTANT up to the date of termination, a copy of all of the CONSULTANT's work product shall become the property of the CITY and the..."

- At this time, this language is rejected.

16. In the sample contract, under section 10.5, please consider adding the following underlined language: "10.5 Any modifications by the City to any of the CONSULTANT's documents, without written authorization by the CONSULTANT and/or any use of said documents for any purpose beyond that contemplated by the related Project Agreement will be at the City's sole risk and without liability to the CONSULTANT."

- Section 10.5 of Exhibit C – Draft Professional Services Agreement shall be amended as follows (stricken language is removed, underlined language is added):

10.5 Any modifications by the City to any of the CONSULTANT's documents, without written authorization by the CONSULTANT, and/or any use of said documents for any purpose beyond that contemplated by the related Project Agreement, will be at the City's sole risk and without liability to the CONSULTANT.

17. Is there an established MBE/SBE/DBE goal for this contract?

- There is no additional MBE/SBE/DBE goal beyond what is set forth in this RFQ and as required by Florida Statutes.

18. May the proposal response contain font colors within graphics that are not blue or black ink?
- Yes, provided the colors remain legible. The City shall not be responsible any may not provide credit where applicable if any portion of the Proposal contains font that is rendered in such a color that it is not reasonably visible or legible to the naked eye.
19. Does the Consultant need to submit an SF330 Part I Section E Resume for every team member, including support staff, or just key personnel?
- SF330 Part I Section E Resumes should be completed for all key personnel participating in the Proposal.
20. May we submit more than ten (10) projects for SF330 Part I Section F?
- Please refer to the response to Question 5 herein.
21. We request the City of Doral address problematic language in RFQ No. 2023-08. The indemnity in section 1.38 page 13 does not comply with Florida Statute 725.08 by requiring a defense. Will you agree to remove the requirement to “defend”?
- Section 1.38 of the RFQ shall be amended as follows (stricken language is removed, underlined language is added):

1.38 Indemnification

The Successful Respondent granted a Contract with the City as a result of this Solicitation shall indemnify and hold harmless the City, its officers, agents, directors, and employees, from liabilities, damages, losses, and costs, including, but not limited to all reasonable attorney's fees and costs, to the extent caused by the error, omission, negligence, recklessness or intentional misconduct of the Successful Respondent or its agents, employees, or subcontractors or consultants, arising out of or in connection with this Solicitation or the Contract. These indemnifications shall survive the term of the Contract. ~~In the event that any action or proceeding is brought against City by reason of any such claim or demand, the Successful Respondent shall, upon written notice from City, resist and defend such action or proceeding by counsel satisfactory to City.~~ The Successful Respondent expressly understands and agrees that any insurance protection required by this Contract or otherwise provided by the Successful Respondent shall in no way limit the responsibility to indemnify, keep and save harmless ~~and defend~~ the City or its officers, employees, agents and instrumentalities as herein provided.

~~The indemnification provided above shall obligate the Successful Respondent to defend at its own expense to and through appellate, supplemental or bankruptcy proceeding, or to provide for such defense, at City's option, any and all claims of liability and all suits and actions of every name and description which may be brought against City whether performed by the Successful Respondent or persons employed or utilized by the Successful Respondent. This indemnity will survive the cancellation or expiration of the Contract.~~

This indemnity will be interpreted under the laws of the State of Florida, including, without limitation, in a manner that conforms to the limitations of §768.28, §725.06 and/or §725.08, Florida Statutes, as applicable and as amended.

The Successful Respondent shall require all subconsultants and subcontractors' agreements to include a provision specifying that they will indemnify and hold harmless the City in the manner substantially set forth above.

The Successful Respondent agrees and recognizes that the City shall not be held liable or responsible for any claims which may result from any actions or omissions of the Successful Respondent in which the City participated either through review or concurrence of the Successful Respondent's actions. In reviewing, approving or rejecting any submissions by the Successful Respondent or other acts of the Successful Respondent, the City in no way assumes or shares any responsibility or liability of the Successful Respondent or subcontracted entities, under the Contract.

Successful Respondent warrants that there has been no violation of copyrights or patent rights in submitting their Response or providing the goods or services requested by this Solicitation. The Successful Respondent shall pay all royalties and assume all costs arising from the use of any invention, design, process materials, equipment, product or device which is the subject of patent rights or copyrights. Successful Respondent shall, at its own expense, hold harmless and ~~defend~~ indemnify the City against any claim, suit or proceeding brought against the City which is based upon a claim, whether rightful or otherwise, that the goods or services, or any part thereof, furnished under the contract, constitute an infringement of any patent or copyright of the United States. The Successful Respondent shall pay all damages and costs awarded against the City.

- Section 2.9 of the RFQ shall be amended as follows (stricken language is removed, underlined language is added):

2.9 Agreement Terms and Conditions

The Proposer(s) awarded a contract to render the services requested herein shall be required to execute a Professional Services Agreement ("PSA" or "Agreement") with the City. Certain provisions of the Agreement are non-negotiable, including, without limitation, those provisions explicitly set forth in this RFQ such as hold harmless, duty to ~~defend~~ and indemnify the City, insurance, payment and performance bond(s), etc. None of the foregoing shall preclude the City, at its option, from seeking to negotiate changes to the Agreement during the negotiation process.

Further details concerning the terms and conditions are contained in the Agreement, as sample of which is included as Exhibit C of this RFQ. A detailed Scope of Work will be developed by the City for each Work Order issued.

**RE: Request for Qualifications No. RFQ No. 2023-08
General Engineering and Architectural Services**

Dear Darlin Perez,

MARLIN Engineering, Inc. (MARLIN) is pleased to submit this Request for Qualifications to the City of Doral for Professional General Engineering and Architectural Services. We are eager and well-prepared to assist multiple departments within the City in implementing the Scope of Services and executing your Annual Strategic Plan. The MARLIN Team has been carefully assembled to cover all the services outlined in the RFQ, ensuring the delivery of safe, smart, and sustainable projects that promote efficient and healthy modes of transportation in the City.

With 32 years of experience, MARLIN has grown alongside the City, consistently working in the City and Miami-Dade County. We currently hold your General Engineering and Architectural Contract and have recently completed a diverse range of projects, including:

- School Traffic Operations Plan Reviews for Five Schools.
- 2022 Pavement Evaluation & Five-Year Maintenance and Rehabilitation Plan.
- Milling and Resurfacing of NW 99th Avenue from NW 21st Street to NW 25th Street.

Recognizing the value that the City of Doral places on its projects, we have carefully selected local subconsultant partners who possess the expertise and specializations required to meet the City's scope of services. Our partners include **AllBright Engineering, Inc.; Aluces Corporation; Curtis + Rogers Design Studio; F&J Engineering Group, Inc.; GEOSOL, Inc.; GPI Geospatial Inc., Inc.; Lambert Advisory, Inc.; Miller Legg & Associate, Inc.; NOVA Engineering and Environmental; STV; and Walker Consultants, Inc.**

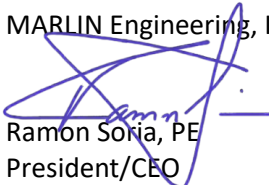

We are thrilled to propose **Aysel Freda, PE, as our Project Manager** for this contract. With 18 years of engineering experience supporting local communities and governments, Aysel has consistently enhanced the quality of life for residents through similar professional engineering services contracts. She possesses a deep understanding of the unique challenges currently faced by the City of Doral, including safety, smart cities, limited right-of-way, bicycle and pedestrian mobility, and maintaining accessibility and privacy during construction as the City continues to grow and develop.

Our team has the experience, passion, dedication, and expertise necessary to meet the needs of the City of Doral with the utmost professionalism and ethics, ensuring the successful completion of all services related to this contract. The MARLIN team is fully committed to allocating the required hours, expertise, and attention to detail to help the City achieve its goals and objectives while receiving these services.

As the Principal-in-Charge for this contract, I, Ramon Soria, PE, will oversee the project. Aysel will serve as the direct point of contact for the City, and our office responsible for this contract is located in Miami-Dade County at 6840 NW 77th Court, Miami, FL 33166.

Sincerely,

MARLIN Engineering, Inc.

Ramon Soria, PE
President/CEO

**PROPOSER QUALIFICATION
STATEMENT**

**A. PART I – TECHNICAL
SUBMITTAL**

I. EXECUTIVE SUMMARY

MARLIN Engineering, Inc. (MARLIN) is pleased to respond to this Request for Qualifications (RFQ) with a team of professionals with extensive experience, qualifications, available resources, and results-oriented management for this **General Engineering and Architectural Services** contracts. This proposal identifies a scope of services that covers the spectrum of services from planning to construction administration and construction engineering inspection and transit planning and operations. We have built a team with the ability to perform all required contract tasks successfully, and we have added additional expertise for public involvement, economic development, parking design, and management, and all the support services (e.g. Geotechnical, survey) required to deliver projects.

MARLIN'S past technical and managerial achievements reflect our Firm's teamwork and dedication to the local community. In the last few years, MARLIN has won the following awards for our planning and engineering solutions: 2021 Tri-County Safe Streets Summit People's Choice Award for Cutler Bay Protected Bike Lane Demonstration Plan; 2020 South Florida Branch of the American Public Works Association/Outstanding Achievement Award for the Town of Cutler Bay Southwest 100 Ave Stormwater Retrofit; 2020 Association of MPOs/ Outstanding Achievement for the Martin County Freight & Goods Movements Plan; 2020 Tri-County Safe Streets Summit People's Choice Award for the City of Hollywood Downtown Hollywood Boulevard Complete Streets Project; 2019 Florida American Council of Engineering Companies/ Outstanding Major Project of the Year Award for the FDOT D6 Krome Avenue Reconstruction/Vision Zero Project.

Our team's approach is to provide the City's Project Manager, **Darlin Perez, PE**, with expert contract management and project development support. We will serve as an extension of the City staff to execute this important contract successfully. Under this contract, TWO's budgets are not restricted but are typically limited to \$500K per TWO Study Activity Projects and \$4,000,000 for professional services contracts for construction projects. Having reviewed the 2023 City Strategic Plan, we have a comprehensive understanding of potential TWOs, including but not limited to infrastructure and multimodal improvements, safety/lighting enhancements, drainage (resiliency), door-to-door transit expansion, and city beautification. Given the dynamic nature of fund availability and shifting City priorities, there is a potential for projects and/or phases to be added, removed, or modified.

In addition to standalone projects, we know tasks could include miscellaneous design services (not tied to any specific project) such as advisor, administrative and/or technical consultant to the City. Work order plan development can include planning documents, engineering studies, bid documents, tabulation of quantities, construction plans, technical specifications, construction estimates, and/or project-specific construction management services. Equally important is our team's extensive experience in general tasks such as creating effective public involvement plans and hosting stakeholder meetings.

Aysel Freda, PE, will serve as our Project Manager and main point of contact for this contract. Aysel brings extensive experience in transportation design and has proven herself an exceptional Project Manager by delivering projects ranging from safety-focused projects to major reconstruction projects. She has 18 years of hands-on experience in transportation projects with a diverse background in roadway design, complete streets, and transit projects encompassing management, programming, planning, plans production, and construction administration. Aysel currently supports the City of Doral's GSC contract and looks forward to continuing her service to the City. She will be supported by a talented team of subconsultants of experienced and dedicated professionals to provide the City of Doral with the highest quality expertise.

Our team includes AllBright Engineering, Inc.; Aluces Corporation; Curtis+Rogers Design Studio; F&J Engineering Group, Inc.; GEOSOL, Inc.; GPI Geospatial Inc., Inc.; Lambert Advisory, Inc.; Miller Legg & Associate, Inc.; NOVA Engineering and Environmental; STV, Inc.; Walker Consultants, Inc. This team brings outstanding municipal, Miami-Dade County, Miami-Dade Transportation Planning Organization (TPO), Florida Department of Transportation (FDOT), and South Florida Regional Transit Authority (SFRTA/Tri-Rail) experience to this contract. The table below summarizes our team members, their project roles, and their years in business.

The MARLIN team offers the City of Doral an expert team with redundant resources to support all GSC services and is ready to support the City and its mission of **"continuously enhancing the quality of life through community engagement, exceptional service, and accountability."**

II. RESPONDENT'S EXPERIENCE

WHO WE ARE

Established in August 1991, MARLIN Engineering, Inc. (MARLIN) was founded upon the bedrock principles of integrity and professionalism. What began as a modest two-person agency in unincorporated Miami-Dade has blossomed into a dynamic team of over 120 dedicated professionals. We have evolved into a comprehensive, multidisciplinary transportation planning and engineering firm that takes projects from concept to construction. With office locations spanning across Florida, MARLIN has established a reputation as a trusted partner in the transportation planning and engineering sector.

For 32 years, MARLIN has been at the forefront of planning, designing, and innovating communities. Our multidisciplinary team combines creativity and expertise to assist public and private clients in enhancing, expanding, and modernization of transportation facilities. With a cadre of experts spanning various disciplines and an extensive network of resources, MARLIN is primed to tackle even the most intricate challenges.

OUR FAMILIARITY WITH THE CITY

In 2007, MARLIN was honored to be selected as the City of Doral's General Engineering Consultant through a similar contract. Since then, we have actively engaged with various departments and the vibrant Doral community, establishing strong relationships. Over the past 16 years, we have completed numerous work orders spanning a wide range of technical areas, showcasing the versatility and effectiveness of our services. Our deep understanding of the city's unique needs and dynamics positions us as a trusted partner, ready to deliver exceptional results again.

THERE'S NOTHING BETTER THAN WORKING WITH MARLIN

Our philosophy is collaboration! Our team's keys to successful collaboration include trust, respect, empowerment and effective communication. *We have gained recognition within the industry for our innovative thinking and our consistent impact on projects undertaken for municipal, county, and state agencies throughout the State of Florida.*

DORAL IS OUR TOP PRIORITY!

We are pleased to propose **Aysel Freda, PE**, as our Project Manager for this contract. Aysel brings extensive experience in roadway design and has proven herself to be an exceptional Project Manager. With a remarkable 18-year tenure in the industry, she possesses a strong background in roadway and highway design, encompassing plan production, management, programming, planning, and construction.

Aysel will provide the City Project Manager, **Darlin Perez, PE**, with outstanding service, keeping her up-to-date on the project's progression throughout the contract's life. These practices will allow Aysel to efficiently address the city's contract tasks, schedule, and budget needs while staying current with industry trends and addressing client requests.

IV. PROJECT IMPLEMENTATION STRATEGY

MARLIN has an exceptional understanding of the City’s needs, local conditions, goals, and objectives as we have been working in, and for, Doral for our entire 32-year history. MARLIN has worked for the City of Doral on numerous projects, most recently developing the Citywide Sidewalks Improvements Program, Citywide Pavement Management and Rehabilitation Plan, and the NW 114th and NW 99th Street Milling and Resurfacing Projects. We have also worked in the City for Miami-Dade County, the Miami-Dade TPO, and FDOT District 6. The City has an amazing story growing from 3,126 residents in 1996 to 75,966 in 2021, and growth is expected to continue as the City moves forward with implementing its Comprehensive Plan. At the same time that residential and commercial growth is occurring, Doral is at the center of regional and global logistics activity. *Our goal with this contract is to support the City’s Strategic Plan by providing safe, cost-efficient, Smart City, community-based projects that support economic development.*

Our **PROJECT IMPLEMENTATION STRATEGY** begins with strong project management and building a team with key personnel to meet all of the 14 areas identified in the scope of services. Our organizational chart shows a Team Leader and staff for each area identified in the scope with additional expertise areas for public involvement, architectural design, parking services and management, and additional support services to execute any Task Work Order (TWO) assigned to our Team. Our **Project Manager, Aysel Freda, PE**, is an expert Project Manager with 18 years of experience, including 12 years at FDOT District 4 as a Roadway Designer and Pavement Management Engineer. Aysel has been with MARLIN for 4 years, working as a Design and Construction Project Manager for municipal, county, and state agencies and SFRTA/TriRail. She currently manages our Doral GEC contract and has additional experience with LAP projects, PD&E, drainage, landscaping, complete streets, new capacity, reconstruction, and post-design services projects.

Upon notice of a potential TWO from Darlin, Aysel will recognize project needs, confer with her Team Leaders and identify the resources needed to execute a successful project within the City’s time and budget constraints. As the **primary contact** with the City’s Project Manager, she will have the responsibility of coordinating the technical, managerial and planning efforts of the MARLIN team to ensure that the expectations of the City are met during all phases of any assigned projects. The MARLIN team understands that a **“strong start”** is essential to ensuring the success of a project. Upon receiving the **notice to proceed**, Aysel will organize a team kickoff meeting with appropriate team members to emphasize critical components: Project Scope and objectives, Budget, Schedule, QA/QC Plan, Key Deliverables, City Expectations, and applicable Criteria. Aysel will maintain open lines of communication with each of the subconsultants for each TWO to coordinate tasks and discuss progress and deliverables on a regular basis.

DESIGN CRITERIA/CODES – The predominant roadway segments within the City are County/City roads with bordering state highways (Florida’s Turnpike-HEFT, SR 836 (Dolphin Expressway) and SR 826 (Palmetto Expressway) on three sides. Our team will evaluate existing conditions and key design elements for safety, aesthetics, and suitability during the design phase of each TWO. We will prepare a complete set of construction plans, specifications, technical specs, reports and documentation in accordance with the City of Doral – Code of Ordinances, City Environmental Plan Review Checklists, Miami Dade County Code, FDOT FDM and Standard plans, Florida Greenbook Standards, Florida Building code, as well as AASHTO Guides, MUTCD, MUTS, ITE and FDOT Complete Streets manuals where applicable. Additional professional/industry standards include Miami-Dade County DTPW, including the Traffic Signals and Signs Division (TS&S). The (TS&S) is responsible for operating and maintaining traffic control devices and street lighting on the County’s arterial street network. For accessibility issues, we will follow the 2010 ADA Standards for Accessibility Design and 2011 ADA & ABA PROWAG and AASHTO Guides.

SAFETY IS NUMBER ONE! – Our team will confirm that all improvements are properly vetted for safety. We are experts in the FHWA Safe Systems Approach and FDOT’s PSEE Safety Countermeasures Module, crash modification factors and have utilized these cost-effective, innovative countermeasures on past projects, including; Transit design and utilization, efficient pedestrian routes, community-based bike solutions, access management recommendations, smart signalization options and “last mile” freight accommodation. The MARLIN team is fully versed in context-based Complete Streets policy promoting safety, quality of life, and economic development throughout Florida. This policy directly supports the City of Doral’s Vision, Mission, and Values which clearly focus on quality of life, family, communication, and service to the community.

TEAM EXPERIENCE IS OUR STRENGTH – The depth and redundancy of our team allow for greater availability to perform concurrent tasks and/or tap into additional resources on short notice as needed. Our past work with municipalities and agencies allows us to efficiently provide coordination, oversight, and management support of conventional design, as well as LAP projects administered by FDOT District 6. Based on lessons learned from our previous on-call services contracts, our team has developed streamlined procedures for processing procurement documents; streamlining procurement schedules; managing budgets; coordinating required approvals from local agencies such as MDC, FDOT D6, FDOT Central Office (CO) and/or Federal Highway Administration (FHWA), and stay abreast of local directives from FHWA or CO, when applicable. (See the organizational chart for detailed responsibilities and experience of all team members.)

CONSISTENT QUALITY CONTROL – Recognizing the critical importance of a structured quality plan, MARLIN has developed a Quality Assurance/Quality Control (QA/QC) procedure that every team member follows. This procedure emphasizes activities and expectations that will ensure high-quality services. Our team commits to delivering plans, specifications, and documents and conducting management best practices that meet the highest standards of our profession. We will take the following steps to ensure that every deliverable is permissible and buildable with accurate cost estimates to exceed the City’s quality expectations.

LESSONS LEARNED – As part of our QA/QC process, previously identified project lessons will be applied to each new TWO. These lessons are another opportunity to streamline design and construction efforts and include: **(1)** Obtain accurate survey/SUE data from the start to avoid delays. For example, existing signal poles and controller cabinet foundations may dictate location-specific curb ramps. A localized DTM, obtained early, can provide detailed information for an appropriate curb ramp design to avoid construction issues. **(2)** Surveys should capture cabinet base elevations and door orientation. Example: signal cabinet access near sidewalks where ground elevations and cabinet door orientation can impede sidewalk access. **(3)** Consider existing building features, such as doors and building usage (i.e., funeral home, church): In tight urban areas, back of sidewalk profiles and curb ramp layouts need to ensure improvements do not impede building access or compromise ADA compliance. We use smart level and laser distance measuring devices to verify targeted survey information such as cross slopes, ADA ramp slopes, and guardrail offset distances. **(4)** Verify FAA review requirements early. Doral is directly west of MIA and may require FAA approval and special low-profile equipment or power line de-energization.

We have successfully navigated these types of requirements and are familiar with processes involved and the FAA forms. **(5)** Start utility process early or confirm existing agreements: For each TWO, our team will identify all existing and proposed utility facilities, determine eligibility for compensation, provide conflict resolution of UAO facilities, and secure all necessary executed agreements to “clear projects for Construction.” **(6)** Early ROW verification/encroachments: Investigate ROW limits, potential maintenance maps, easements, and license agreements. **(7)** Scope/schedule verification: If the City requests safety improvements such as traffic calming measures, crosswalks, pedestrian signals, RRFBs, etc. that require studies/warrants for justification, we can build this into our schedule with resolutions aimed before the 60% submittal. These “lessons” will help identify risks and appropriate mitigation strategies during scope discovery prior to TWO negotiations.

RESILIENCY AND SUSTAINABILITY (R&S) – Represent challenges for the short and long-term success of the City of Doral’s livability and quality of life. In support of these challenges, our team will look at innovative R&S techniques/opportunities such as increased vegetation (green space), permeable pavement, bioswales, articulated block maintenance treatments, reduction of heat islands and underground water treatment, improved water quality catch basins, etc as applicable. Sustainability does not end with design. MOT plans will emphasize the importance of existing tree survivability which can assist with stormwater drainage and treatment, enhance aesthetics, mitigate the heat island effects, and create more pedestrian-friendly corridors. Creating a more livable community is a key LEED principle and a source of pride for our team. We will focus on solutions that not only work to meet RFQ scope requirements/documentation but also support the City’s Digital Government Transformation and Strategic Initiatives.

Public support can make or break any project. Our team will develop a **COMMUNITY OUTREACH STRATEGY** for effective communication with neighborhoods and stakeholders to build support for projects. The MARLIN team understands that early and transparent public engagement improves the local community’s understanding of the project intent, builds trust,

and identifies community goals and unique opportunities. These public involvement strategies include stakeholder/advocacy group engagement, targeted agency and municipal coordination, innovative tools such as community surveys, social media, and online crowdsourcing. Outreach methods include face-to-face meetings, website posts, meetings with special interest groups, live streaming via Facebook Live/X (Twitter), and virtual/hybrid meetings with stakeholders.

COST CONTROL – Given the current cost and materials issues prevalent within the construction industry, a structured and detailed cost control process is extremely important to maintain local agencies’ limited budgets. Aysel and/or the Task Manager will track project and subconsultant expenditures versus the agreed-upon schedule allowing her to anticipate potential issues well before any situation becomes critical. All subconsultant invoices will be reviewed and validated prior to invoicing. She will provide monthly progress reports and invoices to the City with an earned value graph (EVG) comparing dollars versus time expended to date. Our team’s Cost Control Plan will monitor the design, construction, and post-design budget. Aysel/Task manager will update construction estimates using AASHTOWare or other detailed cost estimating tools utilizing the most up-to-date costs at each project milestone or with any major scope changes. We will use our three-way checklist concept to verify quantities and pay items for an additional layer of confidence. To avoid issues with quantities during construction, we will conduct thorough checks during design, including hand verification of the “high-ticket” items or 90/10 analysis. (I.e. asphalt quantities, concrete, and drainage). If coordination is needed with FDOT District 6, Aysel and the Team have extensive experience with FDOT District 6 processes and procedures and an excellent understanding of internal District organization and decision-makers. A customized Excel spreadsheet will be developed to set aside 10% of the total TWO budget for post-design costs at project inception. The post-design budget will be controlled during construction by rapid response/review of RFIs and shop drawings. Items identified in our QA/QC plan, such as checklists, 3-way reviews, 90/10 back checks, etc., will provide additional budget control tools.

SCHEDULE – Aysel will work with Darlin to develop a schedule to manage critical path items, maintain positive float, and identify/resolve risk items. Major design decisions will be coordinated with the City early in the process to eliminate design changes that can directly impact the schedule and budget. Our experienced team has worked on similar contracts in the past and can apply lessons learned to help identify and maintain individual task commitments and schedules. Critical path items such as permits, license agreements, utility issues, and obtaining ROW early in the design phase to minimize potential risks and/or delays. Weekly production meetings will be held to track design activities and assess staffing needs. **Given our Team’s experience and depth of resources, we can accelerate a project schedule based on community and/or City requirements or needs.** Every TWO’s schedule is discovered and maintained, ensuring all applicable activities and critical path items are identified, and milestones submittals are properly staggered (at least 3-4 months between each submittal). **Streamlined schedules can be accomplished for smaller projects which may eliminate the 30% (Initial Engineering) Phase for quicker delivery.** We are committed to maintaining a positive float on all TWOs. We do this by updating the schedule monthly and looking 30, 60, and 90 days ahead at all upcoming activities (e.g., survey, utilities, ROW, local agencies approvals, etc.) to ensure they are always following early start and early-finish. This also allows for any unforeseen addition to the project or delay to be mitigated by adding resources and/or compressing activity durations if needed.

For a TWO task, typical project milestones will be **Phase I, Phase II, Phase III, and Final Plans** Specifications and Estimates Phase. However, phase reviews will be determined by scope, schedule, and input by the supervision of the Public Works Director and Building Official of the City. They provide recommendations of approval to the City’s Public Works Director and Building Official charged with issuing permits.

- **Phase I / Initial (30% plans)** – Scoping phase. Focus on project intent and community input and needs.
- **Phase II / Constructability (60% plans)** – Can we construct what we scoped?
- **Phase III/Biddability (90% Plans)** – Can contractors accurately bid on what we are proposing for construction? (Appropriate details, special provisions, proprietary items, and LA as needed.)
- **Final Plans Specifications and Estimates Phase (100% plans complete, signed and sealed)**

MARLIN and our Team of experts and support technicians are committed to exceeding the City’s expectations.

B. PART II – IDENTIFICATION OF QUALIFIED ENTITIES

IDENTIFICATION OF QUALIFIED ENTITIES

Proposers must have experience in all related areas described in Section 3.1 of the RFQ. Accordingly, Proposers shall specify whether such experience requirement is satisfied by the Proposer and/or any of its proposed subcontractors by identifying the applicable entity with the category of experience and applicable years of experience. Resumes and experience submitted with the Proposal must specify and substantiate the experience and qualifications provided herein. Supplement in the same format as below, as needed.

(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager: Assisted the City in implementing its transformative Transportation Master Plan which focuses on reducing single-occupant vehicle use within the City by 20% and doubling the pedestrian and bicycle use mode in 20 years. Connected the Venetian Causeway bike lanes across the island to Beach Walk with bike and accommodating transit. Project included creative designs that link pedestrians, bicycles, transit lanes, and freight deliveries in a dense urban environment. Worked with single-family home neighborhood to implement a critical link in the City's shared-use path network on another work order. Worked closely with the neighbors to develop concepts that connect the west side of the island to Central Miami Beach, including separated pedestrian and bicycle facilities. Final concepts included creative public art, bio-swales, permeable pavement, and traffic calming devices including speed tables, lane narrowing, and a traffic circle.		<input checked="" type="checkbox"/> Check if project performed with current firm

c.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager: Jeff manages MARLIN's General Engineering and Planning Contract with the City. He is currently handling Task Work Orders to assist the City in implementing its transformative Transportation Master Plan. The plan focuses on reducing single-occupant vehicle use within the City by 20%, nearly doubling the pedestrian and bicycle use mode in 20 years. Jeff is now connecting the Venetian Causeway bike lanes across the island to Beach Walk with a bike and accommodating transit. The project includes developing creative designs linking pedestrians, bicycles, transit lanes, and freight deliveries in a dense urban environment. The project is funded by a TPO SMART Moves Grant integrating pedestrian bicycle connectivity to three BERT Routes and the Beach Link SMART corridor. Jeff and the MARLIN Team worked with a single-family home neighborhood to implement a critical link in the City's shared-use path network on another work order. The Team worked closely with the neighbors to develop concepts connecting the island's west side to Central Miami Beach, including separated pedestrian and bicycle facilities. The final concepts include creative public art, bio-swales, permeable pavement, and traffic calming devices, including speed tables, lane narrowing, and a traffic circle		<input checked="" type="checkbox"/> Check if project performed with current firm

	<p>Project Manager: Managed the development of a freight plan for Florida’s epicenter of freight and logistics activity. The study area is 26,000 acres and includes the Miami International Airport Cargo Area, the Flagler Rail Yard, over 50 million square feet of warehouse/distribution center facilities, I-75, SR 836, SR 826, Florida’s Turnpike and the FEC and CSX Railroads. The plan will advance freight and logistics projects by partnering with local communities and stakeholders to develop a localized subarea. The project was performed within a Planning and Conceptual Engineering (PACE) study to advance the programming of short-, mid-, and long-term projects through various State, Federal, and Local funding programs. Stakeholders and local communities will support the study’s recommendations to identify significant projects for a condensed path to NEPA compliance through the PD&E phase.</p>

c.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE The City of Miami, hired Curtis + Rogers to provide design services related to streetscape renovations in the Coconut Grove Central Business District. The goal of the project was to review the existing problems with brick lifting and root intrusions in the sidewalks and evaluate existing tree conditions, while maintaining the existing wonderful character of Coconut Grove. A combination of solutions have been proposed and include new trees planted in conditions optimal for future growth, maintaining existing trees while improving their immediate growing environment and replacement of bricks set in a more suitable base material. The Curtis + Rogers team included landscape architects, urban arborists and horticulturists all working together to develop creative solutions to the challenging conditions. Extensive meetings were held with members of the Coconut Grove Business District, businesses in the area and the public to seek input and ideas for the project.		<input checked="" type="checkbox"/> Check if project performed with current firm

The project goal is to reconfigure the Flagler Street from NW 2nd Ave to Biscayne Blvd, to provide wider sidewalks, selective parallel parking/loading areas, grading/drainage improvements, and landscape and hardscape enhancements commensurate with a vibrant downtown commercial area. The goal for these improvements is to provide areas for outdoor cafes, together with unified furnishings, lighting and landscape to enhance the visitor experience of the area. Flagler's long historic significance has been taken into consideration in the planning and design of these improvements. Given that Flagler is considered the City of Miami's "main street", many parties are involved in the planning and implementation of the project. The project is being managed by the City of Miami's Capital Improvements Division (CIP), working in conjunction with the Downtown Development Authority (DDA), specifically with the Flagler Street Steering Committee. Cost: \$ 27,000,000

The Central Station at the Miami Intermodal Center (MIC) is a facility combining a station for Amtrak and another one for buses. It is adjacent to, and integrated with, the MIC station of the proposed MIC Earlington extension of Metrorail, the proposed light rail connection to Miami International Airport and Miami International Airport's Consolidated Rental Car Facility. In addition to the rail station and bus station the project provides a major pedestrian system of walkways connecting all the related facilities and a public plaza for patrons of the multiple facilities. Cost: \$ 80,000,000

(3) BRIEF DESCRIPTION AND SPECIFIC ROLE C+R was responsible for the Landscape Design, Tree Disposition Plan and Irrigation Design for this County Courthouse facility located in the Village of Islamorada. The landscape was inspired by the maritime forests that once graced these islands. The new buildings will appear as if they emerged from within a hammock while showcasing a cast of native plants with sporadic outcrops of the precious Key Largo Limestone. Within the site a remnant fragment of a hammock is being preserved. Within the building a climate-controlled interior courtyard features a non-native tropical splendor of color and textures that emulate the uniqueness and vibrancy of the people of the Keys. Ultimately, the landscape design strives to preserve, restore, and showcase a modest yet vital landscape that is often overlooked while embossing its identity and place. 			PROFESSIONAL SERVICES 2009		CONSTRUCTION On-going
(3) BRIEF DESCRIPTION AND SPECIFIC ROLE Curtis + Rogers was a part of the Master Plan process for the Broward Courthouse Complex in downtown Fort Lauderdale. Phase 1 of that Master Plan, which involved a new Courthouse Building fronting SE 6th Street, was completed in 2019. The Plaza in Phase II, currently under construction, has been designed to function as a public space for large and small civic gatherings, and for the groups that typically gather in front of a courthouse, including vendors and families with children. Shade is provided by a grove of Oak trees on the west side of the walkway that then opens and climbs a double set of stairs to the Courthouse Plaza. Within the gathering space is a small simple structural space for children to play in and shaded seating for parents. The plaza also includes a smaller scale, shaded space to provide refuge from the activity in front of the courthouse and serves handicap access to the building. The overall design of the plaza centers on the concept of creating a shaded inclined path that leads visitors to the front door of the courthouse. Lighting and hardscape elements provide a further framing of this pathway. Cost: \$4,000,000 (Landscape portion)			<input checked="" type="checkbox"/> Check if project performed with current firm.		
(1) TITLE AND LOCATION Fisherman's Community Hospital Marathon, Florida			(2) YEAR COMPLETED		
			PROFESSIONAL SERVICES 2018		CONSTRUCTION 2021
(3) BRIEF DESCRIPTION AND SPECIFIC ROLE In 2017 Hurricane Irma hit the Florida Keys and the only major hospital in the Middle Keys was damaged beyond repair. Curtis + Rogers worked with Nelson Architects and Baptist Health to design a new facility to serve the Keys well into the future. Temporary facilities were erected, and the project was completed in phases so that the community had medical services as the project was fast-tracked. The new hospital backs to a mangrove preserve on the east and US 1 on the west and includes a helipad for emergencies. The hospital's new landscape is primarily native and salt and drought tolerant to make it a resilient facility for the future. Native trees were preserved where possible and native thatch and cabbage palms were relocated on site. Curtis + Rogers provided design services for Tree Disposition, Planting, Irrigation and Construction Administration. Curtis + Rogers provided the landscape and irrigation design services for this project, as well as the LEED documentation for relevant credits. The landscape design includes unusual circular berms, and an extensive selection of unusual and exotic trees to stimulate and educate the children. Curtis + Rogers developed educational flyers for the visitors to the museum that take them on a treasure hunt to find the trees and identify their unique qualities. The landscape and irrigation were also designed to reduce water use by 59%, and 70% of the plants are native and drought tolerant, helping to achieve the LEED Gold status. LIRR New Mets/Willets Point Station Queens, NY	2019	
(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> CHECK IF PROJECT PERFORMED WITH CURRENT FIRM		
a. Project Manager - Responsible for station design during this effort to update and modify the Long Island Rail Road (LIRR)'s Mets/Willets Point Station, which is on the railroad's Port Washington Branch line in Queens, NY. The new station design includes infrastructure upgrades to support year-round train service as LIRR anticipates a future connection with the proposed 1.5-mile-long AirTrain LGA people mover system serving LaGuardia Airport (LGA). The design of the Willets Point station is especially complex, incorporating multiple pedestrian bridges, as well as the replacement of the historic Passerelle, a pedestrian bridge/boardwalk that connects the NYCT No. 7 Line station with Flushing Meadows-Corona Park. Robert managed design efforts for the new station house as well as three 12-car station platforms, overpasses for circulation and egress with elevators and escalators, police and employee facilities, and two new interlockings.		
MBTA Green Line LRT Extension Design-Build Boston, MA	2019	
b. Quality Control Reviewer - Provided quality control reviews of design documents for four of the seven new passenger stations and two traction power substations as part of the Massachusetts Bay Transportation Authority (MBTA)'s Green Line light rail transit (LRT) extension. This \$1.32 billion design-build project will extend the Green Line north of its current terminus at Lechmere Station in Cambridge along two branches, one 3.4 miles long to College Avenue in Medford and the other 0.9 miles long to Union Square, Somerville. Each of the new stations will be open-air facilities, similar to bus stops, and will contain platforms centered between the tracks with access at one or both ends. Robert checked designs and specifications of at-grade stations for adherence to the project quality plan, MBTA standards, regulatory codes such as ADA and NFPA, and overall quality. He leveraged his experience working on similar facilities throughout the country and his technical expertise of regulations such as NFPA 130.		
NCDOT Alfred Cunningham Bridge Replacement New Bern, NC	2007	
c. Project Architect - Responsible for development of architectural design for a 3-story control house and a 1-story machine house associated with a new movable bridge over the Trent River in New Bern, NC. The \$39 million North Carolina Department of Transportation (NCDOT) project, which included replacing a swing bridge erected in 1954 with a double-leaf trunnion bascule, was part of a larger riverfront revitalization program. Robert led the design of the bridge's control house which features an aluminum and glass curtain wall system that provides an expansive, 360-degree view of river traffic. The building also included a copper hip type roof and terra cotta rain screen that were contextual elements respectful of the site's proximity to a historic park. Robert coordinated this design to satisfy SHPO requirements.		
NHDOT Portsmouth Memorial Bridge Replacement Design-Build Replacements , Portsmouth, NH	2007	
d. Project Architect - Provided architectural designs for a 2-story control house, 1-story machine house, and gate tender houses at the Portsmouth Memorial Bridge, which carries US 1 over the Piscataqua River between Portsmouth, NH, and Kittery, ME, for the New Hampshire Department of Transportation (NHDOT). The control house included a control room, work room, and electrical room with views of marine and automotive traffic. Robert provided designs for the buildings that included copper composite panels, a glass and aluminum curtain wall system, and a copper roofing system.

The City of Hallandale Beach retained MARLIN to provide public outreach and concept development on design services to reconstruct Atlantic Shores Blvd., from Diplomat Parkway to US 1. Roadway improvements are intended to increase safety and improve the roadway and streetscapes on Atlantic Shores Blvd.

The existing corridor has significant drainage, parking, aesthetics, and context issues. MARLIN worked closely with City and its neighbors to develop a complete street in a residential context that has moved to design.

This is a Complete Streets Resurfacing project from SR-5/US-1 to Diplomat Parkway (.710 miles) that addresses on-street parking and creates a more pedestrian-friendly corridor by implementing wider sidewalks. Scope of work included transportation planning, milling and resurfacing, signing and pavement markings, signalization, lighting, drainage, landscape architecture, and public engagement/involvement.

The purpose of this project was to create a multimodal corridor that meets the needs of all street users (vehicular, pedestrians, bicyclists and transit patrons) also included; a raised intersection at NE 8th Ave, a mid-block crossing east of NE 10th Ave, a roundabout at NE 12th Ave, back-in angled parking and an improved streetscape west of Diplomat Parkway.

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

MARLIN supported the Town of Miami Lakes as the Engineer of Record on the recently completed NW 60th Ave Complete Streets Project. MARLIN designed a shared-use path along NW 60th Ave, from NW 139th Street to Miami Lakes Drive. Besides, several crosswalks were intended to allow for midblock pedestrian access to both sides of NW 60th Ave. The project also included ADA enhancements. The shared-used path was designed to preserve the Town's signature oak tree canopy while using innovative pervious pavement to enhance stormwater drainage.

This project has brought several benefits to the Town, including public health, equitable travel, environmental sustainability, and community safety. *Since this is a LAP-approved project, MARLIN coordinated with FDOT to develop the NEPA documentation required for this project.*

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

MARLIN Engineering was requested to provide a proposal for a traffic calming study and submitted a traffic impact analysis proposal that is comprehensive and cost-effective.

The study will develop data and propose concepts to reduce speeding and cut-through traffic, improving the City's quality of life and reducing the negative impacts of motor vehicles. MARLIN engineers will utilize a mixture of recent traffic counts and incorporate prior traffic calming studies, data analysis, and input from City staff and residents to formulate the plan.

An active public involvement effort will be developed to inform the residents and obtain a consensus on the desired circulation modifications consistent with Miami-Dade County requirements. The Citywide process will enable public involvement and study recommendations to be developed systematically. The study results will be assembled in a written report identifying the City traffic circulation issues and the alternatives that can minimize the impacts.

This portion of the study encompasses Phase I of the project. Phase II will include design and permitting.

MARLIN assisted the Village of Palmetto Bay in applying for a grant from the Miami-Dade TPO SMART Mobility grant program.

As a result, MARLIN is conducting a feasibility study for bicycle and pedestrian multi-use trails within the Village. The study aims to improve mobility, safety, and accessibility to the SMART Plan's South Dade Corridor Transitway and the South Dade Trail to and from the Village. Recommendations will include multi-use pathways, sidewalks, and protected or buffered bicycle lanes.

The study will identify and assess existing conditions for bicycle and pedestrian connectivity along SW 144 Street, SW 152 Street, SW 168 Street, and SW 184 Street within the Village and between the South Dade Transitway and Old Cutler Road. MARLIN will conduct a field inventory of each corridor to determine which is best suited for multimodal improvements. Upon completion, two roadways will be selected for conceptual development.

The Village of Palmetto Bay requested MARLIN to perform a traffic study to determine access modifications to two neighborhoods in the Village in response to public complaints regarding excessive cut-through traffic during the AM and PM peak periods on typical weekdays.

One of the neighborhoods studied was the **Malbrook neighborhood**, bounded by SW 168th Street on the north, SW 87th Ave on the west, SW 181st Street on the south, and SW 84th Ave to the east. The south and east edges of the neighborhood are bounded by a canal such that there are no connections east of SW 84th Ave and south of SW 181st Street. Both SW 168th Street and SW 87th Ave are classified as major collectors. All other streets are local residential streets. Old Cutler Road is classified as a minor arterial, and SW 152nd Street is classified as a significant collector. All other streets are local residential streets.

This study provides a detail of the project description, study area, crash analysis, existing traffic conditions, intrusion identification, potential improvement alternatives, as well as conclusion and recommendations. In conclusion, the study aims to address concerns related to the Malbrook neighborhood. As part of this study, MARLIN conducted a very in-depth review of the current conditions to provide alternatives for a potential solution. The installation of no-turn signs along SW 87th Ave within the limits of the Malbrook neighborhood was reviewed in conjunction with other roadway improvements along SW 168th Street from SW 87th Ave to the bridge, east of SW 84th Ave. The combination of these two improvements provides the best solution.

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Greenways Biscayne Trail is an 36.2-mile-long multi-use trail study that includes a Project Development & Environmental (PD&E) study, trail design, and construction management services. The Biscayne Trail provides recreational access to Biscayne National Park and several of South Florida's coastal habitats. For the purposes of this study, the trail was divided into four segments: A, B, C and D. Segment C is approximately 6 miles in length by itself. However, the total length of this segment is 6.5 miles with one additional spur approximately 0.5 miles in length located on the south side of the Mowry (C-103) Canal (theoretical SW 320th St.) to Biscayne Bay. Segment D is approximately 4 miles in total length.

MARLIN prepared a study documenting the requirements for preliminary design, including existing conditions, typical sections, right-of-way requirements, environmental impacts, development of 3 build alternatives and costs of improvements on the Biscayne Trail Segments C & D. This study was performed in accordance with FDOT's PD&E Manual.

The study tasks include:

- Collection of all existing engineering and environmental data for possible improvements to the existing L-31 E and North Canal levee
- Recommendation of corridor development, based on operational, safety, and aesthetic improvements.
- Consideration of improvements positively impacting safety and operations throughout the surrounding corridor
- Identification of all existing deficiencies and development of alternatives
- Recommendation of a preferred alternative in the study of Segments C & D connecting Black Creek Trail Segment A with SW 137th Ave.
- Final design plans, construction documents, and construction management.
- Coordination with permitting agencies such as FDOT, SFWMD, DERM, US Army Corps of Engineers, and US Wildlife and Fishing Wildlife and Fishing.

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Located in downtown Hollywood, this project received the 2020 People's Choice Award for Best Urban Complete Streets Demonstration.

The City of Hollywood was awarded a grant for approximately \$6.8 million with the condition that the design incorporates various Complete Street elements. For this project, MARLIN used a multimodal approach to roadway planning – instead of widening the street for vehicles, they recommended improvements to create a livable community that is safe for biking, walking, and transit. The new design integrates place-making concepts that bring mixed-uses and creates a street that is safe and comfortable for children, wheelchair users, and sidewalk retailers. Improvements included:

- New paving, striping, and surface drainage configuration
- New ornamental plantings along the corridor (trees, palms, flowering shrubs, groundcover)
- New pedestrian crosswalks with center refuge median and center walkway spline, including new pedestrian scale lighting, new colored concrete walks, safer parking configuration, new five-foot wide bike lanes with buffer zone, and ADA compliant parking spaces and accessible ways

Project Costs: \$75,000.00
Construction Costs: \$6,800,000.00

The City of Fort Lauderdale tasked MARLIN to provide plan documents to allow the City to repurpose the outside lanes on NE 15th Ave from Sunrise Blvd. to the north of 13th Ave to buffered/protected bicycle lanes. These plans included harmonization with the bike lanes north of NE 13th Ave, at least one location for a median neighborhood entry sign, bike boxes, opportunities to locate protective planters, and two midblock crossing locations.

The FDOT also tasked MARLIN with analyzing the NE 11th Street/NE 15th Ave intersection and the proposed safety improvements at the Publix/Walgreens/NE 15th Ave access points. This analysis showed the impacts of safety/traffic calming on 15th Ave from Sunrise Blvd. to 11th Street to the Sunrise Blvd./NE 15th Ave intersection. The analysis included two alternatives for the Publix/Walgreens intersection, including MARLIN's short-term alternative and the Lake Ridge Neighborhood's proposed relocation of the Walgreens Driveway.

This contract provides Broward County Highway Construction and Engineering Division with a variety of professional engineering services through multiple, and sometimes simultaneous, work authorization assignments involving engineering design, management, and construction engineering inspection services for transportation and general civil engineering projects. The work authorizations assigned to Snubbs to date have included production of a complete set of contract plans or component sets (i.e. roadway, MOT, drainage, structures, S&PM, signalization, ITS, lighting, an utility coordination) in support of the Broward County Mobility Enhancement Program. Projects assigned to date include reconstruction or rehabilitation of county roadways, complete streets improvements, traffic signal intersections and pedestrian crossings, safety and operations improvements. Aylin Costa, PE our newest Partner managed this GEC contract from execution in 2018 to 2023. The overall contract included over 40 work authorizations, ranging in size and complexity with an aggregate budget of over \$7 million in 5 years. Task work order based contract, active 2021 to Present. Various task work orders completed using County Catalog Contractors and Design Build contracts ranging between \$150,000 to over \$22 Million, all completed within budget and schedule assuming a 5% contingency.

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (Include scope, size, and cost)

The Jose Marti Park Project, an intradisciplinary design collaboration, utilizes a design first of its kind in Miami. A design that incorporates a gradient of green-gray hybrid infrastructure to make the water's edge adaptive. This means protecting the park by retrofitting portions of the existing seawall to 6FT (NAVD88), constructing sections of new seawall, and constructing living shorelines/living seawalls. The project connects users through a floating boardwalk with viewing platforms and a riverwalk; collects water through a parking lot with pervious pavement and underground water retainment infrastructure, sculpted uplands to create bioswales, rain gardens, exfiltration trenches, raised berms and integrated native tree canopy with proper substructures to maximize the capture and filtration of water into the river/water table.

Since 2018, Lambert Advisory serves as economic development advisor to Hillsborough County. One of the key components of the County's initiative related to our work is to create a platform upon which strategic redevelopment can be effectively evaluated within select corridors/nodes throughout the County. Specifically, Lambert is providing the economic, market and financial tools needed to identify and support regulatory modifications needed to effectuate redevelopment. Lambert initially commenced the process of assessing the S.R.60/Brandon Boulevard Corridor and Nodes - Strategic Redevelopment Planning (Strategic Plan). The strategic plan associated with this phase of work is to identify potential mixed-use redevelopment opportunities and provide strategic planning insight within two defined districts. Accordingly, there are four primary initiatives undertaken as part of this process: complete an economic and market analyses; perform regulatory and infrastructure due diligence (completed by subconsultant); identify redevelopment opportunities; and, provide financial evaluation to guide strategic redevelopment initiatives. Subsequent to this analysis, Lambert completed multiple economic, market and financial analysis for projects including: Lumsden/Parsons Library Site Highest and Best Use/Affordable Housing; Tampa Innovation Area Strategic Planning; and, Hillsborough County Transfer Development Rights (TDR) Analysis.

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

The City of Winter Haven (City) is in the midst of addressing its future economic development and growth. As part of this planning effort, the City is working with a private developer who seeks to develop a mixed-use, 130-room hotel in Downtown Winter Haven. Current land development policies do not require the developer to provide parking inventory in support of the proposed development; however, the developer is asking the City to provide as many as 170± dedicated parking spaces to satisfy the requirements of the hotelier and supporting mixed-use plans. Additionally, the proposed development plans detail the use of an adjoining 30-space surface lot, further reducing the City's available public parking inventory. The same developer seeks to also develop as many as 650± additional residential units within Downtown Winter Haven.

Walker Consultants provided a presentation of their initial findings outlining their segmented approach toward studying various sub-regions of the downtown. During the presentation, Walker's team of Tampa-based representatives discussed an array of industry best practice opportunities demonstrating their experience working with other destination communities throughout the southeast and State of Florida. After which, the public provided their input toward implementable solutions that greatly benefited the preparation and direction of the team's findings and recommendations.

Walker provided a truly comprehensive parking plan. The team focused to promote a "smart" parking plan as part of a comprehensive strategy. Such a plan presented strategies that led to improved mobility for the entire community and supports the City's future needs.

KEY PERSONNEL

AYCEL FREDA, PE (M) will serve as the Project Manager for this contract. Ayce brings 18 years of extensive experience in the design, engineering, and construction of roadway and highway projects. She provides technical expertise for roadway and highway design plans, production, management, programming, planning, design, and construction of roadway projects, including Alternative Design projects. Her experience includes providing technical design for various highway projects throughout Florida and preparing construction contract plans for complex highway projects for the state, county, and cities. Before joining MARLIN, Ayce spent 12 years with FDOT D4, serving as Consultant Project Manager, District 4 Pavement Design Engineer, and Roadway Designer for FDOT's Roadway Design Division.

ARMANDO AGUIAR, PE (M) will lead Roadway Design and Plans Review and Permitting efforts. Armando with over 14 years of experience is well-versed in various engineering areas. He is proficient with FDOT Florida Design Manual (FDM), Plan Preparation Manual (PPM), FDOT Standards Plans, Construction Specifications and Construction Project Administration Manual-CPAM, MDWASD Standard specifications, Florida Building Code (FBC), and other state and local municipalities design standards and construction specifications. Armando has developed and prepared contract plans and ensured plans and specifications were by design criteria, policies, and procedures.

ERIC CUERVO, PE (M) will serve as the lead for Structural Design. Erick is a Structural Engineer with over 20 years of experience in infrastructure projects, including railway stations, pedestrian bridges, high-rise/industrial/specialty buildings, stadiums, airports, and telecommunication towers. His expertise includes design specifications and detailing of prestressed concrete and steel structures, rolled beams, trusses, steel H piles, and drilled shafts. In addition, Erick studied climatic phenomena related to the effects on buildings (wind, sun, rain, and passive cooling). His field experience includes site supervision, forensic evaluations and inspections, construction methods, sequence advising, quality and cost control, sub-contracting, and job site administration.

MYRA PATINO, PE, PMP (M) will lead Traffic Engineering. Myra has 29 years of experience providing extensive traffic and transportation engineering services. She is proficient in traffic engineering and operations studies, traffic calming studies, traffic impact analysis, signal warrants, speed studies, public meetings, and technical writing. Her focus areas concentrate on traffic operations, traffic studies, access management, and pedestrian safety. Myra is an expert in transportation project development, phasing and program management.

CHRISTINA FERMIN, AICP (M) will lead Transportation Planning, Land Use Zoning, and Public Involvement. Christina brings 12 years of planning and management experience. Her expertise includes strategic planning, sustainable development, data analysis, policy planning, master plan development, feasibility studies, GIS and aerial imagery, transit, and multimodal transportation throughout Southeast Florida. Christina has also completed leadership training programs, including Certificates from the LeaderShape Institute and the New Leadership Council (NLC) of Broward County. She also is an American Planning Association (APA) Climate Change Champion and Sustainable Communities Division (SCD).

WALTER KELLER, PE, AICP (M) will be leading Civil Site Planning & Design/Land Use. Walter has has a 41-year professional background in transportation planning, traffic engineering, roadway and intersection design, traffic signalization analysis, and traffic signal plans. He has been responsible

for major transportation planning and operational studies, roadway and land development project construction plans, impact fee studies, expert witnesses, and governmental review services. Walter is both a Registered Professional Florida Engineer and a Certified Planner.

RAFAEL LAGOS, PE (M) will lead **Utility Coordination**. He with more than 30 years of civil engineering design experience in several disciplines, such as structures, roadway design, plans production, traffic control design, permitting, and utility coordination. In addition, Rafael is highly proficient in ADA and complex geometric design and has served in various leadership roles in highway design production and project management.

HAROLD PANTALEON (M) will lead **Data Collection**. Harold has 12 years of experience in traffic engineering, freight, GIS, transportation planning, and construction supervision. He compiles, processes, and analyzes data and results, performs quality control analysis, generates data graphs and reports using Jamar Technologies Software, conducts calibration of data collection equipment and vehicles, and collaborates with engineers assisting in fieldwork such as field reviews, collecting project information and on-site pictures, and surveying. Harold is an FAA Part 107 Certified UAV Pilot. Harold is proficient in developing data collection studies and analyses such as classification/truck count trends, origin/destination, turning movement counts, spot speed studies, approach counts, gap, travel time and delay, and crash analyses.

KEVIN BECK, PSM (M) will lead **Surveying Services**. Kevin brings more than 38 years of extensive experience in all types of surveying projects, including boundary, topographic, sectional breakdown, as-built/record, land development and platting, right-of-way surveys and maps, specific purpose surveys, construction layout, and preparation of control surveys as well as sketch and descriptions used for the conveyance of real property and the creation of easements.

ROBERT PAPOCCHIA, AIA (S) will be leading **Architectural Services**. Robert is an architect with more than 25 years of experience overseeing multidisciplinary designs for major transportation projects nationwide. He works collaboratively with clients, design architects, and engineers to develop technical solutions consistent with overall project goals for a variety of rail, bus, and intermodal facilities, as well as for major infrastructure and civil works projects. Robert is highly skilled at managing architectural design teams from initial concepts through development of construction documents, providing seamless integration with engineering disciplines, and coordinating with numerous stakeholders and regulatory agencies ..

MIGUEL JUNCAL, RLA, CA (ML) will be leading **Landscape Design** Miguel is a Landscape Architect and Certified Arborist focused on a variety of public and private landscape architecture projects including roadway landscaping and irrigation, active and passive park landscape design, higher educational facilities as well as residential and commercial projects. Certified Arborist services include: tree species identification and inventories, tree surveys and canopy mapping, destroyed/damaged tree assessments, tree value estimates, tree grading, tree species selection for planting, mangrove trimming oversight and tree permitting.

LARRY SCHMALTZ, PE, GC (N) will be leading **Environmental Services**. Larry has over 40+ years' experience in engineering and construction management with the past twenty-nine years devoted to the hazardous materials industry. His experience includes project operations management, personnel management, development of site contamination assessments and remedial action plans, preparation of remediation reports, solid waste engineering, construction materials reports, indoor air quality reports, and asbestos reports. He further regularly consults on regulatory compliance matters.

H. ADDITIONAL INFORMATION

30. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE AGENCY. ATTACH ADDITIONAL SHEETS AS NEEDED.

VICTOR DIAZ, PE (F) will be leading **Contract Administration/ CEI**. Victor has over 14 years' experience in the engineering industry specifically in drainage construction on limited access facilities and urban setting, construction engineering inspection, construction management and project documentation. His experience includes being a Project Manager, Project Administrator, Contract Support Specialist (CSS) and Senior Roadway Inspector in projects ranging from small urban setting drainage projects to large scale \$220+ millions projects.

SANDRO MALDONADO, PE (N) **Building/Threshold and Material Inspections**. Sandro has over 19 years of experience. He serves as a Laboratory Supervisor and as Project Engineer supervising and qualifying special and quality assurance structural inspections, structural plan reviews and manages threshold inspections similar to inspecting routine structural building elements, including foundations, post-tension slabs, masonry construction, reinforcements, concrete, geotechnical elements, soils, balconies, stairs and corridors. In addition to providing mandatory inspections, he also reviews the quality of installation and workmanship of various components and systems to ensure proper installation was completed in accordance with good construction practices.

Approval Date: May 31, 2023 Small Business Enterprise - Architectural & Engineering (SBE-A&E)
Expiration Date: May 31, 2026

Dear TOMAS RUIZ,

Miami-Dade County Small Business Development (SBD), a division of the Internal Services Department (ISD), has completed the review of your application and attachments submitted for certification. Your firm is officially certified as a Miami-Dade County Small Business Enterprise. The Small Business Enterprise (SBE) programs are governed by Sections 2-8.1.1.1.1; 2-8.1.1.1.2; 2-10.4.0.1; 10-33.02 of Miami-Dade County's Codes. This Small Business Enterprise - Architectural & Engineering (SBE-A&E) certification is valid for three (3) years. However, to validate continuing eligibility, SBD may conduct random audits within the three (3) year certification period. Failure to provide required documentation for a random audit will initiate the decertification process.

At the time of expiration, your firm will submit a Re-certification Application at least one hundred and eighty (180) days, but not less than ninety (90) days, prior to the end of the three (3) year certification term via the County's web-based system, Business Management Workforce System (BMWS). This will ensure sufficient time for process by SBD. Failure to provide the re-certification application and required supporting documentation will initiate the decertification process.

If at any time there is a material or business structure change in the firm including, but not limited to, ownership, officers, director, scope of work being performed, daily operations, affiliations(s) with other businesses or the physical location of the firm, you must notify this office within thirty (30) calendar days of the effective date of the change(s) via the BMWS. Notification should include supporting documentation. You will receive timely instructions from this office as to how you should proceed, if necessary. Failure to notify SBD of any changes may result in immediate action to decertify the firm.

This letter will be the only approval notification issued for the duration of your firm's three-year certification. If the firm attains graduation or becomes ineligible during the three-year certification period, you will be properly notified following an administrative process that your firm's certification has been removed pursuant to the code. Your firm's name and tier level will be listed in the directory for all SBE certified firms, which can be accessed through Miami-Dade County's SBD website: <https://www.miamidade.gov/global/business/smallbusiness/home.page>. The categories as listed below affords you the opportunity to bid and participate on contracts with Small Business Enterprise measures.

It is strongly recommended that you register your firm as a bidder with Miami-Dade County. To register, you may visit: <https://www.miamidade.gov/global/business/procurement/home.page>. Thank you for your interest in doing business with Miami-Dade County. If you have any questions or concerns, you may contact our office at 305-375-3111 or via email at sbdcert@miamidade.gov.

Sincerely,

Jeanne Cummings-Labossiere
Section Chief, Small Business Development

Dear Luis Silva,

Miami-Dade County Small Business Development (SBD), a division of the Internal Services Department (ISD), is pleased to notify you that your firm is certified under the Florida Unified Certification Program (UCP). Your firm meets the eligibility requirements for certification as a Disadvantaged Business Enterprise (DBE) in accordance with 49 CFR Part 26.

DBE certification is continuous with no expiration date; however, firms are required to attest that there are no changes via the No Change Declaration form on or before the firm's anniversary date to remain certified. You will be notified of your annual responsibilities in advance of the Anniversary Date listed above. You must submit the annual No Change Declaration form no later than the Anniversary Date to maintain your eligibility. Your firm will be listed in the UCP DBE Directory which can be accessed through the Florida Department of Transportation's website: <http://www3b.dot.state.fl.us/EqualOpportunityOfficeBusinessDirectory/>.

DBE certification is NOT a guarantee of work, but it enables the firm to compete for and perform contract work on all USDOT Federal Aid (FAA, FTA and FHWA) projects in Florida as a DBE contractor, sub-contractor, consultant, sub-consultant or material supplier.

If at any time there is a material change in your firm, you must advise this office by sworn affidavit and supporting documentation within thirty (30) days. Changes include, but are not limited to ownership, officers, directors, management, key personnel, scope of work performed, daily operations, on-going business relationships with other firms, individuals or the physical location of your firm. After our review, you will receive instructions as to how you should proceed, if necessary. Failure to comply will result in action to remove your firm's DBE certification.

Approval Date: September 14, 2021 Small Business Enterprise - Architectural & Engineering (SBE-AE)
Expiration Date: September 30, 2024

Dear Luis Silva,

Miami-Dade County Small Business Development (SBD), a division of the Internal Services Department (ISD), has completed the review of your application and attachments submitted for certification. Your firm is officially certified as a Miami-Dade County Small Business Enterprise. The Small Business Enterprise (SBE) programs are governed by Sections 2.8, 1.1, 1.2, 2.6, 1.1, 1.2, 2.6, 4.0, 1.1, 1.3, 3.2 of Miami-Dade County's Codes. This Small Business Enterprise - Architectural & Engineering (SBE-AE) certification is valid for three (3) years. However, to validate continuing eligibility, SBD may conduct random audits within the three (3) year certification period. Failure to provide required documentation for a random audit will initiate the decertification process.

At the time of expiration, your firm will submit a recertification Application at least one hundred and eighty (180) days, but not less than, ninety (90) days, prior to the end of the three (3) year certification term via the County's web-based system, Business Management Workforce System (BMWS). This will ensure sufficient time for process by SBD. Failure to provide the recertification application and required supporting documentation will initiate the decertification process.

If at any time there is a material or business structure change in the firm including, but not limited to, ownership, officers, director, scope of work being performed, daily operations, affiliations with other businesses or the physical location of the firm, you must notify this office within thirty (30) calendar days of the effective date of the change(s) via the BMWS. Notification should include supporting documentation. You will receive timely instructions from this office as to how you should proceed, if necessary. Failure to notify SBD of any changes may result in immediate action to decertify the firm.

This letter will be the only approval notification issued for the duration of your firm's three-year certification. If the firm attains graduation or becomes ineligible during the three-year certification period, you will be properly notified following an administrative process that your firm's certification has been removed pursuant to the code. Your firm's name and tier level will be listed in the directory for all SBE certified firms, which can be accessed through Miami-Dade County's SBD website: <https://www.miamidade.gov/isd/business/smallbusiness/home-page>. The categories as listed below affords you the opportunity to bid and participate on contracts with Small Business Enterprise measures.

It is strongly recommended that you register your firm as a bidder with Miami-Dade County. To register, you may visit: <https://www.miamidade.gov/bid/bidbusinessopportunities/home-page>. Thank you for your interest in doing business with Miami-Dade County. If you have any questions or concerns, you may contact our office at 305-375-3111 or via email at sdbs@miamidade.gov.

Sincerely,

Dear Ms. Curtis:

The Florida Department of Transportation has reviewed your application for prequalification package and determined that the data submitted is adequate to technically prequalify your firm for the following types of work:

Group 15 - Landscape Architect

Your firm is now technically prequalified with the Department for Professional Services in the above referenced work types. Your firm may pursue projects in the referenced work types with fees estimated at less than \$500,000.00.* This status shall be valid until April 11, 2024, for contracting purposes.

*Limit for FDOT projects only

On the basis of self-certification materials submitted, the rates listed below represent the costs the Department has accepted.

Approved Rates				
Home/Branch Overhead	Facilities Capital Cost of Money	Premium Overtime	Reimburse Actual Expenses	Home Direct Expense
143.66%*	0.003%	Excluded	No	0.00%

*For multi-year contracts, DOT has adjusted the overhead rates to mitigate the adverse impacts of Payroll Protection Program loan forgiveness. For information on the adjusted overhead rates, contact the district Procurement Office.

Per Title 23, U.S. Code 112, there are restrictions on sharing indirect cost rates. Refer to Code for additional information.

Should you have any questions, please feel free to contact me by email at carliayn.kell@dot.state.fl.us or by phone at 850-414-4597.

Dear Aida Curtis,

Miami-Dade County Small Business Development (SBD), a division of the Internal Services Department (ISD), has completed the review of your application and attachments submitted for certification. Your firm is officially certified as a Miami-Dade County Small Business Enterprise. The Small Business Enterprise (SBE) programs are governed by Sections 2-8.1.1.1.1; 2-8.1.1.1.2; 2-10.4.01; 10-33.02 of Miami-Dade County's Codes. This Small Business Enterprise - Architectural & Engineering (SBE-A&E) certification is valid for three (3) years. However, to validate continuing eligibility, SBD may conduct random audit(s) within the three (3) year certification period. Failure to provide required documentation for a random audit will initiate the decertification process.

At the time of expiration, your firm will submit a Re-certification Application at least one hundred and eighty (180) days, but not less than, ninety (90) days, prior to the end of the three (3) year certification term via the County's web-based system, Business Management Workforce System (BMWS). This will ensure sufficient time for process by SBD. Failure to provide the re-certification application and required supporting documentation will initiate the decertification process.

If at any time there is a material or business structure change in the firm including, but not limited to, ownership, officers, director, scope of work being performed, daily operations, affiliations(s) with other businesses or the physical location of the firm, you must notify this office within thirty (30) calendar days of the effective date of the change(s) via the BMWS. Notification should include supporting documentation. You will receive timely instructions from this office as to how you should proceed, if necessary. Failure to notify SBD of any changes may result in immediate action to decertify the firm.

This letter will be the only approval notification issued for the duration of your firm's three-year certification. If the firm attains graduation or becomes ineligible during the three-year certification period, you will be properly notified following an administrative process that your firm's certification has been removed pursuant to the code. Your firm's name and tier level will be listed in the directory for all SBE certified firms, which can be accessed through Miami-Dade County's SBD website: <https://www.miamidade.gov/global/business/smallbusiness/home.page>. PUBLIC ENTITY CRIMES SWORN STATEMENT
SECTION 287.133(3)(a) FLORIDA STATUTES

I, the undersigned affiant, swear or affirm that:

1. I am an agent of the below-named company ("Contractor") authorized to make the statements contained in this affidavit on behalf of the Contractor.
2. This sworn statement is submitted to the City of Doral by the below named affiant on behalf of the Contractor, whose business address is 6840 NW 77th Court, Miami, FL 33166 and who was the following taxpayer identification number: 65-0279601
(utilize FEIN for entity and Social Security number if for individual)
3. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any Bid or Contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
4. I understand that "convicted" or "conviction" as defined in Para. 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
5. I understand that an "affiliate" as defined in Para. 287.133(1)(a), Florida Statutes, means:
 - A predecessor or successor of a person convicted of a public entity crime; or
 - Any entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executors, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prime facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.
6. I understand that a "person" as defined in Para. 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding Contract and which Proposals or applies to Bid on Contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "persons" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of any entity
7. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. (Indicate which statement applies.)

Exhibit A – Required Submission Forms

Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. (Attach a copy of the final order.)

8. I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE CITY OF DORAL IS FOR THE CITY OF DORAL ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE CITY OF DORAL PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

I hereby declare under penalty of perjury that the foregoing representations are true and correct.

FEDERAL GRANT TERMS AND CONDITIONS

One or more Work Orders issued under this Contract may involve the purchase of materials or services which will be acquired via funding that is received in whole or in part by Federal Grants. Accordingly, in the event Federal Grant funding is utilized in connection with the purchase of goods or services contemplated in the solicitation, the following terms and conditions shall be considered a part of the solicitation and resulting award and the Proposer accepts and acknowledges that it is and will continue to be in compliance with said terms and conditions for the term of the award:

1. EQUITABLE ADJUSTMENT

The Procurement Department may, in its sole discretion, make an equitable adjustment in the contract terms and/or pricing if pricing or availability of supply is affected by extreme or unforeseen volatility in the marketplace, that is, by circumstances that satisfy all the following criteria: (1) the volatility is due to circumstances beyond the CONSULTANT's control, (2) the volatility affects the marketplace or industry, not just the particular contract source of supply, (3) the effect on pricing or availability of supply is substantial, and (4) the volatility so affects the CONSULTANT that continued performance of the contract would result in a substantial loss. CONSULTANT might have to supply documentation to justify any requested percentage increase in cost to the City of Doral.

2. NON-APPROPRIATION OF FUNDS

In the event no fund or insufficient funds are appropriated and budgeted or are otherwise unavailable in any fiscal period for payments due under this contract, then the City, upon written notice to the CONSULTANT or his assignee of such occurrence, shall have the unqualified right to terminate the contract without penalty or expense to the City. No guarantee, warranty or representation is made that any project(s) will be awarded to any firm(s).

3. SUBCONTRACTORS OF WORK SHALL BE IDENTIFIED

As part of the ITQ, the Bidders are required to identify any and all Subcontractors that will be used in the performance of this proposed contract, their capabilities, experience, minority designation, as defined in Ordinance 10062 and the portion of the work to be done by the Subcontractor. Failure to identify any and all subcontractors in the Bid shall render the Bid non-responsive, unless the CONSULTANT submits this documentation to the City within five (5) working days after the bid opening.

The CONSULTANT shall not, at any time during the tenure of the contract, subcontract any part of his operations or assign any portion or part of the contract, to Subcontractor(s) not originally mentioned in their Bid, except under and by virtue of permission granted by the City through the proper officials.

Nothing contained in this specification shall be construed as establishing any contractual relationship between any Subcontractor(s) and the City. The CONSULTANT shall be fully responsible to the City for the acts and omissions of the Subcontractor(s) and their employees, as for acts and omissions of persons employed by the CONSULTANT.

4. DAVIS-BACON ACT

Federally assisted construction contracts must adhere to Davis-Bacon Act wages and benefits rate schedules. Each Bidder shall use the Federal Wages reflected in Wage General Decision Number- FL 180260 01/12/2018 FL260 in developing its bid for this project. The selected bidder/contractor shall be required to provide certified payroll records documenting the work performed on this project. Wage General Decision Number- FL 180260 01/12/2018 FL260 can be found in the Header/Attachment Section under Attachment A.

5. COMPLIANCE WITH THE COPELAND "ANTI-KICKBACK" ACT

- 1) The Contractor shall comply with 18 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- 2) The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as the FEMA may be appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
- 3) A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a Contractor and subcontractor as provided in 29 C.F.R. § 5.12.

6. COMPLIANCE WITH THE CONTRACT WORK HOURS & SAFETY STANDARDS ACT

- 1) Overtime Requirements: No Contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty (40) hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one half time the basic rate of pay for all hours worked in excess of forty (40) hours in such workweek.
- 2) Violation; liability for unpaid wages; liquidated damages: In the event of any violation of the clause set forth in paragraph (1) of this section, the Contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in case of the work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty (40) hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.
- 3) Withholding for unpaid wages and liquidated damages: The City of Doral shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same Contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.
- 4) The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontract. The Contractor shall be responsible for compliance by any subcontractor or

lower tier subcontractor with the clauses set forth in paragraph (1) through (4) of this section.

7. PARTS AT PASS-THROUGH COST (FOR REPAIRS OUTSIDE THE SCOPE OF WORK)

All cost for parts required for repair jobs and not otherwise included in the scope of work shall be billed at the CONSULTANT's actual cost, and will be passed on to the City without markup or any additional fees. The CONSULTANT shall submit purchase receipt of parts along with the labor invoice for payment.

The CONSULTANT shall be responsible for sourcing all parts necessary to complete the work requirements of each job specification. Replacement parts furnished must be of the same manufacturer or an equal product. All equipment and materials shall be commercial quality and grade, and be from a regular product line. Prototype, obsolete, and residential quality/grade equipment/materials shall not be specified or installed in the facilities.

8. NOTIFICATION TO PERFORM WORK

The CONSULTANT shall notify the CONSULTANT when an employee is on the property and for what purpose.

9. BACKGROUND CHECKS

The CONSULTANT shall be required to comply with the background screening specifications as listed in the Jessica Lunsford Act, Florida Statue § 1012-32.

The law requires that before contract personnel are permitted access on grounds when children are present, or if they will have direct contact with children, or have access to or control of school funds, they must have completed Level Two (2) screening requirements.

Prior to commencement of the project, the CONSULTANT shall provide Level Two (2) background screening results for all employees completing the work on park grounds.

10. EQUAL EMPLOYMENT OPPORTUNITY

During the performance of any resulting contract from an ITQ, the Contractor agrees as follows:

- 1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and the employees are treated during employment without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
- 2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.

- 3) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- 4) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- 5) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- 6) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of
- 7) September 24, 1965, and such other sanctions as may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- 8) The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or order of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

11. CLEAN AIR ACT

- 1) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.
- 2) The Contractor agrees to report each violation to the City of Doral and understands and agrees that the City of Doral will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
- 3) The Contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

12. FEDERAL WATER POLLUTION CONTROL ACT

- 1) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C.1251 et seq.
- 2) The Contractor agrees to report each violation to the City of Doral and understands and agrees that the City of Doral will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
- 3) The Contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

13. NO OBLIGATION BY FEDERAL GOVERNMENT

The Federal Government is not a party to this contract and is not subject to any obligation or liabilities to the non-Federal entity, Contractor, or any other party pertaining to any matter resulting from the contract.

14. PROGRAM FRAUD & FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

15. BYRD ANTI-LOBBYING AMENDMENT, 31 U.S.C. § 1352 (AS AMENDED)

Bidders who bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer, or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that take place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient.

Please refer to each ITQ for Federally Funded projects for the "Certification Regarding Lobbying" attachment. It is MANDATORY for the Bidders to return this form signed along with their bid.

16. PROCUREMENT OF RECOVERED MATERIALS

- 1) In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired;
 - a. Competitively within a timeframe providing for compliance with the contract performance schedule;
 - b. Meeting contract performance requirements; or
 - c. At a reasonable price.
- 2) Information about this requirement, along with the list of EPA-designate items, is available at EPA's Comprehensive Procurement Guidelines web site, <https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program>.

17. DHS, SEAL, LOGO, AND FLAGS

The Contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

18. COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS

This is an acknowledgement that FEMA financial assistance will be used to fund this contract only. The Contractor will comply with all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives.

19. ACCESS TO RECORDS

- 1) The Contractor agrees to provide the City of Doral, the FEMA Administrator, the Comptroller General of

the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

- 2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
- 3) The Contractor agrees to provide the FEMA Administrator or his authorized representatives' access to construction or other work sites pertaining to the work being completed under the contract.

20. SUSPENSION AND DEBARMENT

- 1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the Contractor is required to verify that none of the Contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
- 2) The Contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.
- 3) This certification is a material representation of fact relied upon by City of Doral. If it is later determined that the Contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the State of Florida, and the City of Doral, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
- 4) The Contractor agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The Contractor further agrees to include a provision requiring such compliance in its lower tier covered transactions.
