ChargePoint Partner to install the station on the prepared site and perform a Site Validation. This includes validating that the electrical capacity, transformers, panels, breakers, wiring, cellular coverage and station installation all meet ChargePoint published requirements and local codes. Upon successful Site Validation, the customer will be eligible to obtain warranty coverage under a ChargePoint Maintenance plan, sold separately. Note, a failed Site Validation will incur a second validation fee to repeat the validation after the site deficiencies are corrected. Priced per CP6000 station.
