	I've received a response from the HOA Neighbourhood where I've inquired about parking space assignments and I've challenged how the parking spots are assigned as it seems discriminatory for certain residents and we've sent a petition, a bunch of residents and Urbana buildings, and we received the answer which says basically that the parking spot is now being assigned to a deed and it cannot be changed/reassigned. I'm trying to find a source and validation of this information so when I see the parking spot being assigned to my property/deed therefore I'm inquiring about my own property to confirm that is actually true to find that correlation.
