

Memorandum

Date: September 11, 2024

To: Honorable Mayor and Councilmembers

From: Rey Valdes
City Manager

Department: Carlos Arroyo
Public Works Director

Subject: **Authorization for Auction of City Vehicles**

Introduction

The Public Works Department (PWD) respectfully requests authorization from the Mayor and the City Councilmembers for the City Manager to auction surplus vehicles listed in Exhibit "A", through the contract with Bidera, LLC adopted by the City of Doral via Resolution No. 19-137

Background

In order to maintain an adequate and efficient fleet size that can provide the City with the proper level of service, the Fleet Maintenance Division recommends the auction of City vehicles that are no longer needed or in use. This recommendation is based on a life cycle analysis, industry standards, and cost-effective repairs. To achieve the optimal use of every vehicle and equipment, the Fleet Maintenance Division suggests the adequate time to surplus vehicles or equipment with the understanding of the needs of each City department, and the goal of reducing capital investment while still being able to complete the required responsibilities and tasks.

The City vehicles to be auctioned through this contract are being auctioned as a result of vehicle age, mileage, engine hours, maintenance costs, and department's vehicle need. The vehicles listed on Exhibit "A" are ready to be auctioned by Bidera LLC due to one or a combination of the reasons stated above. All City decals, logos, and equipment will be removed from each vehicle listed. A total of 13 vehicles and additional equipment will be auctioned.

The process of vehicle surplus allows the City to recoup money while the vehicle has a commercial value.

Procurement

On June 12, 2019, the Mayor and City Councilmembers approved Resolution No. 19-137 (approved 5-0) adopting the Surplus Auction Services contract between the City of North Miami and Bidera, LLC. All revenue funds received from the sale of surplus items will be deposited into the City's Miscellaneous Revenue Account, Account No. 001.50005.369100.

Fiscal Impact:

There is no fiscal impact associated with this request.

Strategic Plan Alignment

This request aligns with the Exceptional Service initiative included in the City's Strategic Plan.

Recommendation

The City Staff respectfully requests authorization from the Mayor and City Councilmembers to authorize the City Manager to phase-out the vehicles included in Exhibit "A", sign each vehicle title, and proceed with the auction of the vehicles.
